Scripture Versus Science : Reconciling God's Ancient Wisdom with a Modern World View Robert D. Harter, PhD, 2015-07-12 With trepidation Dr Robert D Harter approached the subject of Earth origins and human development from the position of a lifelong Christian who is also a scientist He grew up in a rural Ohio Christian family and thoroughly understands the position of those who believe the Earth and everything in it was created a few thousand years ago At the same time he is a university professor who understands the basis upon which the Earth is claimed to be millions of years old Both positions cannot be correct and it is probable that neither is completely wrong Using a scientist's analytical approach Dr Harter evaluated and compared biblical anthropological and geological records In Scripture Versus Science he proposes a resolution to the increasingly heated argument about evolution While unlikely to provide a clear and definitive answer this book begins to thin the fog that has developed around it He states There has been a lot of fog associated with whether God created the universe and everything in it or whether it just happened by chance In writing this book I attempt to show that the ideas supporting the two views are not necessarily mutually exclusive In other words I hope I have allowed a bit of sun to shine through the fog

A Worldview Approach to Science and Scripture Carol Hill, 2019-11-19

Geologist Carol Hill examines how numerous apparent conflicts between Scripture and science can be resolved by understanding the ancient worldview of the scriptural authors and how it differs from our modern scientific worldview. This framework opens the door to clearing up longstanding questions such as: Are the Genesis patriarchs' ages real numbers? Are the days of creation actual 24-hour days? Where was the Garden of Eden located? Was Noah's flood global or local? Were Adam and Eve real people? Is evolution a belief or a fact? With photographs and diagrams throughout, Hill explores the meaning of the relevant biblical passages, the scientific data, and how the worldview approach addresses seeming contradictions. Anyone who has wrestled with these questions will find *A Worldview Approach to Science and Scripture* to be an invaluable resource for understanding the interplay between faith and the world. Carol Hill takes both Scripture and science seriously, affirming the inspiration of the Bible and the evidence for biological evolution. Deborah Haarsma, President of BioLogos: "This is one of the best one-volume works on the creation-evolution dialogue in print." Kenneth Keathley, Southeastern Baptist Theological Seminary: "Carol Hill's worldview approach brings the reader face-to-face with archeological, biblical, and scientific data that enable one to gain a new appreciation for what the Bible is trying to teach. This approach is a very helpful tool." James K. Hoffmeier, Trinity Evangelical Divinity School.

Milestones in the Evolving Theory of Evolution David Wool, 2020-11-18
The book illustrates how Darwin's theory has evolved about the development of the biological world before Darwin and great changes that took place with the incorporation of statistics and, after Darwin's death, of genetics and mathematics. The formation of Modern Synthesis, protein electrophoresis, and the discovery of DNA opened new avenues for the study of evolution.

Lords of the Scrolls: Literary Traditions in the Bible and Gospels Donald K. Sharpes, 2005
Lords of the Scrolls analyzes ancient literary sources to show how biblical and gospel scribes borrowed and imitated themes from earlier literature to create heroic legends around Hebrew figures and Jesus. Comparisons between the Epic of Gilgamesh, Enuma Elish, Canaanite, Egyptian, and Greek legends, Homeric epics, the histories of Herodotus, and selected biblical and gospel passages reveal thematic and literary similarities. Tracing literary classics from the birth of writing to the first millennium of the modern era, this book demonstrates that Hebrew scribes used previous literature to establish a national identity and that gospel scribes borrowed heavily from Homer to create epic legends around the person of Jesus.

Biblical Judgments Daphne Barak-Erez, 2024
Analyzes the classical stories of the Hebrew Bible through the lens of modern law.

The Word of Truth Dale Moody, 1981-01-16
