

Rural England A Study Of Socia

Mark Shucksmith, David L. Brown

Rural England A Study Of Socia:

Rural Social Work in the UK Colin Turbett, Jane Pye, 2024-04-30 This book draws together writers from various backgrounds to discuss issues that affect those working in rural social work settings on themes ranging from current issues that are common to rural localities including those arising from the Covid 19 pandemic to future challenges Common themes that run through all the chapters and hold them together include community and place stigma and alienation inequality and social justice and the environment Several of the chapters include a strong user voice and challenge cis heteronormative and other stereotypes of rural life by celebrating diversity in these communities The book will therefore be invaluable to rural practitioners students studying to work in rural settings and their educators as well as rural sociologists and policy makers

Rural England, 1086-1135 Reginald Lennard, 1966 **Social Research** Matthew David, Carole D Sutton, 2011-01-19 The perfect book for any student taking a research methods course for the first time The new edition of David and Sutton's text provides those new to social research with a comprehensive introduction to the theory logic and practical methods of qualitative quantitative and mixed methods research Covering all aspects of research design data collection data analysis and writing up Social Research An Introduction is the essential companion for all undergraduate and postgraduate students embarking on a methods course or social research project The second edition features Brand new chapters on visual methods case study methods internet research mixed methods and grounded theory Updated chapters on interviews questionnaire design surveys and focus groups Improved coverage of qualitative and quantitative methods of data analysis including practical instruction on the latest versions of software packages NVivo 8 and SPSS 18 An attractive new layout which aids navigability and enhances the book's student learning features A companion website www.uk.sagepub.com/david with PowerPoint slides and links to useful websites Many more practical examples helping bring theory to life Designed for social science students with no previous experience this book provides a balanced foundation in the principles and practices of social research

Research in the Social Scientific Study of Religion Joanne Marie Greer, David O. Moberg, 2001-04 Various articles are presented covering psychological sociological and cross cultural topics or relevance to religious spiritual researchers and academics

Handbook of Rural Studies Paul Cloke, Terry Marsden, Patrick Mooney, 2006-01-26 This is a unique interpretation of rural issues that will become essential reference for students scholars politicians developers and rural activists Imre Kovach President European Society for Rural Sociology Research director Institute for Political Sciences Budapest

Research in the Social Scientific Study of Religion, Volume 11 Joanne Marie Greer, David O. Moberg, 2021-11-22 The purpose of this book is to provide an outlet for original research articles examining the role and value of religious and spiritual constructs across the social sciences The aim of the series is to include an international and interfaith voice to this research dialogue An effort is made to be interdisciplinary and academically eclectic The articles in each volume represent a wide array of perspectives and research projects Most of the articles report the findings of quantitative or qualitative

investigations but some deal with methodology theory or applications of social science studies in the field of religion and some are applied demonstrating the relevance of the social sciences to religious organizations and their clergy The value of the volume is that it gives to researchers in this area a broad perspective on the issues and methods of religious research across a spectrum of academic disciplines The aim of the book is to stimulate a creative integrative dialogue that will enhance interdisciplinary research

Social Support Systems in Rural Italy Giovanni Gregorini, Luciano Maffi, Marco Rochini, 2023-05-02 This book examines the development of social support systems in the Modern age in the rural areas of the city states of Northern Italy This investigation achieves two main purposes first it allows researchers to understand the role occupied concretely by welfare and micro credit activities in the political and socio economic panorama of rural Northern Italy secondly it verifies to what extent the formation of a more or less structured support system influenced the establishment of local identity and the rooting of individuals The book brings together perspectives from different fields of research ranging from economic and political history to the study of the history of ecclesiastical institutions as well as integrating recent research on the anthropological value of welfare actions and the use of multiple historical sources It considers how the retreat of the welfare activity of the State associated with a depopulation of the rural areas of the peninsula and a steady increase of poverty into social fringes that were previously not affected by economic problems pushes us to investigate more carefully the dynamics that in the Ancien R gime gave shape to the support activities against indigence and poverty This book will be of interest to academics and students working in economic history and social history

Interpreting Rurality Gary Bosworth, Peter Somerville, 2013-10-15 The British countryside is a national institution most people aspire to live there many people use it for leisure and recreation and we can all watch rural life played out on our television screen read about it in novels or consume its imagery in art and cinematography The aim of this book is to explore the way that these aspirations and perceptions influence the way that the term rural is interpreted across different academic disciplines Definitions of rural are not exact leaving room for these interpretations to have a significant impact on the meanings conveyed in different areas of research and across different economic social and spatial contexts In this book contributors present research across a range of subjects allowing critical reflections upon their personal and disciplinary interpretations of rural This resulting volume is a collection of diverse chapters that gives an emergent sense of how the notion of rural changes and blurs as the disciplinary lens is adjusted In drawing together these strands it becomes clear that human relations with rural space morph materiality into highly complex representations wherein both disadvantage and social exclusion persist within a rurality that is also commodified consumed and cherished

Routledge International Handbook of Rural Studies Mark Shucksmith, David L. Brown, 2016-05-20 Rural societies around the world are changing in fundamental ways both at their own initiative and in response to external forces The Routledge International Handbook of Rural Studies examines the organisation and transformation of rural society in more developed regions of the world taking an

interdisciplinary and problem focused approach Written by leading social scientists from many countries it addresses emerging issues and challenges in innovative and provocative ways to inform future policy This volume is organised around eight emerging social economic and environmental challenges Demographic change Economic transformations Food systems and land Environment and resources Changing configurations of gender and rural society Social and economic equality Social dynamics and institutional capacity Power and governance Cross cutting these challenges are the growing interdependence of rural and urban the rise in inequality within and between places the impact of fiscal crisis on rural societies neoliberalism power and agency and rural areas as potential sites of resistance The Routledge International Handbook of Rural Studies is required reading for anyone concerned with the future of rural areas Rural social work

Richard Pugh, Brian Cheers, 2010-02-10 In much of the West the concerns of rural people are marginalised and rural issues neglected This stimulating book draws upon a rich variety of material to show why rural social work is such a challenging field of practice It incorporates research from different disciplines and places to provide an accessible and comprehensive introduction to rural practice The first part of the book focuses upon the experience of rurality The second part of the book turns to the development of rural practice reviewing different ways of working from casework through to community development This book is relevant to planners managers and practitioners not only in social work but also in other welfare services such as health and youth work who are likely to face similar challenges
