Rudolf Steiners Research Into Karma And The Mission Of The Anthroposophical Society:

Rudolf Steiner's Research Into Karma and the Mission of the Anthroposophical Society Sergei O. Prokofieff, 1995 In this inspiring lecture addressed to the anthroposophical movement Prokofieff explains that true modern Christian research into karma does not arise out of intellectual speculation curiosity or nebulous mystical experiences The process of karmic research based on spiritual science leads to a fundamental transformation of our human nature enabling us to fully experience the cosmos in which we exist Giving an overview of how the spiritual hierarchies and Christ the Lord of Karma work in the ordering of human karma Prokofieff leads us to the karma and mission of the Anthroposophical Society indicating what must come about before the end of the century if this karmic mission is to be fulfilled

Rudolf Steiner's Research Into Karma and the Mission of the Anthroposophical Society Sergei O. Prokofieff, 2010-10-15 Research into the sphere of karma forms the basis of the modern spiritual science of Anthroposophy For only by learning to understand these laws can the human being realize how spiritual forces work simultaneously in man and the cosmos and link the two into a higher unity In this inspiring lecture addressed primarily to followers of the anthroposophic movement Prokofieff gives an overview of how the spiritual hierarchies and Christ the Lord of Karma work in the ordering of human karma We are led to the karma and mission of the Anthroposophical Society with indications as to what needs to happen before that karmic mission can be fulfilled Prokofieff explains why true modern Christian research into karma does not arise from intellectual speculation curiosity or nebulous mystical experiences The process of karmic research based on spiritual science should lead to a fundamental transformation of human nature and lead to a full experience of the cosmos

The Karma of Anthroposophy Rudolf Steiner, 2013-10-15 In 1924 Rudolf Steiner gave a series of urgent impassioned talks to members of the Anthroposophical Society regarding their karma and its relationship to the culture of the time Steiner's words characterize vividly a spiritual battle of forces gathering to fight for the soul of humanity itself Given the challenges faced by humanity today it has perhaps never been more urgent for those who ally themselves with Rudolf Steiner's work to study absorb and take to heart the contents of this critically important material

The Esoteric Significance of Spiritual Work in Anthroposophical Groups Sergei O. Prokofieff, 2007 The anthroposophical community seeks to lift human souls into supersensible realms so that they may enter the company of angels Rudolf Steiner Sergei Prokofieff traces the three stages of heavenly preparation of Anthroposophy the spiritual thunderstorm the Michael School in the Sun sphere and the imagination based cultus in the spiritual word nearest the Earth These events involved the nine spiritual hierarchies associating them with the karma of the anthroposophic movement The author goes on to elaborate the tasks of the Anthroposophical Society and indicates how these are connected with the spiritual hierarchies the Michael movement the Grail mysteries the work of new group souls and the Foundation Stone Meditation He shows that in an esoteric sense the General Anthroposophical Society was created so that people could learn to work with the gods This is a vital book for all

those who care deeply about the future of the Anthroposophical Society and the proper evolution of humanity

The Creative Power of Anthroposophical Christology Sergei O. Prokofieff, Peter Selg, 2011-10 18 Introductory essays written 1884 1897 CW 1 The holistic paradigm Gaia deep ecology and new alchemy all have a hidden ancestor Johann Wolfgang von Goethe 1749 1832 At the youthful age of twenty one Steiner was chosen to edit Goethe's scientific writings for the principle Goethe edition of his time Goethe's literary genius was universally acknowledged it was Steiner's task to understand and comment on Goethe's scientific achievements Steiner recognized the significance of Goethe's work with nature and his epistemology and here began Steiner's own training in epistemology and spiritual science This collection of Steiner's introductions to Goethe's works re-vision the meaning of knowledge and how we attain it Goethe had discovered how thinking could be applied to organic nature and that this experience requires not just rational concepts but a whole new way of perceiving In an age when science and technology have been linked to great catastrophes many are looking for new ways to interact with nature With a fundamental declaration of the interpenetration of our consciousness and the world around us Steiner shows how Goethe's approach points the way to a more compassionate and intimate involvement with nature Nature's Open Secret is a translation of Goethe's *Naturwissenschaftliche Schriften Einleitungen* 1884 1897 Previous translations were titled Goethe the Scientist and Goethean Science GA 1

Rudolf Steiner's Core Mission T. H. Meyer, 2010 Rudolf Steiner's core mission repeatedly delayed owing to the a lack of capacity in his colleagues was to pursue contemporary spiritual scientific research into the phenomena of reincarnation and karma This stimulating book describes the winding biographical path of that mission It focuses in particular on the mystery of Steiner's connection with the influential medieval philosopher and theologian Thomas Aquinas Using numerous archival sources and publications Thomas Meyer reveals many facts related to the core of Steiner's mission showing the critical roles played by Wilhelm Anton Neumann and Karl Julius Schröder in its genesis and development Meyer examines how Rudolf Steiner's students responded to his understanding of karma placing this most intrinsic mission in the context of current divisions in the anthroposophic movement He highlights especially the place of spiritual science in culture and history and shows how Steiner further developed the great scientific ideas of evolution propounded by Darwin by raising them to the plane of individual soul and spiritual development As Steiner stated in 1903 Scientific researchers explain the skull forms of higher animals as a transformation of a lower type of skull In the same way one should explain a soul's biography through the soul biography which the former evolved from

Relating to Rudolf Steiner Sergei O. Prokofieff, 2008 Even within the Anthroposophical Society and the anthroposophic movement people's relationship to Rudolf Steiner is weakening and dissipating This is problematic says Prokofieff as the future of both the Society and movement depends on a sufficient number of people aspiring to and realizing a true spiritual connection with the founder of Anthroposophy Prokofieff deals in detail with this issue and asks Can one be an anthroposophist without being Rudolf Steiner's pupil In the second part of this book Prokofieff elaborates on the mysteries surrounding the laying of the

spiritual Foundation Stone at the Society's Christmas Meeting that began 1923. That event he asserts ensured that a personal relationship with Rudolf Steiner would not remain within the realm of the generally abstract or intellectual but would become a real inner deed. Thus Steiner gave each anthroposophist the possibility of connecting with him through free inner work on the Foundation Stone. Both parts of this book are linked in the sense that once a relationship with Steiner is established an inner longing to work with the new mysteries will follow. In Prokofieff's words: "The will to take the foundation of the new mysteries seriously leads to a real inner connection with Rudolf Steiner." Relating to Rudolf Steiner includes an essay on the problem of digitally publishing Steiner's most important esoteric texts and the esoteric background of the internet and electronic media in general. In response to readers' questions about how to counteract the harmful consequences of these developments, Prokofieff has expanded and developed his original essay on this subject.

The Burning Bush Edward Reaugh Smith, 1997-07. Even more significant for Christianity in the long run than the twentieth century Dead Sea and Nag Hammadi discoveries is the growing North American awareness of Rudolf Steiner's works. Virtually unavailable until the end of the twentieth century, English translations from the German archives are gradually coming into print. Both Steiner and his works have thus far been virtually unknown in traditional theological circles. No Bible commentary has yet reflected the remarkable spiritual insights of Anthroposophy. Now ten years after first encountering a written comment about Rudolf Steiner, Ed Smith combines his own extensive traditional biblical knowledge with his years of concentrated study and reflection on hundreds of assembled works by Steiner. The result is the first Bible commentary in the light of anthroposophic insight. This is the first volume of a series of Bible commentary by the author. It is based on the anthroposophic understanding given to humanity by Rudolf Steiner during the first quarter of the twentieth century. Bible commentaries have always reflected the general line of thinking of their authors. However, the dramatic newness of anthroposophic thought means that perhaps the usual method of using a Bible commentary is not appropriate here. A large part of *The Burning Bush* is necessarily devoted to laying an anthroposophic or spiritual scientific groundwork. A major assumption indulged in most Bible commentaries is that one can go directly to portions dealing with given passages of scripture and understand what is being said about them; this does not fit.

The Soul's Long Journey Edward Reaugh Smith, 2003-11. Here are amazing insights showing reincarnation to be deeply and powerfully revealed in the Bible's most fundamental aspects. How and why have these insights escaped attention for so long? At last they are uncovered here by a confluence of conventional Bible study and the epochal spiritual discoveries of Rudolf Steiner. With particular emphasis on the organic provisions of the Old Testament, Smith shows both what the assumptions of the Master's hearers were and how the New Testament confirms the ancient heritage. Arising from the fullness of the canon is an exciting story of the long journey of humanity and every human soul, each a beloved sheep whom the Creator is unwilling to lose. Combining a lifetime of biblical study and teaching, fifteen years investigating and contemplating Rudolf Steiner's vast works and almost three decades of applying the analytical skill required in an intense

law practice Smith has produced a potential classic the serious Bible student can ill afford to ignore *Why Become a Member of the School of Spiritual Science?* Sergei O. Prokofieff, 2012-10-15 Abstract ideals will be replaced by concrete ideals corresponding to forward moving evolution If that does not succeed the Earth would submerge into materialism and humanity would have to start over again following a great catastrophe either on Earth itself or on a near planet The Earth needs Anthroposophy One who understands that is an anthroposophist Rudolf Steiner Feb 27 1910 Sergei O Prokofieff developed this little book from talks to members of the Anthroposophical Society They became opportunities for many to question potential membership of the First Class in a more conscious way and for some to take the decisive step of entering the Michael School This experience gave rise to the occasion for printing this lecture separately for interested individuals as a stimulus to consider their relationship to the Michael School on Earth against the background of the karma that guides human beings in their present incarnation to anthroposophy In this sense the present text may well be an aid for some interested individuals to grasp to its full extent the unique significance of the establishment of the Esoteric School carried out as it was by Rudolf Steiner based on the Michael Spirit so as to gain the courage and will to become a member out of full inner conviction from the preface
