Mexico Beyond Nafta Perspectives For The European Debate:

Mexico Beyond NAFTA Martin Puchet Anyul, Lionello F Punzo, 2001-05-17 With European Monetary Union well underway Europe is starting to look at nearby countries and culturally closer continents to define its strategies for the future In this book chapters by leading Mexican economists are matched with reactions from European colleagues They offer a novel viewpoint on the critical assessment of the North American F *Mexico Beyond NAFTA* Martin Puchet Anyul, Lionello F Punzo, 2001-05-17 With chapters by leading Mexican economists matched by reactions from European colleagues this book offers a novel viewpoint on the North American Free Trade Area NAFTA process **Beyond the Global Crisis** Lionello Punzo, Carmem Feijo, Martin Puchet Anyul, 2012-05-16 The book aims at offering a comparative multi perspective analysis of the different at times parallel at times with varying degrees of interdependence macroeconomic and structural adjustments in the two continents against the backdrop of important processes of regional integration Its reading offers a multifaceted appreciation of the reality emerging from the mixing up of longer run tendencies deepened by the brute force of the financial and then industrial crisis North American Regionalism and Global Spread I. Hussain, R. Dominguez, 2015-02-19 Was the 1993 North American Free Trade Agreement NAFTA designed as a definitive trade agreement or as a stepping stone This book reviews NAFTA s performances on trade investment intellectual property rights dispute settlement as well as environmental and labor side agreements within a theoretical construct The Transnationalization of Economies, States, and Civil Societies Laszlo Bruszt, Ronald Holzhaacker, 2009-08-21 This book brings together the study of transnationalization in three institutional fields civil society state and the economy It also extends the research of processes of transnationalization to evolving new democracies and emerging market economies National Currencies and Globalization Paul Bowles, 2007-12-11 Pt 1 Globalization and national currencies pt 2 Case studies of four systemically significant currencies pt 3 Conclusion **Global Themes and Local Variations in Organization and Management** Gili S. Drori, Markus A. Höllerer, Peter Walgenbach, 2013-07-24 Global Themes and Local Variations in Organization and Management Perspectives on Glocalization offers a broad exposition of the relations between the global and the local with regard to organizational and managerial ideas practices and forms This edited volume forges ahead to capture the complexity of modern management and organization that results from the processes of glocalization Universality is among the core underlying principles of the management of organizations as well as of organization and management science itself Yet reality reveals enormous variation across social and cultural contexts For instance multinational corporations must adjust their management practices to adhere to national regulation and local standards manufacturers and service providers routinely tailor their products to suit the local preferences of consumers and non profit organizations amend their advocacy agenda to appeal to local sentiments The work assembled here goes beyond merely describing such patterns of variation and adaptation in organization and management research and commentary engage directly with the tensions between

homogeneity and heterogeneity convergence and divergence global and local With contributions from leading scholars in the field of comparative organization studies this collection offers a substantive contribution to the investigation of organization and management as well as providing a valuable resource for students of organization studies international business and sociology

New Issues in Regional Monetary Coordination Martina Metzger, 2005-11-29 This book argues for a new conceptual framework that analytically distinguishes between North South monetary coordination which involves an international key currency and South South arrangements between economies all marked by external indebtedness and the resulting macroeconomic instabilities original sin In this light the book analyzes different types of monetary coordination ranging from ad hoc exchange rate policy agreements to projects of a common supranational currency and it examines selected regional cases in Eastern Europe North and South America Africa and Asia

Developing Innovation Systems Mario Cimoli, 2013-09-05 Mexico provides a case study of a cornerstone economy in the development of the hemispheric free trade zone in the Americas an adjusting economy which has been integrated into uneven economies Canada and the US This volume examines the Mexican economy and its attempt to develop an innovation system providing an example of the dynamics that are of concern to evolutionary economists

Governing under Stress Marjorie Griffin Cohen, Stephen Clarkson, 2013-07-04 This volume is the first work to emerge from a major international comparative research project exploring the political economy of globalization This interdisciplinary team of scholars is focusing on the semi periphery of world power Whether defined in social cultural economic or simply spatial terms semi peripheral countries share two qualities they are conscious of their subordination to the hegemonic powers at the centre of the global system the United States and the European Union they are also strong enough to have some ability to resist their domination The structural position of these middle powers in global capitalism is unlike those countries at the centre that do not experience domination and different from those Third World countries on the periphery that have no means to achieve more cultural and political autonomy more distinctive and diversified development or greater social equity and better income redistribution Four countries in North America Central America Europe and the Antipodes namely Canada Mexico Norway and Australia have been selected in order to explore the complexities of globalization from the perspective of the semi periphery Opening chapters examine the international institutions including the North America Free Trade Agreement the World Trade Organization and the European Union which now amount to a quasi constitutional conditioning framework for middle powers under globalization In the second part contributors detail the pressures with which these countries have to cope and consider their ability to pursue policies appropriate to the needs and democratically defined goals of each And in the concluding part after discussing the new economic political and social issues of governing under stress they appraise the possibilities for middle powers to chart distinctive national courses in the face of globalization's constraining challenge
