Scottish Voices:

Voice and New Writing, 1997-2007 M. Inchley, 2015-03-14 In New Labour's empathetic regime how did diverse voices scrutinize its etiquettes of articulation and audibility Using the voice as cultural evidence Voice and New Writing explores what it means to have a voice in mainstream theatre and for newly included voices to negotiate with the institutions that find and represent their identities **Bodies and Voices** Anna Rutherford, European Association for Commonwealth Literature and Language Studies. Conference, 2008 The articles investigate representations in literature both by the colonizers and colonized Many deal with the effect the dominant culture had on the self image of native inhabitants They cover areas on all continents that were colonized by European countries **Urban Voices** Paul Foulkes, Gerard Docherty, 2014-04-23 Accents and dialects are constantly undergoing small variations over time but evidence shows that change may have become increasingly rapid in the past few decades Urban Voices presents one of the few recent surveys of this phonological variation and change in urban accents across Great Britain and Ireland Each of the specially commissioned chapters is divided into two parts The first provides a detailed description of accent features within one or more urban centres including information on social and stylistic variation and ongoing change The second discusses a range of current theoretical and methodological issues Some chapters present wholly new data based on fieldwork carried out specifically for inclusion in Urban Voices while others summarise data from well known research up dated and reanalysed in accordance with new findings Containing copious illustrative and pedagogic material this textbook presents a clear pathway to state of the art research for students of sociolinguistics dialectology phonetics and phonology at advanced undergraduate and graduate level In addition the detailed descriptive data and the accompanying cassette constitute a valuable resource for students and teachers of English clinicians and speech therapists forensic phoneticians researchers in speech recognition and speech synthesis and actors Contributors Deborah Chirrey Edge Hill University College Beverley Collins Rijks Universiteit Leiden Netherlands Gerard J Docherty University of Newcastle UK Paul Foulkes University of Leeds UK Nigel Hewlett Queen Margaret College Raymond Hickey University of Essen Germany Paul Kerswill University of Reading UK Anne Grethe Mathisen University of Oslo Norway Kevin McCafferty Universitetet i Tromsø Norway Inger Mees Copenhagen Business School Denmark Lesley Milroy University of Michigan USA Mark Newbrook Monash University Australia James M Scobbie Queen Margaret College UK Jana Stoddart Olomouc Czech Republic Jane Stuart Smith University of Glasgow UK Laura Tollfree Monash University Australia Peter Trudgill University of Fribourg Switzerland Alice Turk University of Edinburgh UK Clive Upton University of Leeds UK Dominic Watt University of Leeds UK J D A Widdowson University of Sheffield UK Ann Williams University of Reading UK **Scotland and the Union** Hector MacQueen, 2019-08-05 No detailed description available for Scotland and the Union **Silenced Voices and the Media** James Morrison, Sarah Pedersen, 2024-10-04 This edited collection delves into the multifaceted theme of Silenced Voices showcasing a diverse array of perspectives from scholars around the globe From

historical reflections to contemporary analyses the book examines the complex dynamics of voice suppression and enablement across different media landscapes Divided into four thematic sections the chapters explore the challenges faced by marginalized and mainstream voices alike From the portrayal of silenced narratives in the news media to the representation of underrepresented groups in cultural production the collection spans a wide spectrum of issues Authors employ varied methodological approaches to investigate the silencing of voices in the realms of politics society and professional media practices Offering fresh insights and critical reflections this volume serves as a timely contribution to ongoing debates surrounding freedom of expression fake news and the complexities of contemporary media environments

Scottish Voices, 1745-1960 T. Christopher Smout, Sydney Wood, 1991 Looking at some of the aspects of the social history of Scotland from 1745 to 1960 this book uses such themes as work love celebration religion sickness shopping and travel to illustrate the history of ordinary people doing everyday things Subjects and incidents cited include William Cobbett visiting a peasant bothy outside Edinburgh in 1832 a first hand account of the Glasgow tenements between the wars middle class affluence in early 19th century Edinburgh and life both above and below stairs in the grand houses of the gentry in the 1950s There is reportage from the Clearances set beside the letters and diary entries of the first recreational explorers of the Highlands the sportsmen and tourists

Dissident Voices Mike Wayne, 1998-09-20 Wayne s study offers an impressive range of readings and critical methodologies within a collection of exceptional coherence Dissident Voices is consistently compulsive reading and a must for all students and specialists in the field of recent and contemporary television culture Professor Madeleine MacMurrough Kavanagh University of Reading Two decades of institutional and structural changes in television broadcasting have both informed and reflected profound shifts in British culture How have programme makers themselves approached the tensions and anxieties of the last twenty years Dissident Voices examines the ways in which certain forms and genres have registered a period of cultural upheaval and to what extent they have developed a more reflexive and a more critical television culture This collection covers a broad range of issues including class gender and sexuality the monarchy identity and nationhood It examines their representation in a variety of dramas and genres including police procedurals documentaries game shows sitcoms and satire The contributors challenge the notion of television as a bland purveyor of the status quo presenting it as a complex and potentially subversive medium Television culture is portrayed here as still resistant to the total control of either markets or ideologies In an age of political consensus it is an important and popular site where anxiety about and dissent from current social trends frequently surface

English - One Tongue, Many Voices Jan Svartvik, Geoffrey Leech, 2016-01-19 This is the fully revised and expanded second edition of *English One Tongue Many Voices* a book by three internationally distinguished English language scholars who tell the fascinating improbable saga of English in time and space Chapters trace the history of the language from its obscure beginnings over 1500 years ago as a collection of dialects spoken by marauding illiterate tribes They show how the

geographical spread of the language in its increasing diversity has made English into an international language of unprecedented range and variety The authors examine the present state of English as a global language and the problems pressures and uncertainties of its future online and offline They argue that in spite of the amazing variety and plurality of English it remains a single language

The Demotic Voice in Contemporary British Fiction J. Scott,2009-05-14 This book is an assessment of narrative technique in contemporary British fiction focusing on the experimental use of the demotic voice regional or national dialects The book examines the work of James Kelman Graham Swift Will Self and Martin Amis amongst many others from a practical as well as theoretical perspective

The Broken Journey Kenneth Roy,2016-10-12 This is the second volume of Kenneth Roy s magisterial trilogy on the history of Scotland since the Second World War The first volume *The Invisible Spirit A Life of Post War Scotland 1945-75* was met with immediate acclaim This new volume brings the story much closer to the present day and traces enthrallingly the social political and cultural threads which lead directly to the Scotland we live in today Along the way the author describes the oil boom in Shetland Scotland s doomed campaign at the World Cup in Argentina the Orkney child sex abuse scandal the Lockerbie bombing the massacre of schoolchildren and a teacher at Dunblane the cloning of Dolly the sheep and much more Kenneth Roy uses his record of events to mount a searing critique of the Scottish body politic of the time and its key personalities and institutions In sparkling often very funny prose the country is anatomized in a way which will make uncomfortable reading for many current politicians and public office holders today The book culminates in a referendum and the inauguration of the new Scottish parliament Echoes of present day aspirations antagonisms and concerns are all too evident

A Glasgow Voice Christine Amanda Müller,2011-05-25 This book focuses on James Kelman a leading Scottish author and his use of language It examines how Kelman presents a spoken Glasgow working class voice in his stories while breaking down the traditional distinction made between speech and writing in literature Three main themes are explored the use of Glaswegian Scots language the inclusion of working class discourse features and an expressive preference for spoken over written forms Kelman s writing is approached through an examination of his use of punctuation spelling vocabulary grammar swearing and body language Throughout examples from Kelman s writing are analysed and statistical comparisons are made between his writing and the Scots Corpus of Texts and Speech In summary the reader will find a detailed and systematic analysis of Kelman s use of language in literature showing linguistic patterns identifying key textual strategies and features and comparing these to the standards that precede him and those that surround his work

Linguistics for Language Learners A.F. Hartley,1982-09-16

Uniting the Kingdom? Alexander Grant,Keith Stringer,2002-11 A group of Britain s most prestigious historians assemble to explore the formation of the UK its history and its identity Traditional regional and chronological frontiers are broken down as medievalists modernists and early modernists debate

Orwell's Island Les Wilson,2023-09-21 Revered across the globe as an author of compelling novels journalism and essays that came to define the twentieth century George Orwell was an unmatched political

visionary shining a light on the insidious nature of propaganda Yet this chronicler of war social injustices and urban poverty spent his later years living in a rustic abandoned farmhouse that was miles from the nearest neighbor His rural escape was on the remote Scottish island of Jura another paradox given that he had harbored an irrational prejudice against Scotland for much of his life In 1946 Orwell arrived at his isolated home of Barnhill as a grieving widower living in the shadow of war and the nuclear threat It was there he wrote his masterpiece Nineteen Eighty Four Beyond the writing desk he was transformed his new life was one of natural beauty and tight knit community and he grew to love a corner of the world that he had once dismissed Orwell s Island casts important new light on a great modern thinker and author No previous biography has revealed so much about Orwell s later years or his time on Jura despite this being where he created Big Brother the Thought Police and Room 101 creations still in common currency today

The Broadcast Voice Jenni Mills,2012-08-21 Anyone working or aspiring to work as a radio or TV presenter will benefit from Jenni Mills experience This inspirational book and tutorial packed CD provide unique access to the advice previously only available through her one on one coaching sessions Jenni teaches how to get the best from your voice in front of the microphone through techniques and exercises designed specifically for broadcasting She covers both the physical aspects of voice production and the mind set needed to broadcast with authority and warmth Audio and video clips on the accompanying CD Rom illustrate the dos and don ts discussed in the book as well as demonstrating voice exercises

Questioning Scotland E. Bell,2004-09-20 Questioning Scotland considers the ways in which Scottish Literature has often been discussed in parochial essentialist terms It suggests that Scottish literary studies must now expand its conceptual boundaries in order to account for changes taking place at wider European and global levels It is literary based but also scrutinizes the methodological construction process of national traditions Drawing on wider theories of postmodernism post nationalism and globalism it will help map the changing nature of national studies and Scottish studies in particular The Thistle and the Brier Richard Blaustein,2003-02-25 Scotland and Southern Appalachia have always shared a strong connection Many of the first people to permanently settle in the Appalachian mountains came from the Scottish highlands seeking religious and other freedoms Many descendants of those first settlers from Scotland still make their homes in Southern Appalachia and attribute many aspects of their culture to their Scottish heritage This book explores the parallels and connections between Scotland and Southern Appalachia with special attention to the interplay between revivals of folk culture native languages and dialects in Scotland and Appalachia since the 1970s It covers contemporary Scottish and Appalachian cultural movements particularly the links between cultural revivals and identity politics and contains substantial

references that increase its value as an authoritative scholarly work on the convergence of the cultures Scotland Rising
Gerry Hassan, 2022-09-20 The Scottish independence question is one of the pivotal questions facing British politics and the future of the United Kingdom It is also one of the most contentious and misunderstood In Scotland Rising Gerry Hassan addresses the fundamental questions covering the Scottish independence debate so that people can better understand the case for independence and the nuances contours and implications for the whole United Kingdom Looking beyond the merits and shortcomings of the SNP and the Conservative government in Westminster Hassan tackles the larger driving dynamics of the Scottish Question a growing desire amongst many Scots for an explicit discussion about society public policy choices and wider values Addressing the constitutional framework and questions about the role of government and democracy the nature of the British state society and capitalism Scotland Rising makes an urgent and intelligent contribution to one of the defining political questions of our time The Oxford Handbook of Voice Perception Sascha Frühholz, Pascal Belin, 2019 Speech perception has been the focus of innumerable studies over the past decades While our abilities to recognize individuals by their voice state plays a central role in our everyday social interactions limited scientific attention has been devoted to the perceptual and cerebral mechanisms underlying nonverbal information processing in voices The Oxford Handbook of Voice Perception takes a comprehensive look at this emerging field and presents a selection of current research in voice perception The forty chapters summarise the most exciting research from across several disciplines covering acoustical clinical evolutionary cognitive and computational perspectives In particular this handbook offers an invaluable window into the development and evolution of the vocal brain and considers in detail the voice processing abilities of non human animals or human infants By providing a full and unique perspective on the recent developments in this burgeoning area of study this text is an important and interdisciplinary resource for students researchers and scientific journalists interested in voice perception
