**Xiao-yuan Dong**

## **Rural China Today:**

**Rural China Today** Frank Leeming, 1985 Study of rural development trends in China looks at the environment and rural economy the continuing commune system and rural planning examines the new responsibility and contract systems production diversification rural industries agricultural marketing etc describes living conditions in plain and mountain areas deforestation and forest establishment and animal production analyses the supply and demand of grain cotton and sugar Illustrations maps photographs references statistical tables

**China's Peasant Agriculture and Rural Society** Jan Douwe van der Ploeg, Jingzhong Ye, 2016-05-20 China's agriculture and rural society has undergone rapid changes in recent years Many poorer farmers and younger people have moved to cities and yet China has an immense challenge to feed a growing and more affluent population This book provides a bottom up view of China's agriculture showing how the many millions of Chinese peasants make a living It presents a vivid description of the mechanisms used by rural households to defend and sustain their livelihoods increase their agricultural production and improve the quality of their lives The authors examine the newly emerging trajectories of entrepreneurial and capitalist farming and assess whether such alternatives will be able to meet the enormous social economic and environmental challenges that China faces The book also explores the paradigm that has underpinned the organisation and development of China's agriculture from ancient times to the present day This shows the importance of balancing in the Chinese model as compared to the one sided imposition of continual modernization in the western model It is argued that such balancing is at the core of the current Sannong policy referring to the three ruralities of food sovereignty wellbeing for peasant households and an attractive countryside

**China's Agricultural Development** Xiao-yuan Dong, 2017-03-02 This book identifies the main challenges Chinese agriculture is confronting and considers how these challenges might be met The performance of China's agricultural production is comprehensively assessed while the factors that affect agricultural productivity are examined through detailed econometric analysis and up to date nationally representative data

*China's Long March to Freedom* Kate Zhou, 2017-09-08 China is more than a socialist market economy led by ever more reform minded leaders It is a country whose people seek liberty on a daily basis Their success has been phenomenal despite the fact that China continues to be governed by a single party Clear distinctions between the people and the government are emerging underlining the fact that true liberalization cannot be imposed from above Although a large percentage of the Chinese people have been part of China's long march to freedom farmers entrepreneurs migrants Chinese gays sex pleasure seekers and black marketers played a particularly important role in the beginning Lawyers scholars journalists and rights activists have jumped in more recently to ensure that liberalization continues Social dissatisfaction with the government is now published in the media addressed in public forums and deliberated in courtrooms Intellectuals devoted to improvement in human rights and continued liberalization are part of the process This grassroots social revolution has also resulted from the explosion of information available to ordinary people

especially via the Internet and far reaching international influences All have fundamentally altered key elements of the moral and material content of China s party state regime and society at large This social revolution is moving China towards a more liberal society despite its government The Chinese government reacts rather than leads in this trans formative process This book is a landmark a decade in the making

**Digital agriculture report: Rural e-commerce development experience from China** Food and Agriculture Organization of the United Nations,Zhejiang University,2021-08-25 This publication produced by FAO and Zhejiang University examines how rural e commerce could advance the digital transformation of agri food systems including increasing production efficiency expanding farmers market access improving poverty alleviation fostering agricultural entrepreneurship and attracting young generations back to their villages for economic revival and rural revitalization It is highlighted that an enabling ecosystem with favourable government policies and strategies public private partnerships and innovative business models is of great importance to accelerate the development of rural areas in China and generate larger economic social and environmental impacts As the largest developing country in the world the experience of digital agriculture transformation in China could be shared with other developing countries The report also discusses some of the challenges encountered and lessons learned during the development of rural e commerce as well as the proposals for the way forward

**Peaceworks** ,1995 **Modernization Of China's Agricultural Production Organizations** Cao Yang,2023-03-10 This book constructs a new theoretical framework for understanding contemporary Chinese agricultural production organizations from the perspective of promoting farmers realization of substantial freedom and feasible ability The new theoretical framework deepens and expands the theory of agricultural modernization and production organizations The book discusses the multi symbiosis pattern of agricultural production organizations in contemporary China from macro and micro economics perspectives Based on the peasant household economy this multi symbiosis organizational structure co exists and interweaves with various forms of economic organizations The book points out that this multi symbiosis organizational structure is the result of free choice of the majority of farmers since the reform and opening up in turn it also provides a broader organizational and institutional space for farmers diversified choices The book predicts that China s agricultural production organization networking will gradually move towards networking based on diversification and also form networked organization groups

*Towards 2030 - China's Poverty Alleviation and Global Poverty Governance* Xiaolin Wang,Xiaoying Zhang,2020-08-03 This book assesses the global significance of China s decade long campaign to reduce poverty After showing how the country s unique approach to poverty alleviation brought about unparalleled progress toward achieving both the Millennium Development Goals MDGs and the Sustainable Development Goals SDGs the authors shed light on how China s experience can help other countries around the globe as they try to permanently rid humanity of the scourge of poverty under ever more challenging social economic and environmental conditions

**China's Regional Development** David S. G. Goodman,2013-11-05 First published in 1989 This book considers two major aspect of China s

economic reform the open policy towards the West aimed at attracting technology and skills into the country and the emphasis on regionalization which established market orientated rather than bureaucratically controlled patterns of economic development

Tamed Village "Democracy" Guohui Wang, 2014-07-08 Wang's book offers an empirically rich and conceptually nuanced analysis of how local state agents maintain control over village self governance in China His careful analysis of primary documents enables him to explicate the formal mechanisms used by members of the local state to influence village affairs Meanwhile his rigorous and fascinating ethnographic data enable him to elucidate the manifold ways in which informal clientelist ties between local state officials and village elites permit the former to exert control Overall this excellent book powerfully demonstrates the need for scholars to go beyond attention to election processes when evaluating what village democracy means in a Chinese context It is a must read for all serious scholars of Chinese politics and society Rachel Murphy University of Oxford

Guohui Wang's highly original in depth case research vividly reveals the dynamics of contemporary Chinese village politics By combining abundant empirical data with close observation as an insider his book illustrates the processes and consequences of transplanting democracy into rural Chinese society Particularly for those in the West who are keen on understanding the ongoing transformation of rural China this book is a rich and revealing source
