Rural Health Care Innovation In A Changing Environment

Jan Coombs

Rural Health Care Innovation In A Changing Environment:

Rural Health Care LaVonne Straub, Norman Walzer, 1992-01-01 This volume presents a comprehensive overview of the current rural health environment by sorting topics into coverage of the demand for rural health the supply of resources facilities and personnel the broad application of technology and the roles of government policies and rural sociology A major purpose is to guide those involved in decision making and planning to insure continued provision of health care for rural residents A unique feature is the integration of innovative approaches throughout the work there is a recognition that several rural institutions are undergoing transition and that fresh approaches are critical This work will be of interest to scholars policy makers and practitioners in rural health care health care facilities and health care management *The Rise and Fall of HMOs* Jan Coombs, 2005 Drawing upon a wealth of research Coombs compares HMOs throughout the nation with the one in Marshfield which came as close as any HMO to realizing the ideal of early advocates This book is a resource for specialists in the fields of health policy research and analysis health care management health law and politics public health and social and organizational history of medicine It will also appeal to many readers who are disturbed by the current state of America's health care system and are curious about its future **BOOK JACKET** **Geographic inequalities in health and mortality: Factors contributing to trends and differentials** Irma Elo, Shannon Monnat, 2023-07-03 Handbook of Clinical Nursing Research Ada Sue Hinshaw, Suzanne L. Feetham, Joan Shaver, 1999-06-18 This is a comprehensive but critical guide to the state of nursing research particularly in areas most relevant to current practice *Current Catalog* National Library of Medicine (U.S.), 1993 First multi year cumulation covers six years 1965 70 **Life, Death, and In-Between on the U.S.-Mexico Border** Martha Oehmke Loustaunau, Mary Sánchez-Bane, 1999-10-30 Loustaunau and Sánchez Bane combine their many years of association and collaboration dealing with health issues in the U S Mexico border area to bring together a series of chapters illustrating that as *es la vida* that *s life* need not indicate a fatalistic acceptance that poverty sickness misery and misfortune must be taken in stride The authors of the chapters have researched studied worked with or have been borderlanders themselves The chapters focus on the impact of the social structure and on the power and determination of people to change their conditions for the better increasing their choices and enlarging their worlds They look beyond political and economic barriers to find the spark in the human spirit that must be identified and nurtured to produce a better life for the benefit of peoples and nations on both sides of the border and to nourish the third culture as a bridge between nations The authors note the dangers and pitfalls along the way and the need for more realistic policies and programs to empower people to define their own problems and to participate in fashioning the solutions **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1993 Rural Nursing Helen J. Lee, Charlene A. Winters, 2009-02-16 This book will provide you with a broad understanding of the characteristics of health care in rural settings and what is required for effective nursing practice in this context The thoroughly revised second edition chronicles

the path to creating a coherent conceptual framework for rural nursing practice By bringing together research theory and narratives the editors and contributors provide readers with a foundation for understanding the special dimensions of rural nursing and health New chapters look at Rural family health Rural public health Chronic illness Online intervention Men as rural nurses Environmental health **Service Provision and Rural Sustainability** Greg Halseth, Sean Markey, Laura Ryser, 2018-10-25 Access to quality services and community infrastructure are vital parts of supporting sustainable and resilient rural and small town places Renewing outdated infrastructure and supporting the delivery of services in rural communities present significant challenges from the constrained fiscal and policy realities of the 21st century Drawing upon contributors from five Organization for Economic Co operation and Development OECD countries this book describes innovative service delivery and community infrastructure models that are appropriate to the contemporary rural and resource dependent regions of developed economies The examples show that an entrepreneurial approach to service delivery and infrastructure provision by local organizations and governments is needed Critical economic and community development supports are crucial to assist creative and innovative sets of solutions that work for small communities Chapters in this book argue that community development foundations for resilient rural and small town communities and regions must be co constructed and co delivered in partnership by both local and senior government actors in terms of both policy and committed resources This volume will be extremely valuable for students scholars and community development practitioners exploring policy making government initiatives and community service provision in rural and small town places **Rural Communities Making a Health Care Difference** LaVonne Straub, Kay Schraith, 1994
