Richard Sakwa

Russia Beyond Communism A Chronicle Of National Rebirth:

Russia Beyond Communism Vladislav Krasnov, W. George Krasnow, 2019-07-11 Vladislav Krasnov's book comes at the right moment to give American readers help in understanding the momentous changes taking place in the Russian heartland of the Soviet Union. What do they portend? When Western eyes were fixed by the media on the Gorbachev phenomenon and the perestroika slogan, Dr Krasnov was drawing our attention instead to the rapid coming of the future beyond Gorbachev. His timely analysis looked past the vain attempt of this last of the Soviet Marxian princes at salvaging Communism and on to the new world being born today in the ancestral lands of Russia.

Soviet Politics Richard Sakwa, 2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwa's successful textbook Soviet Politics: an introduction. Thoroughly revised and updated, it builds on the previous editions' comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991. The book is divided into five parts which focus on key aspects of Soviet politics. They are historical perspectives beginning with the Tsarist regime on the eve of Revolution; the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors; and Gorbachev's attempts to revive the system's institutions of Government such as the Communist Party, security apparatus, the military, the justice system, local government, and participation. Theoretical approaches to Soviet politics including class and gender politics, the role of ideology and the shift from dissent to pluralism; key policy areas: the command economy and reform, nationality politics and foreign and defence policy; an evaluation of Soviet rule and reasons for its collapse. Providing key texts and bibliographies, this book offers the complete history and politics of the Soviet period in a single volume. It will be indispensable to students of Soviet and post-Soviet politics as well as the interested general reader.

Communism in Russia Richard Sakwa, 2010-11-23 to follow

National Identity and Foreign Policy Ilya Prizel, 1998-08-13 This book is based on the premise that the foreign policy of any country is heavily influenced by a society's evolving notions of itself. Applying his analysis to Russia, Poland, and Ukraine, the author argues that national identity is an ever-changing concept influenced by internal and external events and by the manipulation of a polity's collective memory. The interaction of the narrative of a society and its foreign policy is therefore paramount. This is especially the case in East Central Europe where political institutions are weak and social coherence remains subject to the vagaries of the concept of nationhood. Ilya Prizel's study will be of interest to students of nationalism as well as of foreign policy and politics in East Central Europe.

Russian Nationalism Since 1856 Astrid S. Tuminez, 2000 This thoughtful book describes the range of nationalist ideas that have taken root in Russia since 1856. Drawing on a wide range of archival documents and unparalleled interview material from the post-Soviet period, Tuminez analyzes two cases: Russian panslavism in 1856-1878 and great power nationalism in 1905-1914, when aggressive nationalist ideas clearly influenced Russian foreign policy and contributed to decisions to go to war. Yet not all forms of nationalism have been malevolent, and the author assesses competing nationalist ideologies in the post-Soviet period to clarify the conditions

under which a particularly belligerent nationalism could flourish and influence Russian international behavior **New States, New Politics** Ian Bremmer, Ray Taras, 1996-12-28 Since its publication in 1993 *Nations and Politics in the Soviet Successor States* edited by Ian Bremmer and Ray Taras has established itself internationally as the genuinely comprehensive systematic and rigorous analysis of the nation and state building processes of the fifteen states that grew out of the 1991 collapse of the Soviet Union *New States New Politics Building the Post Soviet Nations* was first published in 1997 and succeeds and replaces the editors earlier book with a fresh collection of specially commissioned studies from the world's foremost specialists Far from eradicating tensions among the former Soviet peoples the disintegration of empire saw national minorities rediscovering long suppressed identities The contributors to *New States New Politics* bring together historical and ethnic backgrounds with penetrating political analysis to offer an intriguing record of the different roads to self assertion and independence being pursued by these young nations **Reflections On Russia** Dmitrii S Likhachev, 2019-09-16 Among the

most respected public figures in Russia today Dmitrii Sergeevich Likhachev has profoundly influenced generations of Soviet historians literary scholars philosophers and other intellectual and cultural leaders This is the only available English translation of his *Zametki o russkom* a collection of notes on nature as an essential compo **The American Bibliography of Slavic and East European Studies** Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology

Soil and Soul Elena Hellberg-Hirn, 2019-01-04 Originally published in 1998 in this book a number of stereotypes symbols and signs of Russia such as the double headed eagle the star bread and salt troika the Orthodox cross etc are presented as a consistent set of metaphors revealing a symbolic world made by and for the Russians in order to sustain and reinforce their group identity The Russian language culture and history form the basic core of the symbolic archive or thesaurus of Russianness from which the necessary images symbols and signs of identification are provided to manifest connection with the sphere of Russian identity Such symbolism may directly or obliquely refer either to the territory soil of Russia or to the ethnically specific traits of the Russian people soul Both soil and soul are emphatically personified in the symbolic image of Holy Russia Mother Russia Karl W. Ryavec, 2005 This unique study provides an original nitty gritty view of the true nature and operation of Russia's state bureaucracy from the imperial period to the present including the Putin presidency The only book length exploration of the problems and deficiencies of Russian bureaucracy since tsarist times this detailed work sheds important new light on Russian public administration an often overlooked but key barrier to Russian normalization and democratization

Uncover the mysteries within Crafted by is enigmatic creation, Embark on a Mystery with **Russia Beyond Communism A Chronicle Of National Rebirth** .
