Avec une préface par M. le Vicomte de la Guéronnière, etc Felix RIBEYRE, 1868 *The Morville Hours* Katherine Swift, 2011-05-01 Nobody writes about the garden like the English And few in England have ever been as eloquent or astute as Katherine Swift Some twenty years ago she and her husband leased a house in the town of Morville in Shropshire whose

garden became her passion Driven to uncover its history she takes readers on a journey through time back to the forces that shaped the garden linking the stories of those who lived in the house and tended the same red soil with her family's own

Spanning thousands of years The Morville Hours is also deeply personal a journey through the seasons but also one of self exploration of finding one's place in the world and putting down roots The Morville Hours takes the form of the medieval Books of Hours recalling the monastic past of the house Each chapter is named after one of the Hours of the Divine Office and summons vividly to life an hour of the day or night from the crunch of grass underfoot at midnight on a frosty New Year's Eve to a perfumed May Day morning when the whole world seems sixteen again from the enervating heat of a midsummer noon to the bloom of blue black damsons picked on a golden September afternoon Together they describe the arc of the gardening year and the arc of life

Medieval German Voices in the 21st Century ,2021-11-08 As witnessed by a tremendous upsurge in medieval research academic meetings innovative interpretive approaches enrolment numbers and public interest Medieval Studies are proving once again to be a vibrant field of investigations both inside and outside of academia Nevertheless there is a tendency among colleagues and administrators in the field of Germanistik German Studies to exclude the earlier period as an exotic and irrelevant subject matter The contributors to this volume all of whom teach at North American universities make a strong case for the paradigmatic function of medieval German literature for the general field of Germanistik and argue that many of the most recent changes in our discipline related to the German Studies paradigm have been foreshadowed by Medieval Studies where interdisciplinarity comparative approaches the consideration of Mentalitätsgeschichte theology history art history even gender studies and the history of everyday life have often constituted the conditio sine qua non Some of the authors in this volume argue for the relevance of medieval German literature by investigating concrete cases taken from the Middle Ages others show how modern German literature has been deeply influenced by medieval texts The purpose of this volume is not to privilege medieval literature over modern literature but instead to reclaim the premodern period as an important and relevant field of investigation within contemporary German Studies

Lloyd James Austin, Bertrand Marchal, Nicola Luckhurst, 2017-12-02 This collection of Stéphane Mallarmé's letters is an indispensable companion to the complete correspondence published by Gallimard in eleven volumes 1959-85. The collection comprises 143 letters dating from 1863 to 1898. Many are previously unpublished; others are published in their entirety for the first time. Not only is the life and work of the poet revealed through his letter writing but Austin's editorial notes also include the replies of Mallarmé's editors and fellow writers. A vivid dialogue emerges between the poet and his contemporaries. De l'allégorie au traité sur cette matière, 18?? **Proverbes, nouvelles, romans: La maîtresse anonyme. Carlo Broschi.
