world by globalist elites In June 2020 prominent business and political leaders gathered for the 50th annual meeting of the World Economic Forum in Davos Switzerland under the rubric of The Great Reset In the words of WEF founder Klaus Schwab the Great Reset is a unique window of opportunity afforded by the worldwide COVID 19 panic to build a new social contract ushering in a utopian era of economic social and environmental justice But beneath their lofty and inspiring words what are their actual plans In this timely and necessary book Michael Walsh has gathered trenchant critical perspectives on the Great Reset from eighteen eminent writers and journalists from around the world Victor Davis Hanson places the WEF s prescriptions and goals in historical context and shows how American politicians justify destructive policies Michael Anton explains the socialist history of woke capitalism James Poulos looks at how Big Tech acts as informal government censors John Tierney lays out the lack of accountability for the unjustified panic over the virus David Goldman confronts the WEF s ideas for a fourth industrial revolution with China s commitment to being the leader of a post western world And there are many more These writers see the goal of the Great Reset as not just a world without racism disease economic inequality or fossil fuels but rather a world with no individual autonomy and power in which our betters rig the system for their own purposes Find out what the Great Resetters ultimately have in store for you and join the intellectual resistance before it s too late Featuring Essays by Michael Anton Salvatore Babones Conrad Black Jeremy Black Angelo Codevilla Janice Fiamengo Richard Fernandez David P Goldman Victor Davis Hanson Martin Hutchinson Roger Kimball Alberto Mingardi Douglas Murray James Poulos Harry Stein John Tierney Michael Walsh **Nineteenth Century** ,1914
