Rumor Verified Poems 1979 198:

Poetry of Contemplation Arthur L. Clements, 1990-06-01 This is the first systematic and thorough study of mysticism or contemplation in these three seventeenth century poets and in three modern writers It not only clarifies the very confused issue of mysticism in seventeenth century poetry but also connects seventeenth century poets with modern literature and science through the contemplative tradition from the Bible and Plato and Church fathers and important mystics of the Middle Ages through Renaissance and modern contemplatives The transformative and redemptive power of contemplative poetry or holy writing regardless of genre or discipline is prominent throughout the book and the relevance indeed the vital necessity of such poetry and of the living contemplative tradition to our apocalyptic modern world is discussed in the last chapter In this chapter attention is given to modern science especially to the new physics and to philosophical and mystical writings of eminent scientists

Rumor Verified Poems 1979-80 Robert Penn Warren, 1981 **The Braided Dream** Randolph Paul Runyon, 2014-07-15 Robert Penn Warren's reputation as a poet though always considerable has soared in the last decade as indicated by his recent selection as America's first poet laureate The Braided Dream is one of the first book length studies of the poetry that has led to Warren's recent rise to eminence and the first to consider his final collection Altitudes and Extensions In a communicable jargon free style that will appeal to the nonacademic reader as well as the serious scholar Randolph Paul Runyon provides a detailed and illuminating guide to a body of poetry that despite its greatness has until now seemed resistant to full understanding Every poem of Warren's last four sequences Now and Then Being Here Rumor Verified and Altitudes and Extensions is given a close reading with a precise laying out of words phrases and recurring images that not only enrich the texture of the poetry but are themselves the texture Runyon demonstrates the relevance of Freud's concept of the dream work of the unconscious to a reading of this tightly interwoven poetry He shows how Warren's poems assume additional meanings by the poet's very arrangement of them deepening his thesis by arguing that poems eat poems as each reuses and reconceptualizes the imagery of its predecessor frequently with ironic or parodic effect

Selected Letters of Robert Penn Warren Robert Penn Warren, 2013-12-16 In the last decade of his life Robert Penn Warren remained a vibrant force in American literature producing new works of poetry and nonfiction while also dealing courageously with the gradual decline of his health and the diminishment of his poetic powers Toward Sunset at a Great Height 1980 1989 the sixth and final volume of the author's selected letters provides crucial documentation of this period containing Warren's correspondence with friends family fellow writers editors critics and the scholars studying his works Warren published several volumes of poetry including Being Here 1980 Rumor Verified 1981 and Chief Joseph of the Nez Perce 1983 and returned to nonfiction prose with Jefferson Davis Gets His Citizenship Back 1980 and the memoir Portrait of a Father 1988 His letters reveal that he tried to begin writing a novel but was unable to make substantial progress on it and that from 1985 on he became increasingly dissatisfied with his new poems Until his death at age eighty four however Warren

maintained an active correspondence filled with news about his writings and travels accounts of the lives of his wife and children and a stoic attitude about his own physical decline as well as a solicitousness regarding the health of others such as his brother Thomas and sister Mary He communicated with rising young scholars and encouraged younger poets he admired Toward Sunset at a Great Height offers rich insights into the closing chapter of Robert Penn Warren's professional and personal life making it an essential resource for understanding the full scope of the author's contribution to American letters

Warren, Jarrell, and Lowell Joan Romano Shifflett, 2020-06-03 Robert Penn Warren Randall Jarrell and Robert Lowell maintained lifelong well documented friendships with one another often discussing each other's work in private correspondence and published reviews Joan Romano Shifflett's Warren Jarrell and Lowell Collaboration in the Reshaping of American Poetry traces the artistic and personal connections between the three writers Her study uncovers the significance of their parallel literary development and reevaluates dominant views of how American poetry evolved during the mid twentieth century Familiar accounts of literary history most prominently the celebration of Lowell's Life Studies as a revolutionary breakthrough into confessional poetry have obscured the significance of the deep connections that Lowell shared with Warren and Jarrell They all became quite close in the 1930s with the content and style of their early poetry revealing the impact of their mentors John Crowe Ransom and Allen Tate whose aesthetics the three would ultimately modify and transform The three poets achieved professional maturity and success in the 1940s during which time they relied on one another's honest critiques as they experimented with changes in subject matter and modes of expression Shifflett shows that their works of the late 1940s were heavily influenced by Robert Frost This period found Warren Jarrell and Lowell infusing ostensibly simple verse with multifaceted layers of meaning capturing the language of speech in diction and rhythm and striving to raise human experience to a universal level During the 1950s the three poets became public figures producing major works that addressed the nation's postwar need to reconnect with humanity Warren Jarrell and Lowell continued to respond in interlocking ways throughout the 1960s with each writer using innovative stylistic techniques to create a colloquy with readers that directed attention away from superficial matters and toward the important work of self reflection Drawing from biographical materials and correspondence along with detailed readings of many poems Warren Jarrell and Lowell offers a compelling new perspective on the shaping of twentieth century American poetry Pulpsmith, *Rumor Verified* Robert Penn Warren, 1981 Recent poems by the Pulitzer prize winning author deal with time death and our relationship to the natural world **The Times Literary Supplement Index**, 1981 **Collier's Encyclopedia**, 1984 Paperbound Books in Print, 1984
