Global Auteurs Brian Michael Goss, 2009 *Global Auteurs* employs auteur theory to examine the work of three contemporary and innovative directors Pedro Almodóvar, Lars von Trier, and Michael Winterbottom. With extensive background information on the global film industry and on auteur theory and its implications for ideological critique, this book's insightful case studies examine both ideologies the filmmakers re-circulate and ideologies that they confront in textual form. The discussion of Pedro Almodóvar devotes particular attention to mass mediation, the family, and gender in the corpus of his films, while Lars von Trier's corpus is interpreted as driven by a motif that characterizes all of his films: the failed idealist. Michael Winterbottom's body of work presents a genre-diverse post-MTV style concerned with outsiders and taboo representation and truth and human rights. *Global Auteurs*' sophisticated approach to decoding film is suitable for graduate and undergraduate courses on film, global mass media, and contemporary Europe.

Introducing Morphology Rochelle Lieber, 2015-09-24 Morphology is the study of how words are put together. A lively introduction to the subject, this textbook is intended for undergraduates with relatively little background in linguistics. Providing data from a wide variety of languages, it includes hands-on activities such as challenge boxes designed to encourage students to gather their own data and analyze it, work with data on websites, perform simple experiments, and discuss topics with each other. There is also an extensive introduction to the terms and concepts necessary for analyzing words. Unlike other textbooks, it anticipates the question: is it a real word? and tackles it head-on by looking at the distinction between dictionaries and the mental lexicon. This second edition has been thoroughly updated, including new examples and exercises, as well as a detailed introduction to using linguistic corpora to find and analyze morphological data.

Bina Anakana Schofield, 2021-02-02 A provocative feminist novel about a woman who persists despite the violence, injustice, and oppression that fill her world. Treats problems of social care slantwise with a caustic charm liable to leave you blindsided by its most painful turns. Powerful, funny, and highly manipulative. *Guardian* *Bina* is a woman who's had enough and isn't afraid to say so. I'm here to warn you, not reassure you, she announces at the book's outset. In a series of taut, urgent missives, she attempts to set the record of her life straight and, in doing so, to be useful to others. Yet being useful is what landed her in jail. Empathy is her Achilles' heel. Her troubles seem to stem from an injured stranger named Eddie, and they multiply when her charity extends from delivering meals to the elderly to working with the dying. No good deed of hers goes unpunished, and the costs of her capacity for care are legion, as one by one she is denied her

livelihood her health and her freedom Yet her voice continues resolutely an act of friendship in itself Bina is an unsettling thought provoking novel of formal inventiveness and moral and emotional complexity by a bold and talented writer
