Ruricius Of Limoges And Friends A Collection Of Letters From Visigothic Gaul:

Ruricius of Limoges and Friends Ralph W. Mathisen, 2011 In an intimate and domestic way these letters describe what happened in Gaul after the final Roman withdrawal just before AD 480 They illustrate how literary life continued under barbarian rule and demonstrate how well to do Gauls responded to the changing times They provide priceless insights not only into the private and public lives of individual letter writers but also into life and activities in Visigothic Gaul at the local level in general In this regard they suggest how little impact the Visigoths actually had More than any other source these letters tell the tale of the end of Roman Gaul Publisher's description *Ruricius of Limoges and Friends*, 1999 **Ruricius of Limoges and Friends** Ruricius I (Bishop of Limoges), 1999 The fifth century brought great changes to Roman Gaul including the expansion of the Christian church the disappearance of the Roman imperial presence and the arrival and settlement of various barbarian peoples In this volume the letters of Ruricius bishop of Limoges c 485 510 and those written to him by Faustus of Riez Sedatus of Nîmes Caesarius of Arles Euphrasius of Clermont Graecus of Marseilles Victorinus of Frejus Sidonius Apollinaris Paulinus of Bordeaux and Taurentius give insight into the personal lives and feelings of those who experienced these transformations first hand The collection affords an unparalleled view of Gaul in the last quarter of the fifth century when it seemed that the Visigothic Kingdom of Toulouse would become the primary barbarian power in the region In an intimate and domestic way these personal correspondences describe what happened in Gaul after the final Roman withdrawal just before AD 480 They illustrate how literary culture continued under barbarian rule and demonstrate how well to do Gauls responded to the changing times They provide priceless insights not only into the private and public lives of the individual letter writers but also into life and activities in Visigothic Gaul at the local level in general Surprisingly they suggest how little impact the Visigoths actually had on many individuals present at the end of Roman Gaul *Ruricius of Limoges and Friends* Ruricius (Lemovicensis), Ralph W. Mathisen, 1997 *Late Antique Letter Collections* Cristiana Sogno, Bradley K. Storrin, Edward J. Watts, 2019-11-19 Bringing together an international team of historians classicists and scholars of religion this volume provides the first comprehensive overview of the extant Greek and Latin letter collections of late antiquity ca 300 600 c e Each chapter addresses a major collection of Greek or Latin literary letters introducing the social and textual histories of each collection and examining its assembly publication and transmission Contributions also reveal how collections operated as discrete literary genres with their own conventions and self presentational agendas This book will fundamentally change how people both read these texts and use letters to reconstruct the social history of the fourth fifth and sixth centuries *The Oxford Handbook of the Merovingian World* Bonnie Effros, Isabel Moreira, 2020-05-01 The Merovingian era is one of the best studied yet least well known periods of European history From the fifth to the eighth centuries the inhabitants of Gaul what now comprises France southern Belgium Luxembourg Rhineland Germany and part of modern Switzerland a mix of Gallo Roman inhabitants and Germanic arrivals under the political control of the Merovingian

dynasty sought to preserve use and reimagine the political cultural and religious power of ancient Rome while simultaneously forging the beginnings of what would become medieval European culture The forty six essays included in this volume highlight why the Merovingian era is at the heart of historical debates about what happened to Western Europe after the fall of the Roman Empire The essays demonstrate that the inhabitants of the Merovingian kingdoms in these centuries created a culture that was the product of these traditions and achieved a balance between the world they inherited and the imaginative solutions they bequeathed to Europe The Handbook highlights new perspectives and scientific approaches that shape our changing view of this extraordinary era by showing that Merovingian Gaul was situated at the crossroads of Europe connecting the Mediterranean and the British Isles with the Byzantine empire and it benefited from the global reach of the late Roman Empire It tells the story of the Merovingian world through archaeology bio archaeology architecture hagiographic literature history liturgy visionary literature and eschatology patristics numismatics and material culture

Being Christian in Vandal Africa Robin Whelan, 2024-05-10 *Being Christian in Vandal Africa* investigates conflicts over Christian orthodoxy in the Vandal kingdom the successor to Roman rule in North Africa ca 439 to 533 c e Exploiting neglected texts author Robin Whelan exposes a sophisticated culture of disputation between Nicene Catholic and Homoian Arian Christians and explores their rival claims to political and religious legitimacy These contests sometimes violent are key to understanding the wider and much debated issues of identity and state formation in the post imperial West [Arianism: Roman Heresy and Barbarian Creed](#) Guido M. Berndt, 2016-04-15 This is the first volume to attempt a comprehensive overview of the evolution of the Arian churches in the Roman world of Late Antiquity and their political importance in the late Roman kingdoms of the 5th 6th centuries ruled by barbarian warrior elites Bringing together researchers from the disciplines of theology history and archaeology and providing an extensive bibliography it constitutes a breakthrough in a field largely neglected in historical studies A polemical term coined by the Orthodox Church the side that prevailed in the Trinitarian disputes of the 4th century C E for its opponents in theology as well as in ecclesiastical politics Arianism has often been seen as too complicated to understand outside the group of theological specialists dealing with it and has therefore sometimes been ignored in historical studies The studies here offer an introduction to the subject grounded in the historical context then examine the adoption of Arian Christianity among the Gothic contingents of the Roman army and its subsequent diffusion in the barbarian kingdoms of the late Roman world *Converting Verse* David Ungvary, 2024 *Converting Verse* provides a fresh account of the ways Christian poets in the late Roman world especially those in the outlying provinces of Gaul reinvented Latin poetry s purpose and power during the turbulent fifth century a period that witnessed barbarian incursions the rise of monasticism and the collapse of the Western Roman Empire itself **The Genres of Late Antique Christian Poetry** Fotini Hadjittofi, Anna Lefteratou, 2020-10-12 Classicizing Christian poetry has largely been neglected by literary scholars but has recently been receiving growing attention especially the poetry written in Latin One of the

objectives of this volume is to redress the balance by allowing more space to discussions of Greek Christian poetry. The contributions collected here ask how Christian poets engage with and are conscious of the double reliance of their poetry on two separate systems: on the one hand the classical poetic models and on the other the various genres and sub genres of Christian prose. Keeping in mind the different settings of the Greek speaking East and the Latin speaking West the contributions seek to understand the impact of historical setting on genre, the influence of the *paideia* shared by authors and audiences and the continued relevance of traditional categories of literary genre. While our immediate focus is genre, most of the contributions also engage with the ideological ramifications of the transposition of Christian themes into classicizing literature. This volume offers important and original case studies on the reception and appropriation of the classical past and its literary forms by Christian poetry.
