The Crime Novel Anthony Channell Hilfer, 1990-10-01 Although rarely distinguished from the detective story, the crime novel offers readers a quite different experience. In the detective novel, a sympathetic detective figure uses reason and intuition to solve the puzzle, restore order, and reassure readers that right will always prevail. In the crime novel, by contrast, the hero is either the killer, the victim, a guilty bystander, or someone falsely accused, and the crime may never be satisfactorily solved. These and other fundamental differences are set out by Tony Hilfer in *The Crime Novel*, the first book that completely defines and explores this popular genre. Hilfer offers convincing evidence that the crime novel should be regarded as a genre distinct from the detective novel, whose conventions it subverts to develop conventions of its own. Hilfer provides in-depth analyses of novels by Georges Simenon, Margaret Millar, Patricia Highsmith, and Jim Thompson. He also treats such British novelists as Patrick Hamilton, Shelley Smith, and Marie Belloc Lowndes, as well as the American novelists Cornell Woolrich, John Franklin Bardin, James M. Cain, and Fredric Brown. In addition, he defines the distinctions between the American crime novel and the British, showing how their differences correspond to differences in American and British detective fiction. This well-written study will appeal to a general audience as well as teachers and students of detective and mystery fiction. For anyone interested in the genre, it offers valuable suggestions of what to read next.

Shadows of the Spirit Gene Ferrier, 2004-07 A young girl's mother commits suicide on her 16th birthday. Soon after, her father sends her to live with a grandmother she's never met on a mysterious island in the Gulf of Mexico, 36 miles from the Louisiana Coast. Once there, she encounters a woman more harsh and cruel than anyone she's ever known, yet at the same time begins to piece together the fragments of her family's past. A past more bizarre and intriguing than anything she could have imagined. Yet the real clues to her family's past lay hidden within an abandoned house hidden deep within the cypress swamp. A house with a terrible history. It's there that the ghosts of the past reveal themselves and awaken in the young girl truths that her grandmother has tried so desperately to hide. Truths that threaten to shatter her very existence on the island and her relationship with a young man as mysterious as the island itself. Yet once these secrets are revealed, they are so terrible that she will spend the rest of her life trying to conceal them.
