Instrument Brian F. Wright, 2024-07-03 *The Bastard Instrument* chronicles the history of the electric bass and the musicians who played it from the instrument's invention through its widespread acceptance at the end of the 1960s. Although their contributions have often gone unsung, electric bassists helped shape the sound of a wide range of genres including jazz, rhythm blues, rock, country, soul, funk, and more. Their innovations are preserved in performances from artists as diverse as Lionel Hampton, Liberace, Elvis Presley, Patsy Cline, the Supremes, the Beatles, James Brown, Bob Dylan, Aretha Franklin, Jefferson Airplane, and Sly and the Family Stone, all of whom are discussed in this volume. At long last, *The Bastard Instrument* gives these early electric bassists credit for the significance of their accomplishments and demonstrates how they fundamentally altered the trajectory of popular music.

Ski, 1984-12 **Before Elvis** Larry Birnbaum, 2012-12-14 An essential work for rock fans and scholars. *Before Elvis: The Prehistory of Rock n Roll* surveys the origins of rock n roll from the minstrel era to the emergence of Bill Haley and Elvis Presley. Unlike other histories of rock, *Before Elvis* offers a far broader and deeper analysis.

of the influences on rock music Dispelling common misconceptions it examines rock s origins in hokum songs and big band boogies as well as Delta blues detailing the embrace by white artists of African American styles long before rock n roll appeared This unique study ranges far and wide highlighting not only the contributions of obscure but key precursors like Hardrock Gunter and Sam Theard but also the influence of celebrity performers like Gene Autry and Ella Fitzgerald Too often rock historians treat the genesis of rock n roll as a bolt from the blue an overnight revolution provoked by the bland pop music that immediately preceded it and created through the white appropriation of music till then played only by and for black audiences In Before Elvis Birnbaum daringly argues a more complicated history of rock s evolution from a heady mix of ragtime boogie woogie swing country music mainstream pop and rhythm and blues a melange that influenced one another along the way from the absorption of blues and boogies into jazz and pop to the integration of country and Caribbean music into rhythm and blues Written in an easy style Before Elvis presents a bold argument about rock s origins and required reading for fans and scholars of rock n roll history *Insight Guides: Colorado* Insight Guides,2014-05-01 Insight Guides Inspiring your next adventure Inside Insight Guide Colorado Soaring mountains world class skiing dude ranches and vibrant cities lure travellers to Colorado America s alpine heartland Whether you re interested in outdoor sports or heritage tourism the new edition of Insight Guide Colorado provides both practical advice and a wealth of inspiration to help you plan the perfect trip This comprehensive full colour guide is full of inspiring travel ideas with fascinating coverage of both the state s culture including cowboys heritage tourism and ghost towns and places to visit such as forward looking Boulder chic Aspen the stunning landscapes of Rocky Mountain National Park and the pueblos of Mesa Verde The Best of Colorado section gives you our pick of the state s top attractions while vivid photography brings the dramatic landscapes to life All major sights are cross referenced with full colour maps and the travel tips section provides essential information on how to organise your trip plus our selection of the best hotels and restaurants About Insight Guides Insight Guides has over 40 years experience of publishing high quality visual travel guides We produce around 400 full colour print guide books and maps as well as picture packed eBooks to meet different travellers needs Insight Guides unique combination of beautiful travel photography and focus on history and culture together create a unique visual reference and planning tool to inspire your next adventure

Chasing the Moon - The Journey, Volume Two Carole I. Hardaway,2006-07-08 Main character Cheryl Hilliard s exciting adventure continues as the author explores the stark differences between Cheryl s late teen and early adult years in the provocative second volume of the Chasing the Moon series This volume reaches to the highest peaks and deepest depths of Cheryl s journey through life As you walk with her and contrast your life with Cheryl s you ll find readily identifiable similarities and objectionable even abominable differences But at the end you ll be glad you made the journey **U2** David Kootnikoff,2009-12-30 This is the story of the phenomenally popular critically acclaimed Irish band from its Dublin beginnings to the present U2 A Musical Biography tells the story of the phenomenally popular Irish rock band whose

passionate songs and performances have taken them from their Dublin upbringing to the Rock and Roll Hall of Fame all with the band's original foursome of Bono, The Edge, Larry Mullen, and Adam Clayton intact. U2 follows the band from the early talent show victory that got them their first recording contract to their 1987 worldwide breakout with *The Joshua Tree* and the string of critically acclaimed albums and sold-out stadium and arena tours that followed. As the story of U2 unfolds, readers will get a sense of the strong interpersonal bonds and deep-rooted Christian faith that have kept the band together for over three decades. The book also highlights the group's ongoing commitment to supporting a variety of human rights causes worldwide.

Unbecoming a Priest Anthony Bartlett, 2023-06-02 Tony Bartlett's story is thrillingly upside down. Rather than the classic conversion narrative of escaping the world to dedicate your life to God, it is about escaping a collapsing institutional order to discover a different self and learning to be in the world. An extraordinary account with pivotal themes of sexuality, trauma, revolution, and relationship. *Unbecoming a Priest* spans eras, classes, continents, cities, wars, iconic figures, spiritualities, and above all, divergent modes of Christian being in the world. From London to Rome, from Europe to Latin America, journeying with exceptional fellow pilgrims like Mother Teresa, Pedro Casaldaliga, Carlo Carretto, it is a story of pain and messiness becoming ultimately one of joy, life, and meaning. Subtly but surely, the journey is also gospel-inspired, where the figure of Jesus takes on a provocative, anarchic role, helping in the overturning of sacrificial clichés and systems. Inevitably at stake is the meaning of priesthood itself, either propping up an eternal order amidst history's escalating crisis or seeking with others the germ of authentic new human becoming and hope. Here is the inescapable drama and contemporary truth of unbecoming a priest.
