Runs Far Son Of The Chichimecs:

Runs Far, Son of the Chichimecs Alice M. Wesche, 1981 Runs Far tells the story of his people the Chichimecans who once lived in the land that is now northern Chihuahua Mexico *Journal of the Museum of New Mexico, the Archaeological Society of New Mexico, the Santa Fe Society of the Archaeological Institute of America* ,1982 **Ancient Paquimé and the Casas Grandes World** Paul E. Minnis, Michael E. Whalen, 2015-03-12 Paquim the great multistoried pre Hispanic settlement also known as Casas Grandes was the center of an ancient region with hundreds of related neighbors It also participated in massive networks that stretched their fingers through northwestern Mexico and the U S Southwest Paquim is widely considered one of the most important and influential communities in ancient northern Mexico and is a UNESCO World Heritage Site Ancient Paquim and the Casas Grandes World edited by Paul E Minnis and Michael E Whalen summarizes the four decades of research since the Amerind Foundation and Charles Di Peso published the results of the Joint Casas Grandes Expeditions in 1974 The Joint Casas Grandes Expedition revealed the extraordinary nature of this site monumental architecture massive ball courts ritual mounds over a ton of shell artifacts hundreds of skeletons of multicolored macaws and their pens copper from west Mexico and rich political and religious life with Mesoamerican related images and rituals Paquim was not one sole community but was surrounded by hundreds of outlying villages in the region indicating a zone that sustained thousands of inhabitants and influenced groups much farther afield In celebration of the Amerind Foundation s seventieth anniversary sixteen scholars with direct and substantial experience in Casas Grandes archaeology present nine chapters covering its economy chronology history religion regional organization and importance The two final chapters examine Paquim in broader geographic perspectives This volume sheds new light on Casas Grandes Paquim a great town well adapted to its physical and economic environment that disappeared just before Spanish contact **New Mexico Magazine** ,1974 **Bibliographic Guide to Latin American Studies** Benson Latin American Collection, 1981 **A History of the Ancient Southwest** Stephen H. Lekson, 2009 According to archaeologist Stephen H Lekson much of what we think we know about the Southwest has been compressed into conventions and classifications and orthodoxies This book challenges and reconfigures these accepted notions by telling two parallel stories one about the development personalities and institutions of Southwestern archaeology and the other about interpretations of what actually happened in the ancient past While many works would have us believe that nothing much ever happened in the ancient Southwest this book argues that the region experienced rises and falls kings and commoners war and peace triumphs and failures In this view Chaco Canyon was a geopolitical reaction to the Colonial Period Hohokam expansion and the Hohokam Classic Period was the product of refugee Chacoan nobles chased off the Colorado Plateau by angry farmers Far to the south Casas Grandes was a failed attempt to create a Mesoamerican state and modern Pueblo people with societies so different from those at Chaco and Casas Grandes deliberately rejected these monumental hierarchical episodes of their past From the publisher The second

printing of A History of the Ancient Southwest has corrected the errors noted below SAR Press regrets an error on Page 72 paragraph 4 also Page 275 note 2 regarding absolute dates 50 000 dates was incorrectly published as half a million dates Also P 125 lines 13 14 Between 21 000 and 27 000 people lived there should read Between 2 100 and 2 700 people lived there
