Rudolf Steiner In Selbstzeugnissen Und Bilddokumenten:

Rudolf Steiner Johannes Steiner, 1978 **Rudolf Steiner in Selbstzeugnissen und Bilddokumenten** Johannes Hemleben, 1973 *Rudolf Steiner in Selbstzeugnissen und Bilddokumenten* Johannes Hemleben, 1980 *Rudolf Steiner* Christoph Lindenberg, Rudolf Steiner, 1992 Einführung in Leben und Werk des Begründers von Anthroposophie und Waldorfpädagogik 1861-1925 mit Selbstzeugnissen und Bilddokumenten **Rudolf Steiner** Heiner Ullrich, 2014-10-23 Rudolf Steiner is one of the most controversially judged educational reformers of the twentieth century. Although he received little recognition within his field, his educational thought has had a sustained and profound influence not only in the development of the Waldorf Schools but also in healing, socially therapeutic work, psychosomatic medicine, biological dynamics, agriculture, corporate organisation, fine arts, and architecture. Heiner Ullrich paints a concise and well-grounded portrait of the creator of the anthroposophic doctrine and Waldorf pedagogy. The text describes a wide arc from the intellectual biography of Rudolf Steiner across his basic ideas on human development and education to include discussion of the organisation, curriculum, methods, and success of the Waldorf Schools. *The Development of Anthroposophy since Rudolf Steiner's Death* T.H. Meyer, Paul V. O'Leary, 2014-11-01 This volume begins with Thomas Meyer's assessment of Anthroposophy's evolution since Rudolf Steiner's death and its future prospects. He offers an overview of the eighty-seven years of the development of the anthroposophic movement and the Anthroposophical Society, the worldwide organization headquartered in Dornach, Switzerland, since the death of its founder. The Society went through a very difficult and controversial period in the ten years following Steiner's death, which culminated at its Annual Meeting in 1935. The result was the expulsion from the Society of two members appointed by Rudolf Steiner to its Executive Board, Vorstand Ita Wegman and Elizabeth Vreede, as well as the British and Dutch branches of the Society and many important anthroposophists who opposed the expulsions. Meyer, whose many books include *Rudolf Steiner's Core Mission*, reveals the extraordinary concordance of four November 17 dates highly significant in the development of Anthroposophy. On November 17, 1901, the anniversary of the founding of the Theosophical Society in 1875, Marie von Sivers asked Rudolf Steiner to create an esoteric path suited to the Western mind, which set Steiner on his mission. On November 17, 1923, Ita Wegman urged Steiner to establish a new Society with Steiner himself joining as both a member and its president. Twelve years later, on November 17, 1935, the remaining three individuals of the Executive Board wrote to Adolf Hitler to plea for the Society's continued existence in Germany after being banned in Germany by the Nazi regime. Profound connections underlie these events. Four appendices supplement the present volume. Appendix 1 presents a Chronology that denotes by year and day significant episodes in Steiner's life and in the development of Anthroposophy. The remaining appendices feature for the first time in English in one volume significant documents pertinent to the Anthroposophical Society's Easter 1935 Annual Meeting. Appendix 2 contains the Memorandum written by supporters of Marie Steiner setting forth a list of grievances in support of the expulsion motions adopted at the 1935 Annual

Meeting Appendix 3 records Ludwig Polzer Hoditz's address in response to the 1935 Annual Meeting counseling against the expulsion measures Appendix 4 contains the letter in English and German written by the Society's Executive Board to Adolf Hitler This important book offers profound insights into the struggles for individual freedom and voice during the early years of the Anthroposophical Society Seeing the dynamics of that struggle can help us today to overcome differences to work toward common purpose both in the context of our everyday lives and within a spiritually oriented community Rudolf Steiner, 1986 **Rudolf Steiner** Johannes Hemleben, 1965 Goethe's Faust and Cultural Memory Lorna Fitzsimmons, 2012-07-16 This book is an interdisciplinary collection of essays examining Goethe's Faust and its derivatives in European North American and South American cultural contexts It takes both a canonic and archival approach to Faust in studies of adaptations performances appropriations sources and the translation of the drama contextualized within cultural environments ranging from Gnosticism to artificial intelligence Lorna Fitzsimmons introduction sets this scholarship within a critical framework that draws together work on intertextuality and memory Alan Corkhill looks at the ways in which the authority of the word is critiqued in Faust and Marlowe's Dr Faustus Robert E Norton revisits the question of Herder as Faust and the early twentieth century context in which the claim resonated J M van der Laan explores the symbolic possibilities of the mysterious Eternal Feminine Frederick Burwick examines Coleridge's critique of Goethe's Faust and his own plans for a Faustian tale on Michael Scott Andrew Bush demonstrates how Estanislao del Campo's poem Fausto retells Gounod's opera in the sociolect of Argentine gauchos David G John examines complete productions of Goethe's Faust by Peter Stein and the Goetheanum J rg Esleben surveys contemporary Canadian interplay with Goethe's Faust Susanne Ledanff discusses the significance of Goethe's Faust for Werner Fritsch's avant garde Theater of the Now Bruce J MacLennan examines Faust from the perspective of a researcher in several Faustian technologies artificial intelligence autonomous robotics artificial life and artificial morphogenesis **The Entourage of Kaiser Wilhelm II, 1888-1918** Isabel V.
