Scotland Yard Peter Laurie,1970 **The Metropolitan Police and the British Film Industry, 1919-1956** Alex Rock,2023-06-15 This groundbreaking book investigates the murky relationship between the Metropolitan Police Press Bureau and the British film industry shedding new light on police media relations Beginning with the culture of suppression during the interwar period when retired police inspectors were threatened with loss of pension should they become involved with the film industry the relationship shifted when a forgotten pioneer of public relations Percy Fearnley was appointed to the role of Metropolitan Police Public Information Officer in 1945 Fearnley was the first ever journalist to take up this role and through him the Metropolitan Police embarked on a series of collaborations with the highest echelons of postwar British cinema including J Arthur Rank Ealing Studios and Gainsborough Studios Using newly declassified internal Metropolitan Police and Home Office correspondence Alexander Charles Rock tells the story of the Metropolitan Police s project to manipulate the British film industry into producing propaganda under the guise of mainstream entertainment cinema In doing so he offers a radical re reading of the context of production of a number of canonical British films such as *The Blue Lamp* 1950 *I Believe In You* 1952 and *Street Corner* 1953 *Routledge International Handbook of Police Ethnography* Jenny Fleming,Sarah Charman,2023-01-31 Ethnography has a long history in the humanities and social sciences and has provided the base line in the field of police studies for over 60 years We have recently witnessed a resurgence in ethnographic practice among police scholars and this Handbook is a response to that revival Students and academics are returning to the ethnography arena and the study of police in situ to explain the evocative worlds of the police The list of ethnographic sites is vast and all have fed the rejuvenation of ethnographic endeavour Together they suggest innovation theoretical depth broad geographical boundaries multi site experiments and multi disciplinarity all of which are central to the exploration of police and policing in the twenty first century This Handbook encapsulates the revival of police ethnography by exploring its multidisciplinary field and cataloguing the ongoing ethnographic work It offers an original and international contribution to the field of police studies and research methods providing a comprehensive and overarching guide to police ethnography We see the previous classics in every page and still note the influence of the early ethnographers At the same time we see the innovative breadth and diversity of these narratives The aim of this Handbook is to highlight the mosaic that is police ethnography at a point in time and note with pleasure its contribution to the field once more Ethnography may be messy difficult and at times uncooperative but its results offer a unique insight into the perspectives of people and organisations that can hide in plain sight An accessible and compelling read this Handbook will provide a sound and essential reference source for academics researchers students and practitioners engaged in police and criminal justice studies *Document Retrieval Index* ,1974 *The Routledge Handbook of Jack the Ripper Studies* Anne-Marie Kilday,David Nash,Katherine D.
