Runaway Slave Settlements In Cuba Resistance And Repression:

Runaway Slave Settlements in Cuba Gabino La Rosa Corzo, 2004-07-21 Combining archaeological and historical methods Gabino La Rosa Corzo provides the most detailed and accurate available account of the runaway slave settlements palenques that formed in the inaccessible mountain chains of eastern Cuba from 1737 to 1850 decades before the end of slavery on the island The traces that remain of these communities provide important clues to historical processes such as slave resistance and emancipation anticolonial insurgency and the emergence of a free peasantry Some of the communities developed into thriving towns that still exist today La Rosa challenges the claims of previous scholars and demonstrates how romanticized the communities have become in historical memory In part by using detailed maps drawn on site La Rosa shows that palenques were smaller and fewer in number than previously thought and they contained mostly local rather than long distance fugitives In addition the residents were less aggressive and violent than myth holds often preferring to flee rather than fight a system of oppression that was even more effective and organized than generally supposed La Rosa's study illuminates many social and economic issues related to the African diaspora in the Caribbean with particular focus on slavery resistance and independence This translation makes the book available in English for the first time Runaway Slave Settlements in Cuba Gabino La Rosa Corzo, 2003 Runaway Slave Settlements in Cuba Resistance and Repression

Rethinking Slave Rebellion in Cuba Aisha K. Finch, 2015-05-21 Envisioning La Escalera an underground rebel movement largely composed of Africans living on farms and plantations in rural western Cuba in the larger context of the long emancipation struggle in Cuba Aisha Finch demonstrates how organized slave resistance became critical to the unraveling not only of slavery but also of colonial systems of power during the nineteenth century While the discovery of La Escalera unleashed a reign of terror by the Spanish colonial powers in which hundreds of enslaved people were tortured tried and executed Finch revises historiographical conceptions of the movement as a fiction conveniently invented by the Spanish government in order to target anticolonial activities Connecting the political agitation stirred up by free people of color in the urban centers to the slave rebellions that rocked the countryside Finch shows how the rural plantation was connected to a much larger conspiratorial world outside the agrarian sector While acknowledging the role of foreign abolitionists and white creoles in the broader history of emancipation Finch teases apart the organization leadership and effectiveness of the black insurgents in midcentury dissident mobilizations that emerged across western Cuba presenting compelling evidence that black women played a particularly critical role **The 1812 Aponte Rebellion in Cuba and the Struggle against**

Atlantic Slavery Matt D. Childs, 2009-01-05 In 1812 a series of revolts known collectively as the Aponte Rebellion erupted across the island of Cuba comprising one of the largest and most important slave insurrections in Caribbean history Matt Childs provides the first in depth analysis of the rebellion situating it in local colonial imperial and Atlantic World contexts Childs explains how slaves and free people of color responded to the nineteenth century sugar boom in the Spanish colony by

planning a rebellion against racial slavery and plantation agriculture Striking alliances among free people of color and slaves blacks and mulattoes Africans and Creoles and rural and urban populations rebels were prompted to act by a widespread belief in rumors promising that emancipation was near Taking further inspiration from the 1791 Haitian Revolution rebels sought to destroy slavery in Cuba and perhaps even end Spanish rule By comparing his findings to studies of slave insurrections in Brazil Haiti the British Caribbean and the United States Childs places the rebellion within the wider story of Atlantic World revolution and political change The book also features a biographical table constructed by Childs of the more than 350 people investigated for their involvement in the rebellion 34 of whom were executed

West African Warfare in Bahia and Cuba Manuel Barcia, 2014-09-25 *West African Warfare in Bahia and Cuba* seeks to explain how a series of historical events that occurred in West Africa from the mid 1790s including Afonja's rebellion the Owu wars the Fulani led jihad and the migrations to Egbaland had an impact upon life in cities and plantations in western Cuba and Bahia Manuel Barcia examines the extent to which a series of African led plots and armed movements that took place in western Cuba and Bahia between 1807 and 1844 were the result or a continuation of events that had occurred in and around the Yoruba and Hausa kingdoms in the same period Why did these two geographical areas serve as the theatre for the uprising of the Nagos the Lucumis and other West African men and women The answer Barcia argues relates to the fact that plantation economies supported by unusually large numbers of African born slaves from the same or close geographical and ethnic heritage transformed the rural and urban landscape in western Cuba and Bahia To understand why these two areas followed such similar social patterns it is essential to look across the Atlantic it is not enough to repeat the significance of the African background of Bahian and Cuban slaves By establishing connections between people and events with a special emphasis on their warfare experiences Barcia presents a coherent narrative which spans more than three decades and opens a wealth of archival research for future study

Yaremko, 2020-10-20 Portrays the vitality and dynamism of indigenous actors in what is arguably one of the most foundational and central zones in the making of modern world history the Caribbean Maximilian C Forte author of Ruins of Absence Presence of Caribs Brings together historical analysis and the compelling stories of individuals and families that labored in the island economies of the Caribbean Cynthia Radding coeditor of Borderlands in World History 1700 1914 During the colonial period thousands of North American native peoples traveled to Cuba independently as traders diplomats missionary candidates immigrants or refugees others were forcibly transported as captives slaves indentured laborers or prisoners of war Over the half millennium after Spanish contact Cuba also served as the principal destination and residence of peoples as diverse as the Yucatec Mayas of Mexico the Calusa Timucua Creek and Seminole peoples of Florida and the Apache and Puebloan cultures of the northern provinces of New Spain Many settled in pueblos or villages in Cuba that endured and evolved into the nineteenth century as urban centers later populated by indigenous and immigrant Amerindian descendants and even their mestizo or mixed blood progeny In this first comprehensive history of the Amerindian diaspora in Cuba Jason Yaremko presents the dynamics of indigenous movements and migrations from several regions of North America from the sixteenth through nineteenth centuries In addition to detailing the various motives influencing aboriginal migratory processes Yaremko uses these case studies to argue that Amerindians whether voluntary or involuntary migrants become diasporic through common experiences of dispossession displacement and alienation within Cuban colonial society Yet far from being merely passive victims acted upon he argues that indigenous peoples were cognizant agents still capable of exercising power and influence to act in the interests of their communities His narrative of their multifaceted and dynamic experiences of survival adaptation resistance and negotiation within Cuban colonial society adds deeply to the history of transculturation in Cuba and to our understanding of indigenous peoples migration and diaspora in the wider Caribbean world **Prostitution, Modernity, and the Making of the Cuban Republic, 1840-1920** Tiffany A. Sippial, 2013-11-11 Between 1840 and 1920 Cuba abolished slavery fought two wars of independence and was occupied by the United States before finally becoming an independent republic Tiffany A Sippial argues that during this tumultuous era Cuba s struggle to define itself as a modern nation found focus in the social and sexual anxieties surrounding prostitution and its regulation Sippial shows how prostitution became a prism through which Cuba s hopes and fears were refracted Widespread debate about prostitution created a forum in which issues of public morality urbanity modernity and national identity were discussed with consequences not only for the capital city of Havana but also for the entire Cuban nation Republican social reformers ultimately recast Cuban prostitutes and the island as a whole as victims of colonial exploitation who could be saved only by a government committed to progressive reforms in line

with other modernizing nations of the world By 1913 Cuba had abolished the official regulation of prostitution embracing a public health program that targeted the entire population not just prostitutes Sippial thus demonstrates the central role the debate about prostitution played in defining republican ideals in independent Cuba *Black Political Activism and the Cuban Republic* Melina Pappademos, 2011-09-19 While it was not until 1871 that slavery in Cuba was finally abolished African descended people had high hopes for legal social and economic advancement as the republican period started In *Black Political Activism and the Cuban Republic* Melina Pappademos analyzes the racial politics and culture of black civic and political activists during the Cuban Republic The path to equality Pappademos reveals was often stymied by successive political and economic crises patronage politics and profound racial tensions In the face of these issues black political leaders and members of black social clubs developed strategies for expanding their political authority and for winning respectability and socioeconomic resources Rather than appeal to a monolithic black Cuban identity based on the assumption of shared experience these black activists politicians and public intellectuals consistently recognized the class cultural and ideological differences that existed within the black community thus challenging conventional wisdom about black community formation and anachronistic ideas of racial solidarity Pappademos illuminates the central yet often silenced intellectual and cultural role of black Cubans in the formation of the nation s political structures in doing so she shows that black activism was only partially motivated by race *Cuban Identity and the Angolan Experience* C. Peters, 2012-09-17 Exploring the cultural politics of Cuba s epic military engagement in the Angolan civil war this book narrates the transformation of Cuban national identity from Latin African to Caribbean through the experience of internationalism in Angola
