Scottish Chapbook Literature William Harvey, 1903 **Scottish Chapbook Literature (Classic Reprint)** William Harvey, 2015-07-21 Excerpt from Scottish Chapbook Literature The diffusion of knowledge by means of the Chapbook practically began with the introduction of printing into Scotland From the days when the Gude and Godlie Ballates of the Wedderburns were put in circulation down to the middle of last century the chapman was a travelling publisher of much importance In crowded mart and on solitary moor he plied his calling there he sold his broadsides by the ream here he tempted the reading rustic to a judicious selection from his pack in both cases he did what he could to spread knowledge and line his pockets The object of this volume is to provide a brief account of the chapman and his literary wares to present a short survey of the literature of the common people during a period of three centuries to trace the rise and influence of the Chapbook and to mark its decay or rather its blending into the cheap publication of the present time About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Previous scholarly treatment of this sub literature has been scant at best and mainly concentrated on the English example with a distinct emphasis on ballads The definition of the chapbook in the historiography is incomplete repetitive in some case and contradictory in others The issue was further complicated by the fact that these items were ephemeral and it was only through the efforts of the nineteenth century collector that so many survive Their often subjective criteria influenced the exmplars that survived for further research This definition of the Scottish chapbook is explored in this thesis by the utilisation of an extensive database of catalogued Scottish chapbooks held in the UK which is currently the largest of its kind With such a large database it is now possible to categorically state that there was a typical chapbook whilst at the same time

acknowledging the significance of the atypical chapbook The typical Scottish chapbook can be defined as an eight page ballad with one illustration in the title page unauthored and printed in Glasgow by the Booksellers making up more than 80% of chapbooks that survive Generally the typographic quality was not poor but was executed in consideration of its commercial aims The initial quantitative enquiry is complemented by a more inclusive approach to the Scottish chapbook which recognises it as a codex literature and commercial item This thesis has made two significant changes to the definition of the chapbook First it is clear that each feature is integral to formulating a useful and flexible chapbook definition Second despite the aforementioned note without doubt it is the role of the chapman which truly defines the Scottish chapbook Significantly without an understanding of the chapman's evolving role up to 1830 it is impossible to accurately trace the evolution and demise of the chapbooks themselves

The Press and the People Adam Fox, 2020 This groundbreaking study examines the production of ephemeral literature and the creation of a mass reading public in lowland Scotland between the sixteenth and eighteenth centuries The Press and the People transforms our understanding of popular culture in early modern Scotland and Britain more widely

Street Literature of the Long Nineteenth Century David Atkinson, Steve Roud, 2017-08-21 For centuries street literature was the main cheap reading material of the working classes broadsides chapbooks songsters prints engravings and other forms of print produced specifically to suit their taste and cheap enough for even the poor to buy Starting in the sixteenth century but at its chaotic and flamboyant peak in the nineteenth street literature was on sale everywhere in urban streets and alleyways at country fairs and markets at major sporting events and holiday gatherings and under the gallows at public executions For this very reason it was often despised and denigrated by the educated classes but remained enduringly popular with the ordinary people Anything and everything was grist to the printers mill if it would sell A penny could buy you a celebrity scandal a report of a gruesome murder the last dying speech of a condemned criminal wonder tales riddles and conundrums a moral tale of religious danger and redemption a comic tale of drunken husbands and shrewish wives a temperance tract or an ode to beer a satire on dandies an alphabet or reed a ma daisy reading made easy to teach your children an illustrated chapbook of nursery rhymes or the adventures of Robin Hood and Jack the Giant Killer Street literature long held its own by catering directly for the ordinary people at a price they could afford but by the end of the Victorian era it was in terminal decline and was rapidly being replaced by a host of new printed materials in the shape of cheap newspapers and magazines penny dreadful novels music hall songbooks and so on all aimed squarely at the burgeoning mass market Fascinating today for the unique light it shines on the lives of the ordinary people of the age street literature has long been neglected as a historical resource and this collection of essays is the first general book on the trade for over forty years

Literature of Scotland Roderick Watson, 2006-11-24 Critics hailed the first edition of The Literature of Scotland as one of the most comprehensive and fascinatingly readable accounts of Scottish literature in all three of the country's languages Gaelic Scots and English In this extensively revised and expanded new edition Roderick Watson traces

the lives and works of Scottish writers in a beautiful and rugged country that has been divided by political and religious conflict but united too by a democratic and egalitarian ideal of nationhood *The Literature of Scotland The Twentieth Century* provides a comprehensive account of the richest ever period in Scottish literary history From *The House with the Green Shutters* to *Trainspotting* and far beyond this companion volume to *The Literature of Scotland The Middle Ages* to the Nineteenth Century gives a critical and historical context to the upsurge of writing in the languages of Scotland Roderick Watson covers a wide range of modern and contemporary Scottish authors including MacDiarmid MacLean Grassie Gibbon Gunn Robert Garioch Iain Crichton Smith Alasdair Gray Edwin Morgan James Kelman Irvine Welsh Alan Warner A L Kennedy Liz Lochhead John Burnside Jackie Kay Kathleen Jamie and many many more Also featuring an extended list of Further Reading and a helpful chronological timeline this is an indispensable introduction to the great variety of Scottish writing which has emerged since the start of the twentieth century **Reference Catalogue of Current Literature** ,1910

Street Ballads in Nineteenth-Century Britain, Ireland, and North America David Atkinson, Steve Roud, 2016-04-01 In recent years the assumption that traditional songs originated from a primarily oral tradition has been challenged by research into street literature that is the cheap printed broadsides and chapbooks that poured from the presses of jobbing printers from the late sixteenth century until the beginning of the twentieth Not only are some traditional singers known to have learned songs from printed sources but most of the songs were composed by professional writers and reached the populace in printed form *Street Ballads in Nineteenth Century Britain Ireland and North America* engages with the long running debate over the origin of traditional songs by examining street literature's interaction with and influence on oral traditions

Edinburgh History of Scottish Literature: Modern Transformations: New Identities (from 1918) Ian Brown, 2006-11-13 In almost a century since the First World War ended Scotland has been transformed in many rich ways Its literature has been an essential part of that transformation The third volume of the *History* explores the vibrancy of modern Scottish literature in all its forms and languages Giving full credit to writing in Gaelic and by the Scottish diaspora it brings together the best contemporary critical insights from three continents It provides an accessible and refreshing picture of both the varieties of Scottish literatures and the kaleidoscopic versions of Scotland that mark literary developments since 1918 Cheap Print and Street Literature of the Long Eighteenth Century David Atkinson, Steve Roud, 2023-09-04 This deeply researched collection offers a comprehensive introduction to the eighteenth century trade in street literature ballads chapbooks and popular prints in England and Scotland Offering detailed studies of a selection of the printers types of publication and places of publication that constituted the cheap and popular print trade during the period these essays delve into ballads slip songs story books pictures and more to push back against neat divisions between low and high culture or popular and high literature The breadth and depth of the contributions give a much fuller and more nuanced picture of what was being widely published and read during this period than has previously been available It will be of great value to scholars and students of

eighteenth century popular culture and literature print history and the book trade ballad and folk studies children s literature
and social history **The Reference Catalogue of Current Literature** ,1906 **Modern Scottish Literature** Alan
