Scripture in Context II William W. Hallo, James C. Moyer, Leo G. Perdue, 1983 In the summers of 1978 and 1980 William W. Hallo directed two National Endowment for the Humanities Summer Seminars both of which had the title Biblical History in its Near Eastern Setting These seminars conducted at Yale University have now resulted in two related collections of essays This second collection *Scripture in Context II* had its origins in the 1980 seminar Both seminars investigated in chronological sequence the major phases of ancient Near Eastern history and focused on the history literary traditions and religion of ancient Israel within the context of her cultural environs A major concern was to recognize and explore the implications of the way in which the native biblical and extra biblical literary traditions rendered account of themselves The methodology followed in the seminars and the resulting essays is the contextual approach This approach to the study of biblical history literature and religion is concerned not only to discover illuminating and insightful parallels between biblical and extrabiblical sources but also to note and recognize the implications of significant and important differences Jacket

Because I Am Compassionate David Nonnenmacher Jr., 2025-10-07 All of the law collections in the ancient world both biblical and cuneiform promoted humanitarian values that is justice for the lawbreaker and mercy for the needy Scriptural passages advocating for the needs of the widow and the orphan for example find parallels within the prologues of their Near Eastern legal contemporaries What is it then that makes the law of the Israelites stand out as righteous among the law collections of the surrounding nations as its author Yhwh claims Deut 4 8 With special attention to the Book of the Covenant Exod 21 23 this study shows how biblical law possesses a unique inherent and innovative

humanitarian outlook rooted in the compassionate character of Yhwh as modeled by his actions in the exodus narrative God's proclamation of compassion in Exod 22 26 27 serves as the initial focal point Each subsequent chapter zooms out further in scope Such compassion this study asserts not only establishes the basis for the Book of the Covenant's humanitarian values but also provides the motivation for its readers to live according to its directives

Ancient Israel: What Do We Know and How Do We Know It? Lester L. Grabbe, 2017-02-23 In *Ancient Israel* Lester L. Grabbe sets out to summarize what we know through a survey of sources and how we know it by a discussion of methodology and by evaluating the evidence The most basic question about the history of ancient Israel how do we know what we know leads to the fundamental questions of Grabbe's work what are the sources for the history of Israel and how do we evaluate them How do we make them speak to us through the fog of centuries Grabbe focuses on original sources including inscriptions papyri and archaeology He examines the problems involved in historical methodology and deals with the major issues surrounding the use of the biblical text when writing a history of this period *Ancient Israel* provides an enlightening overview and critique of current scholarly debate It can therefore serve as a handbook or reference point for those wanting a catalogue of original sources scholarship and secondary studies Grabbe's clarity of style makes this book eminently accessible not only to students of biblical studies and ancient history but also to the interested lay reader For this new edition the entire text has been reworked to take account of new archaeological discoveries and theories There is a major expansion to include a comprehensive coverage of David and Solomon and more detailed information on specific kings of Israel throughout Grabbe has also added material on the historicity of the Exodus and provided a thorough update of the material on the later bronze age

Israel in Egypt James K. Hoffmeier, 1999-03-18 Scholars of the Hebrew Bible have in the last decade begun to question the historical accuracy of the Israelite sojourn in Egypt as described in the book of Exodus The reason for the rejection of the exodus tradition is said to be the lack of historical and archaeological evidence in Egypt Those advancing these claims however are not specialists in the study of Egyptian history culture and archaeology In this pioneering book James Hoffmeier examines the most current Egyptological evidence and argues that it supports the biblical record concerning Israel in Egypt

The Hebrew Bible and History: Critical Readings Lester L. Grabbe, 2018-12-27 These critical readings explore the history of ancient Israel from the Late Bronze Age to the Persian period as it relates to the Bible Selected by one of the world's leading scholars of biblical history the texts are drawn from a range of highly respected international scholars and from a variety of historical and religious perspectives presenting the key voices of the debate in one convenient volume Divided into five sections each featuring an introduction by Lester Grabbe the volume first covers general methodological principles before following the chronology of Israel's earliest history including two sections on specific cases studies the reforms of Josiah and the wall of Nehemiah A final chapter summarizes many of the historical principles that emerge in the course of studying Israelite history and an annotated bibliography points researchers towards further readings and engagements with these key themes

Creator, Redeemer, Consummator Howard Griffith, John R. Muether, 2007-08-01 One of the most able Old Testament scholars of the twentieth century Meredith Kline has done pathbreaking research and has opened new doors of understanding to the Scriptures If you want to interpret the Bible accurately you cannot afford to ignore the writings of Meredith Kline This volume is an appropriate tribute to the distinguished career and scholarly contributions of Meredith Kline Luder Whitlock former President Reformed Theological Seminary

Origins William W. Hallo, 2023-08-21 Origins is the first fully comprehensive study of the debt owed by modern western culture to Ancient Near Eastern civilization a debt touched upon by standard histories of the Ancient Near East but never as systematically investigated as here by William W. Hallo The author who has devoted a lifetime to the study of the Ancient Near East places the emphasis on the way the Ancient Near East continues to shape our Western world He takes an in depth look at the ancient origins of many institutions that are most essential to contemporary life and most often taken for granted In the exploration of the first half of history Hallo shows that modern ideas of urbanism and the formation of capital were first developed between 3000 500 BC and that aspects of 20th century agriculture manufacturing and trade go back to ancient Mesopotamia Egypt and Israel Special attention is given to the role played by women arguing that this was an often non traditional one for example women are shown to have been among the first authors in history who are actually known by their names The scope of the work is vast Hallo methodically examines a wide range of topics from the order of the alphabet to the coronation of kings and from schooling to the calendar An intriguing touch is provided by sections on games and on the world s oldest cookbooks This ground breaking study leaves the reader with a full appreciation of the legacy of the Ancient Near East to modern Western society in all its aspects It will be essential reading for researchers and general readers alike who are interested in the cultural history of the West as well as the history of the Ancient Near East

Encountering the Book of Genesis (Encountering Biblical Studies) Bill T. Arnold, 2003-01-01 This accessible introduction to the Book of Genesis examines introductory issues overarching themes and the overall argument of the book

The Book of Lamentations John Goldingay, 2022-02-01 The book of Lamentations is one of the most vivid representations of grief and trauma in the Hebrew Bible Written in the wake of the fall of Jerusalem to the Babylonian Empire it is comprised of five poems of twenty two stanzas each in a manner of tight formal unity unparalleled by any other work in the Scriptures In this volume widely respected Old Testament scholar John Goldingay analyzes these and other aspects of Lamentations while keeping a constant eye on the book s meaning and use as Christian Scripture After a thorough introduction that explores matters of background composition and theology Goldingay provides an original translation of the book from the Masoretic text along with verse by verse commentary

Human Rights in Deuteronomy Daisy Yulin Tsai, 2014-10-14 The humanitarian concerns of the biblical slave laws and their rhetorical techniques rarely receive scholarly attention especially the two slave laws in Deuteronomy Previous studies that compared the biblical and the ANE laws focused primarily on their similarities and

developed theories of direct borrowing This ignored the fact that legal transplants were common in ancient societies This study in contrast aims to identify similarities and dissimilarities in order to pursue an understanding of the underlying values promoted within these slave laws and the interests they protected To do so certain innovative methodologies were applied The biblical laws examined present two diverse legal concepts that contrast to the ANE concepts 1 all agents are regarded as persons and should be treated accordingly and 2 all legal subjects are seen as free dignified and self determining human beings In addition the biblical laws often distinguish an offender s criminal intent by which a criminal s rights are also considered Based on these features the biblical laws are able to articulate YHWH s humanitarian concerns and the basic concepts of human rights presented in Deuteronomy **Maternal Grief in the Hebrew Bible** Ekaterina E.

Kozlova,2017-05-26 Setting out from the observation made in the social sciences that maternal grief can at times be a motor of societal change Ekaterina E Kozlova demonstrates that a similar mechanism operates also in the biblical world Kozlova argues that maternal grief is treated as a model or archetype of grief in biblical and Ancient Near Eastern literature The work considers three narratives and one poem that illustrate the transformative power of maternal grief in the biblical presentation Gen 21 Hagar and Ishmael in the desert 2 Sam 21 1 14 Rizpah versus King David 2 Sam 14 the speech of the Tekoite woman Jer 31 15 22 Rachel weeping for her children Although only one of the texts literally refers to a bereaved mother 2 Sam 21 on Rizpah all four passages draw on the motif of maternal grief and all four stage some form of societal transformation **Symbol, Service, and Song** J. Nathan Clayton,2021-11-09 In the Old Testament the Levites stand as key ministry leaders for the worship of the people of God from their origins with Moses and the tabernacle to their service at the Jerusalem temple to their roles in the postexilic period This study proposes a multidimensional reading of the texts centered on the Levites in the Davidic narratives of 1 Chronicles 10 29 From a literary point of view the notion that the Levites are closely associated with the symbol of God s presence is explored From a historical perspective the roles of the Levites in expanding the service to God and his people is examined And from a theological perspective the means by which the Levites facilitate the song of God s people is studied Overall this work seeks to defend the idea that these texts contribute significantly to the rhetorical argumentation the historiographic method and the biblical theological meaning of the canonical books of Chronicles generally and of the Davidic narratives of 1 Chronicles 10 29 specifically as they emphasize the central role played by proper Levitical worship leadership at the time of David and during the challenging situation of the Chronicler s Yehudite postexilic audience *After Imperialism* Richard R Cook,David W Pao,2012-04-26 Is the Church merely a Western institution Where does Christianity fit in with Chinese identity Does Chinese Evangelism detract from Chinese culture This collection of essays addresses Christian Evangelism within a historical context to China s diverse character and explores prejudices and reactions to the evangelical movement throughout China The contributors of this volume are committed to the belief that evangelicalism continues to have the historical assets and intellectual hermeneutical and

The Levite Singers in Chronicles and Their Stabilising Role

Ming Him Ko, 2017-08-10 This study focuses on the Chronicler's special interest in Levite singers. It takes into consideration the socio-ideological milieu of the Jerusalem temple community in the Persian period and the Mesopotamian elite professional norms and practices that nourished the singers and their music. It also explores the conception of the earthly temple as representative of its heavenly counterpart and looks at the way in which this shaped the Chronicler's theological frame of reference. The work is divided into two parts. Part I examines the Mesopotamian scribal musical background to which Ko attributes the rise of music in Chronicles. Part II considers the Chronicler's ideological perspective, the language of the temple and the educational scribal and liturgical services of Levite singers. By focusing on the characterisation of the Levite singers in the light of their Mesopotamian counterparts, Ko shows how they sought to foster cosmic stability according to the terms of the Davidic covenant.
