Rumpoles Last Case:

Rumpole's Last Case John Mortimer, 1988 Justice Denoted Terry White, 2003-09-30 White provides the most comprehensive scholarly compilation of fictional work of legal suspense in existence. Primarily a bibliography of novels, it also annotates plays, scripts for film and television, novelizations, and short story collections about lawyers and the law. The idea behind the principal of selection is to disdain labels that reduce the variety of the legal thriller to a subgenre of mystery fiction. Novels that range from suspense thrillers through science fiction to the philosophical novel are included if justice is thematically important. It is therefore an eclectic reference source beyond a compilation of books about lawyers as protagonists. Its biographical and scholarly information about authors, major and minor, and their novels or works is traditionally encyclopedic and objective regardless of whether the work has been genre defined or worse deified as a classic or denigrated as a bestseller. Many novels included are long out of print but historically interesting for their contribution to the lineage of the courtroom drama, showing that the history of the legal thriller is one of the major branches of modern literature since the Age of Reason. The criterion of justice denoted moves beyond the fact of lawyers and courtrooms to select seminal novels like Robert Travers' *Anatomy of a Murder* as well as the romantic potboiler. Among the more than 2,000 works are the Perry Mason novels of Erle Stanley Gardner, John Mortimer's Rumpole series, along with a staple of fiction by major authors of the genre like John Leacock, Lisa Scottoline, Margaret Maron, Scott Turow, and John Grisham. There are also individual works by Shakespeare, Goethe, Kafka, Camus, and Twain delineating humanity's obsession with the law as its shining prop of civilization and alternative *be te noire* of the common individual caught up in its maw. The appendices include comments by lawyer novelist Michael A. Kahn, a historical introduction to the legal thriller, craft notes by writers and prominent trial lawyers responding to author and lawyer questionnaires, bibliography of critical sources and articles, series characters, and the legal terminology found in courtroom dramas and novels. An essential reference tool for scholars, researchers, as well as the occasional reader of legal thrillers.

Rumpole Rests His Case John Mortimer, 2003-11-25 The comic, courageous, and corpulent Horace Rumpole reenters the fray in these seven fresh and funny stories in which the great defender of muddled and sinful humanity triumphs over the forces of prejudice and mean-mindedness while he tiptoes precariously through the domestic territory of his wife Hilda. *She Who Must Be Obeyed*. With his passion for poetry and a nose equally sensitive to the whiff of wrongdoing and the bouquet of a *Ch teau*, Thames Embankment, the lovable and disheveled Rumpole is at his rumpled best. *The New York Times*.

The Armchair Detective, 1987 *Punch* Mark Lemon, Henry Mayhew, Tom Taylor, Shirley Brooks, Francis Cowley Burnand, Owen Seaman, 1887-10 *Put It in Writing* Joanne Buckley, David Gates, 1994-07. Appropriate for English composition courses that have a strong focus on grammar and in which the writing process is introduced first. This volume gives students the opportunity to practice writing right from the first page. The first part of the book focuses on purpose and audience. It provides a wide variety of humorous and realistic subjects.

about which students practice paragraph and longer forms of writing The second part which covers the specifics of grammar using student writing and common student errors as the basis for discussion and exercises can be used in the classroom or as a self help guide Lots of new examples and exercises

Forever Rumpole John Mortimer, Ann Mallalieu, 2011-11-10 John Mortimer novelist playwright memoirist and the author of more than eighty Rumpole short stories will never be forgotten While still a practicing barrister Mortimer took up the pen and the rest is literary history His stories featuring the cigar chomping cheap wine tippling Rumpole and his wife Hilda aka She Who Must Be Obeyed have justly earned their place in the pantheon of mystery fiction legends becoming the basis for the very successful television series Rumpole of the Bailey Bringing fourteen of Rumpole's most entertaining adventures seven of which were collected in *The Best of Rumpole* together with a fragment of a new story *Forever Rumpole* proves beyond a reasonable doubt that Rumpole is never less than delightful
