Frequently cited as the number one fear among business executives, public speaking doesn't make anyone a better speaker and come naturally to most people. Pitching an idea, presenting a product, or presenting a program doesn't have to be a stomach-clenching experience to be struggled through. It can be an opportunity to relish and a chance to shine in front of a group. Whether you are selling an idea to two colleagues in a conference room or presenting a major corporate strategy to a ballroom filled with shareholders, the key to success is a clear, confident, memorable presentation. With *The 7 Principles of Public Speaking*, Richard Zeoli makes the common-sense, gimmick-free program he's offered to business leaders and political candidates available to everyone. Whether you are looking to position yourself as an industry expert, extend your sphere of influence, or gain the support and backing of vital constituencies, *The 7 Principles of Public Speaking* will give you the tools you need to achieve your goal. If you are a polished professional, it will help you hone your skills. If you are a novice communicator, it will help you overcome obstacles and convey your message with confidence, poise, and persuasiveness.
