Rural Disorder and Police Reform in Ireland, 1812-36 Galen Broeker, 2015-08-27 In this book which was first published in 1970 author Galen Broeker traces the events of a crucial period in the struggle of the British government to bring law and order to rural Ireland He demonstrates that throughout the forty years following the union a major challenge to government in Ireland was the sporadic violence that seemed endemic to the rural south and west Organizations of Irish peasants terrorized the countryside in protest against a political and economic system that seemed to threaten their very existence The formation in 1814 of the Peace Preservation Force is examined This was the first in a long series of experiments aimed at an efficient and impartial system of law enforcement This title will be of interest to student of history and criminology

Rural Disorder and Police Reform in Ireland, 1812-36 ,1970 Whiggery and Reform, 1830-41 Ian

Newbold, 1990-06-18 This is a study of the parliamentary history of the Whigs during the Age of Reform describing the extent to which both Grey and Melbourne s governments with Peel s assistance attempted to safeguard the interests of the landed aristocracy while allowing for moderate reforms in Church and State The Policing of Belfast 1870-1914 Mark

Radford, 2015-04-23 The Policing of Belfast 1870 1914 examines the Royal Irish Constabulary RIC in late Victorian Belfast in order to see how a semi military largely rural constabulary adapted to the problems that a city posed Mark Radford explores whether the RIC as the most public face of British government was successful in controlling a recalcitrant Irish urban populace This examination of the contrast in styles between urban and rural policing and semi rural and civil constabulary offers an important insight into the social political and military history of Ireland at the turn of the twentieth century The book concludes by showing how governmental neglect of the force and its failure to comprehensively address the issues of pay and conditions of service ultimately led to crisis in the RIC **Marriage in Ireland, 1660-1925** Maria Luddy, Mary

O'Dowd, 2020-06-25 What were the laws on marriage in Ireland and did church and state differ in their interpretation How did men and women meet and arrange to marry How important was patriarchy and a husband s control over his wife And what were the options available to Irish men and women who wished to leave an unhappy marriage This first comprehensive history of marriage in Ireland across three centuries looks below the level of elite society for a multi faceted exploration of how marriage was perceived negotiated and controlled by the church and state as well as by individual men and women within Irish society Making extensive use of new and under utilised primary sources Maria Luddy and Mary O Dowd explain the laws and customs around marriage in Ireland Revising current understandings of marital law and relations Marriage in Ireland 1660 1925 represents a major new contribution to Irish historical studies The Crowned Harp Graham Ellison, Jim Smyth, 2000-05-20 This book is a detailed analysis of policing in Northern Ireland Tracing its history from 1922 Ellison and Smyth portray the Royal Ulster Constabulary RUC as an organisation burdened by its past as a colonial police force They analyse its perceived close relationship with unionism and why for many nationalists the RUC embodied the problem of the

legitimacy of Northern Ireland arguing that decisions made on the organisation composition and ideology of policing in the early years of the state had consequences which went beyond the everyday practice of policing Examining the reorganisations of the RUC in the 1970s and 1980s Ellison and Smyth focus on the various structural legal and ideological components the professionalisation of the force and the development of a coherent if contradictory ideology **Irish Peasants** Samuel Clark, James S. Donnelly, Jr, 2003-06-11 The strength of this volume cannot be conveyed by an itemisation of its contents for what it provides is an incisive commentary on the newly recognised landmarks of Irish agrarian history in the modern period The importance even indispensability of this achievement is compounded by exemplary editing Roy Foster London Times Literary Supplement As a whole the volume demonstrates the wealth complexity and sophistication of Irish rural studies The book is essential reading for anyone involved in modern Irish history It will also serve as an excellent introduction to this rich field for scholars of other peasant communities and all interested in problems of economic and political developments American Historical Review A milestone in the evolution of Irish social history There is a remarkable consistency of style and standard in the essays This is truly history from the grassroots Timothy P O'Neill Studia Hibernica

The Protestant Crusade in Ireland, 1800-70 Desmond Bowen, 1978-01-01 Police Powers in Canada University of Alberta. Centre for Constitutional Studies, 1994-01-01 The television spectacles of Oka and the Rodney King affair served to focus public disaffection with the police a disaffection that has been growing for several years In Canada confidence in the police is at an all time low At the same time crime rates continue to rise Canada now has the dubious distinction of having the second highest crime rate in the Western world How did this state of affairs come about What do we want from our police How do we achieve policing that is consistent with the Charter of Rights and Freedoms The essays in this volume set out to explore these questions In their introduction the editors point out that constitutional order is tied to the exercise of power by law enforcement agencies and that if relations between the police and civil society continue to erode the exercise of force will rise a dangerous prospect for democratic societies

From Policemen to Revolutionaries: A Sikh Diaspora in Global Shanghai, 1885-1945 Yin Cao, 2017-10-10 From Policemen to Revolutionaries uncovers the less known story of Sikh emigrants in Shanghai in the late nineteenth and early twentieth centuries Yin Cao argues that the cross border circulation of personnel and knowledge across the British colonial and the Sikh diasporic networks facilitated the formation of the Sikh community in Shanghai eventually making this Chinese city one of the overseas hubs of the Indian nationalist struggle By adopting a translocal approach this study elaborates on how the flow of Sikh emigrants largely regarded as subalterns initially strengthened but eventually unhinged British colonial rule in East and Southeast Asia
