Scripture And Exegesis In Early Imami Shiism:

Scripture and Exegesis in Early Imāmī-Shiism Me'ir Mikha'el Bar-Asher, 1999 An examination of the features and methods of Imami exegesis *Scripture and Exegesis in Early Imāmī Shiism* Meir M. Bar-Asher, 2021-09-20 Since the publication in 1921 of Ignaz Goldziher's *Die Richtungen der islamischen Koransauslegung* which includes a discussion of Imami exegesis no comprehensive work on this topic has appeared In the intervening years important Imami commentaries on the Qur'an have become available making possible a reappraisal of the subject The present study aims to contribute to this task primarily by examining the features and methods of Imami exegesis Principally it offers a description and analysis of the major tenets of Imami doctrine as reflected in the earliest Imami works of exegesis and related sources up to the Major Occultation of the twelfth Imam in 329/941 These include among others the belief in a primordial covenant between God and the Shāh and the superhuman and mystical qualities with which the Imams were graced such as their God-given infinite knowledge their intercession on behalf of their community their immunity from sin and error etc Other tenets relate to the attitude of Imami Shiism to its enemies e.g. the duty to denigrate and dissociate from them These and similar ideas are constant motifs in Imami exegesis and are linked time and again with various Qur'anic verses Relying on classical and modern Arabic sources Sunni and Shāh alike as well as on a wide range of western research Meir Bar-Asher sheds new light on the Imami methods of exegesis and on the principal Imami doctrines as reflected in the early Imami exegetical corpus **Qur'anic Sciences and Shi'i Exegesis** Abbas Bahmanpour, 2017-01-01 The current work provides a comprehensive vista on the sciences of the Qur'an as developed in the Shi'i context It is a systematic presentation of Shi'i literature on various aspects of Qur'anic exegesis Leading figures of Qur'anic scholarship in the Shi'i world have contributed to this volume exploring a wide array of subjects such as revelation methodology of exegesis hermeneutics reasons for revelation definite and indefinite verses improbability of distortion and the thematic unity of different chapters of the Qur'an Also included in this volume are scholarly expositions on four classical Shi'i exegeses namely *al-Tibyan* *Majma al-Bayan* *Kanz al-Irfan* and *Tafsir* of Mulla Sadra Moreover three modern masterpieces *Al-Mizan* *Nimunih* and *Tasnim* authored by twentieth century Shi'i exegetes in Iran are examined

The Art and Material Culture of Iranian Shi'ism Pedram Khosronejad, 2011-11-30 Shi'i Islam has been the official religion of Iran from the Safavids 1501/1732 to the present day The Shi'i world experience has provided a rich artistic tradition encompassing painting sculpture and the production of artefacts and performance which has helped to embed Shi'i identity in Iran as part of its national narrative In what areas of material culture has Iranian Shiism manifested itself through objects or buildings that are unique within the overall culture of Islam To what extent is the art and architecture of Iran from the Safavid period onwards identifiably Shi'i What does this say about the relationship of nation-state and faith in Iran Here leading experts trace the material heritage of Iranian Shiism within each of its political religious and cultural dimensions

Between the Ideal and the Real Akeel Abbas,2024-06-04 *Between the Ideal and the Real* describes why Iraq state building and democratic transformation failed by offering a very new and unusual perspective away from the usual blame assigned to the US that has become part of the conventional wisdom about Iraq and the Middle East Although the book acknowledges US failings in Iraq the main argument it presents is that the main causes of failure lie in a problematic alliance between Iraqi Shiite Islamist parties and the clerical establishment in Najaf led by Ayatollah Sistani To appreciate this new perspective the book takes you into the history of Iraqi Shiism both as a set of doctrinal and theological beliefs about the world and a lived experience by ordinary Iraqi Shias The book argues that this understanding hindered Shias from embracing many products of modernity such as nationalism individualism humanism and democratic rule by consolidating a primordial group identity that ties people to the past a particular kind of past based on doctrinal supremacy and historical victimhood Combined the two have the negative effect of depriving ordinary Iraqi Shias of a personal sense of agency and contributing to a general spirit skeptical of difference The book also documents people's push back against this restrictive approach to reality in a variety of contexts Based on extensive historical and doctrinal research into the distant past of Shiism the book links the past to the present by examining the unfortunate consequences that grow out of the insistence to allow pre modern values determine the modern experience of life Sufism Alexander Knysh,2019-03-19 A pathbreaking history of Sufism from the earliest centuries of Islam to the present After centuries as the most important ascetic mystical strand of Islam Sufism saw a sharp decline in the twentieth century only to experience a stunning revival in recent decades In this

comprehensive new history of Sufism from the earliest centuries of Islam to today Alexander Knysh a leading expert on the subject reveals the tradition in all its richness Knysh explores how Sufism has been viewed by both insiders and outsiders since its inception He examines the key aspects of Sufism from definitions and discourses to leadership institutions and practices He devotes special attention to Sufi approaches to the Qur'an drawing parallels with similar uses of scripture in Judaism and Christianity He traces how Sufism grew from a set of simple moral ethical precepts into a sophisticated tradition with professional Sufi masters shaykhs who became powerful players in Muslim public life but whose authority was challenged by those advocating the equality of all Muslims before God Knysh also examines the roots of the ongoing conflict between the Sufis and their fundamentalist critics the Salafis a major fact of Muslim life today Based on a wealth of primary and secondary sources Sufism is an indispensable account of a vital aspect of Islam *The Comparative Perspective* Andrea Ercolani,Manuela Giordano,2016-03-21 The book is the third and concluding part of the investigation on Submerged literature in ancient Greece and beyond The book expands the inquiry to a comparative perspective in order to test the validity and usefulness of the hermeneutical approach in other fields and cultures The comparative case studies deal with gnostic text Qumran texts the Hebrew Bible Early Christianity Cuneiform Texts Arabic Islamic literature ancient Rome Medieval China and contemporary southern Italy The volume tackles themes and questions relating to author and authorship cultural translation and transmission the interaction between orality and literacy myth and folktale A particular emphasis is given to anthropological themes and methods In this vein the book further explores dynamics of emergence and submersion in ancient Greece including cultural trends promoted respectively by Sparta and Athens The volume provides the reader with a wide range of tools and methodological suggestions to reconstruct literary phenomena and cultural processes in a given historical epoch and context as well as offering new insights for both classical and comparative studies *Islam in Historical Perspective* Alexander Knysh,2016-10-26 Islam in Historical Perspective provides readers with an introduction to Islam Islamic history and societies with carefully selected historical and scriptural evidence that enables them to form a comprehensive and balanced vision of Islam's rise and evolution across the centuries and up to the present day Combining historical and chronological approaches the book examines intellectual dialogues and socio political struggles within the extraordinary rich Islamic tradition Treating Islam as a social and political force the book also addresses Muslim devotional practices artistic creativity and the structures of everyday existence Islam in Historical Perspective is designed to help readers to develop personal empathy for the subject by relating it to their own experiences and burning issues of today It contains a wealth of historical anecdotes and quotations from original sources that are intended to emphasize its principal points in a memorable way This new edition features a thoroughly revised and updated text new illustrations expanded study questions and chapter summaries *The Crucifixion and the Qur'an* Todd Lawson,2014-10-01 The first book to examine the controversial Qur'anic phrase which divides Christianity and Islam According to the majority of modern Muslims and

Christians the Qur'an denies the crucifixion of Jesus and with it one of the most sacred beliefs of Christianity. However, it is only mentioned in one verse: "They did not kill him and they did not crucify him; rather, it only appeared so to them" and, contrary to popular belief, its translation has been the subject of fierce debate among Muslims for centuries. This innovative work is the first book devoted to the issue, delving deeply into largely ignored Arabic sources which suggest that the origins of the conventional translation may lie within the Christian Church. Arranged along historical lines and covering various Muslim schools of thought from Sunni to Sufi, *The Crucifixion and the Qur'an* unravels the crucial dispute that separates the World's two principal faiths.

Also studied in depth for the first time is the question of the identity of the sect through the Alaw-Sunn-Shi'ite triangle.
