## **Russia A History And An Interpretation Vol Ii:**

Readings in Russian Civilization Volume II Thomas Riha, 2009-02-15 This new and enlarged version of Readings in Russian Civilization is the result of fairly extensive revisions There are now 72 instead of 64 items 20 of the selections are new The first volume has undergone the least change with 3 new items of which 2 appear in English for the first time In the second volume there are 6 new items all of them appear in English for the first time The third volume has undergone the greatest revision with 11 new items of which 6 are newly translated from the Russian It is the editor's hope that items left out in the new edition will not be sorely missed and that the new selections will turn out to be useful and illuminating The aim throughout has been to cover areas of knowledge and periods which had been neglected in the first edition and to include topics which are important in the study of the Russian past and present The bibliographical headnotes have been enlarged with the result that there are now approximately twice as many entries as in the old edition New citations include not only works which have appeared since 1963 but also older books and articles which have come to the editor's attention From the Editor's Preface a judicious combination of seminal works and more recent commentaries that achieves the editor's purpose of stimulating curiosity and developing a point of view C Bickford O'Brien The Russian Review These three volumes cover quite well the main periods of Russian civilization The choice of the articles and other material is made by a competent and unbiased scholar Ivan A Lopatin Professor of Asian and Slavic Studies University of Southern California

**A History Of Russia Volume 2** Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world

*A History of Russia, Central Asia and Mongolia, Volume II* David Christian, 2018-03-12 Provides an all encompassing look at the history of Russia Central Asia and Mongolia Beginning with the breakup of the Mongol Empire in the mid thirteenth century Volume II of this comprehensive work covers the remarkable history of Inner Eurasia from 1260 up to modern times completing the story begun in Volume I Volume II describes how agriculture spread through Inner Eurasia providing the foundations for new agricultural states including the Russian Empire It focuses on the idea of mobilization the distinctive ways in which elite groups mobilized resources from their populations and how those methods were shaped by the region's distinctive ecology which differed greatly from that of Outer Eurasia the southern half of Eurasia and the part of Eurasia most studied by historians This work also examines how fossil fuels created a bonanza of energy that helped shape the history of the Communist world during much of the twentieth century Filled with figures maps and tables to help give readers a fuller understanding of what has transpired over 750 years in this distinctive world region

**A History of Russia Central Asia and Mongolia Volume II Inner Eurasia from the Mongol Empire to Today 1260**

2000 is a magisterial but accessible account of this area's past that will offer readers new insights into the history of an often misunderstood part of the world. Situates the histories of Russia, Central Asia, and Mongolia within the larger narrative of world history. Concentrates on the idea of Inner Eurasia as a coherent ecological and geographical zone. Focuses on the powerful ways in which the region's geography shaped its history. Places great emphasis on how mobilization played a major part in the development of the regions. Offers a distinctive interpretation of modernity that highlights the importance of fossil fuels. Offers new ways of understanding the Soviet era. A History of Russia, Central Asia, and Mongolia, Volume II is an ideal book for general audiences and for use in undergraduate and graduate courses in world history. The Blackwell History of the World Series. The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world. It will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time. The volumes are narrative in form, giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and political change. Each provides a systematic account of a very large subject but they are also both imaginative and interpretative. The Series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production.

**Nicholas I and Official Nationality in Russia 1825 - 1855** Nicholas V. Riasanovsky, 2023-04-28. Nicholas I and Official Nationality in Russia 1825-1855 developed from a much more modest interest in Uvarov's doctrine of Orthodoxy, autocracy, and nationality. During the author's study of the Slavophiles in particular, he became increasingly aware of the paucity of our knowledge of this so-called Official Nationality, frequently combined with a deprecating attitude toward it. Unable to find a satisfactory analysis of the subject, the author proceeded to write his own. This book largely organized itself as an exposition and discussion of the ideology, naturally occupied the central position, preceded by a brief treatment of its proponents. But Official Nationality reached beyond intellectual circles; lectures and books indeed for thirty years it ruled Russia. Therefore the author found it necessary to write a chapter on the emperor who in effect personally dominated and governed the country throughout his reign, to add a section on the imperial family, the ministers, and some other high officials to an account of the intellectuals who supported the state, and to sketch the application of Official Nationality both in home affairs and in foreign policy. In this manner, this title is able to bring the state doctrine and its role in Russian history into proper focus. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1969. Nicholas I and Official Nationality in Russia 1825-1855 developed from a much more modest interest in Uvarov's doctrine of Orthodoxy, autocracy, and nationality. During the author's study of the Slavophiles in particular, he became increasingly aware of

**History of Russia Volume 1** Walter G. Moss, 2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US Canada and around the world Moss's accessible history includes full treatment of everyday life the role of women rural life law religion literature and art In addition it provides many other features that have proven successful including a well organized and clearly written text references to varying historical perspectives numerous illustrations and maps fully updated bibliographies accompanying each chapter as well as a general bibliography a glossary and chronological and genealogical lists

**Nicholas I and Official Nationality in Russia, 1825-1855** Nicholas Valentine Riasanovsky, **Russia Enters the Twentieth Century** George Katkov, Erwin Oberländer, Nikolaus Poppe, Georg Von Rauch, 2025-06-30 First published in 1971 in its English translation *Russia Enters the Twentieth Century* provides a broad and detailed survey of Russia during the two decades leading up to the revolution An international team of scholars examines each significant aspect of Russian life to create a comprehensive portrait of Russia under Nicholas II 1894-1917 free from the myths imposed by historians who on both sides have tended to interpret it through the lens of the revolution that followed rather than studying it objectively as a distinct period This work serves as an important historical reference for students and researchers of Russian history

**Handbook on the History of Economic Analysis Volume II** Gilbert Faccarello, Heinz D. Kurz, 2016-07-27 This unique troika of Handbooks provides indispensable coverage of the history of economic analysis Edited by two of the foremost academics in the field the volumes gather together insightful and original contributions from scholars across the world The encyclopaedic breadth and scope of the original entries will make these Handbooks an invaluable source of knowledge for all serious students and scholars of the history of economic thought

**Since 1650** Carlton Joseph Huntley Hayes, Marshall Whithed Baldwin, Charles Woolsey Cole, 1967 *A History of Marxian Economics, Volume II* Michael Charles Howard, John Edward King, 2014-07-14 This second volume completes a critical history of the social political and theoretical forces behind Marxian economics the only work in English to offer such comprehensive treatment Beginning with Marxian analyses of the Great Depression and Stalinism it explores the theories developed to explain the long boom in Western capitalism after the Second World War Later chapters deal with post Leninist theories of imperialism and continuing controversies in value theory and the theory of exploitation After outlining recent work on the second slump the integration of rational choice theory into Marxism and the political economy of socialism the book concludes with a review and evaluation of Marxian theory over the whole period since Marx's death Praise for the first volume Howard and King have done an excellent job One comes away with the impression of Marxian economics being a vibrant subject relevant to the problems of these times and useful in practical matters Meghnad Desai *The Times Higher Education Supplement* Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in

durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
