Godsey,2018 The Sinews of Habsburg Power explores the domestic foundations of the immense growth of central European Habsburg power from the rise of a permanent standing army after the Thirty Years War to the end of the Napoleonic wars With a force that grew irregularly in size from around 25 000 soldiers to as many as half a million in the War of the Sixth Coalition the Habsburg monarchy participated in shifting international constellations of rivalry from western Europe to the Near East and in some two dozen partly overlapping armed conflicts Raising forces of such magnitude constituted a central task of Habsburg government one that ultimately required the cooperation of society and its elites The monarchy s composite territorial structures in the guise of the Lower Austrian Estates a leading representative body and privileged corps formed a vital if changing element underlying Habsburg international success and resilience With its capital at Vienna the archduchy below the river Enns the historic designation of Lower Austria was geographically politically and financially a key Habsburg possession Fiscal military exigency induced the Estates to take part in new and evolving arrangements of power that served the purposes of government in turn the Estates were able in previously little understood ways and within narrowing boundaries to preserve vital interests in a changing world The Estates survived because they were necessary not only thanks to their increasing financial potency but also because they offered a politically viable way of exacting ever larger quantities of money men and other resources from local society These circumstances would persist as ruling became more regularized formalized and homogenized and as the very understanding of the Estates as a social and political phenomenon was evolving   **Victorious and Vulnerable** Azar Gat,2010 Azar Gat

point towards depersonalization and secularization of rulership in Russia A comparison with Western Christendom frames the argument throughout the book both in terms of ideas and the practical aspects of state building allowing the reader to ponder Russia s differentia specifica **German Imperial Knights** Richard J. Ninness,2020-12-01 The German imperial knights were branded disobedient criminal or treasonous but instead of finding themselves on the wrong side of history they resisted marginalization and adapted through a combination of conservative and progressive strategies The knights tried to turn the elite world on its head through their constant challenges to the princes in the realms of both culture and governance They held their own chivalric tournaments from 1479 1487 and defied the emperor and powerful princes in refusing to obey laws that violated custom But their resistance led to a series of disasters in the 1520s their leaders were hunted down and their castles destroyed Having failed on their own they turned to Emperor Charles V in the 1540s and the imperial knighthood was formed This new status stabilized their position and provided them with important rights including the choice between Lutheranism and Catholicism During the Reformation era 1517 1648 no other German group embraced diversity in religion like the imperial knights Despite the popularity of Protestantism in the group they stood up to their princely adversaries now Protestant becoming champions of the Catholic Church and proved themselves just as staunch defenders of the Church as the Habsburg and Wittelsbach dynasties **The Politics of Female Households: Ladies-in-waiting across Early Modern Europe** ,2013-10-24 The Politics of Female Households is the first collection that seeks to integrate ladies in waiting into the master narrative of early modern court studies Presenting evidence and analysis of the multifarious ways in which women above stairs shaped the European courts of the sixteenth and seventeenth centuries it argues for a re assessment of their political influence The cultural agency of ladies in waiting is viewed in the reflection of portraiture pamphlets and masques their political dealings and patronage are revealed through analysis of letters family networks career patterns gift exchange and household structures as well as their activities in the fields of intelligence gathering and espionage By concentrating on a previously neglected area of female agency this collection demonstrates clearly that the political climate of Europe was often shaped outside the male dominated institutions of government and administration Contributors include Helen Graham Matheson Hannah Leah Crumm Katrin Keller Vanessa de Cruz Birgit Houben Dries Raeymaekers Janet Ravenscroft Una McIlvenna Rosalind K Marshall Oliver Mallick Cynthia Fry Nadine Akkerman Sara J Wolfson Fabian Persson and Jeroen Duindam *Institutional Change and Economic Development* Ha-Joon Chang,2007-11-15 Institutional Change and Economic Development discusses not just theoretical issues but a diverse range of real life institutions political bureaucratic fiscal financial corporate legal social and industrial in the context of dozens of countries across time and space spanning Britain Switzerland and the USA in the past to Botswana Brazil and China today Monarchisms in the Age of Enlightenment John Christian Laursen,Johan Cornelis Hendrik Blom,J C Laursen,Luisa Simonutti,H. neglect the concept of monarchy and monarchism focusing instead on the development of republicanism during this period Monarchisms in the Age of Enlightenment aims to correct this imbalance by illustrating that many thinkers of the seventeenth and eighteenth centuries in fact saw monarchy as a solution to the instability chaos and even violence of experiments with republican government Editors Hans Blom John Christian Laursen and Luisa Simonutti have brought together outstanding scholars in the field to correct many of the misleading stereotypes about monarchy and to explore the variety and dynamism of this form of government in early modern Europe Contributors explore four major themes monarchisms in the political thought of Spinoza Bayle F nelon Hume and Montesquieu enlightened Christian and millenarian monarchisms defending and resisting absolute monarchy and finally reflections on the British monarchy Fascinating and timely Monarchisms in the Age of Enlightenment will be of interest to historians political theorists political philosophers and political scientists **Prince, Pen, and Sword: Eurasian Perspectives** Maaike van Berkel,Jeroen Duindam,2018-01-22 Prince Pen and Sword offers a synoptic interpretation of rulers and elites in Eurasia from the fourteenth to the eighteenth century Four core chapters zoom in on the tensions and connections at court on the nexus between rulers and religious authority on the status function and self perceptions of military and administrative elites respectively Two additional concise chapters provide a focused analysis of the construction of specific dynasties the Golden Horde and the Habsburgs and narratives of kingship found in fiction throughout Eurasia The contributors and editors authorities in their fields systematically bring together specialised literature on numerous Eurasian kingdoms and empires This book is a careful and thought provoking experiment in the global comparative and connected history of rulers and elites **The Feud in Early Modern Germany** Hillay Zmora,2011-07-28 This groundbreaking book explains the widely accepted practice of feuding amongst noblemen and princes in its social context *The Cambridge History of Capitalism: Volume 1, The Rise of Capitalism: From Ancient Origins to 1848* Larry Neal,Jeffrey G.
