Theoleptos of Philadelphiea Theoleptos (Metropolitan of Philadelphiea), Robert Edward Sinkewicz, 1992 **The Text of a Coptic Monastic Discourse On Love and Self-Control** Carolyn Schneider, 2017-04-28 This book introduces a beautiful fourth century Coptic discourse on love and self control in its first English translation The text s heading attributes it to Athanasius bishop of Alexandria but this attribution is questionable Exploring issues of authorship and context this book locates the origins of On Love and Self Control in the Upper Egyptian Pachomian monastic community of the mid fourth century It then traces the various uses of On Love and Self Control to the late eleventh and early twelfth centuries when the single surviving manuscript was copied as part of an anthology at the Monastery of St Shenoute of Atripe A partial reconstruction of this now dismembered codex is provided

Learning as Shared Practice in Monastic Communities, 1070-1180 Micol Long, 2021-10-11 In this study Micol Long looks at Latin letters written in Western Europe between 1070 and 1180 to reconstruct how monks and nuns learned from each other in a continuous informal and reciprocal way during their daily communal life The book challenges the common understanding of education as the transmission of knowledge via a hierarchical master disciple learning model and shows how knowledge was also shared exchanged jointly processed and developed Long presents a new and more complicated picture of reciprocal knowledge exchanges which could be horizontal and bottom up as well as vertical and where the same individuals could assume different educational roles depending on the specific circumstances and on the learning contents See inside the book

Ecclesiastical Discourses William Bernard Ullathorne, 1876 *AN4 - Collection of Numbered Speeches* Tomás Morales y Durán, 2024-03-31 The fourth book of the A guttara Nik ya the Collection of the Numbered Discourses of the Buddha collects 783 suttas or discourses whose subject matter is centered on groups of four topics For example suttas are collected that speak of the four elements The groups of four give rise to repetitions of the type A B A and B and not A and not B or even A not A A and not A and not A and not A and not A They are also employed using four of the five precepts or groups of three to which a third component is added such as belief for example Although this is a book made to be read it is of little or no interest Only some sutta may be interesting although there are none that have a theme that is not intensely explained in the Sa yutta Nikaya Anecdotaly it is worth mentioning the suttas AN 4 61 where he says that with his legitimate wealth he defends himself from the threats of such things as fire floods rulers bandits or hateful heirs and AN 4 120 which tells us that the four dangers are fire floods rulers and bandits It is not the only time that the Buddha puts the critical focus on the figure of the rulers whose functions are against all ethics since their job is precisely to

steal kill and lie On the opposite side and marked with a double asterisk we find this time up to six false suttas AN 4 76 In Kusin r the Buddha says he is sure that in his Sa gha at least everyone has entered the stream nanda himself being there This is another sutta with a clear interpolation in defense of the attendant AN 4 118 Inspirational which is the precursor to a travel brochure in which the Buddha supposedly invites devotees to go on pilgrimage to the four most iconic sites including where he would die AN 4 127 Incredible things about the Tataghata some of which are incredible such as the galactic lights AN 4 129 Unbelievable things about nanda Yet another propaganda interpolation in favor of the wizard AN 4 130 Four incredible and amazing things about a wheel spinning monarch in which we again interpolate propaganda in favor of the wizard equating him to a universal monarch AN 4 187 With Vassak ra the gossip A strange sutta in which a brahmin tells a gossip to the Buddha which had a bearing on the plot of the text In short an arduous and exhaustive work of research and reconstruction to make known some texts that really do not contain anything of real interest Early Buddhist Oral Tradition Anālayo,2022-07-05 Introduction 1 The Recital of the Monastic Rules 2 Discourse and Verse Collections 3 Memory Errors 4 Systematization 5 Additions and Innovations 6 Implications of Orality Conclusion Abbreviations Notes References Index About the Author **The Tripitaka (Pali Canon) for travellers** , The All Complete Guides team comprises a dedicated group of experts who specialize in creating comprehensive resources for travel city exploration and language learning Our experts have journeyed to every corner of the globe from the bustling streets of the world s most vibrant cities to the serene landscapes of hidden destinations Their extensive travel experiences ensure that each guide is packed with practical tips insider knowledge and must see attractions making every trip an unforgettable experience Mipam on Buddha-Nature Douglas Samuel Duckworth,2016-10-24 Mipam ju mi pham rgya mtsho 1846 1912 is one of the most prolific thinkers in the history of Tibet and is a key figure in the Nyingma tradition of Buddhism His works continue to be widely studied in the Tibetan cultural region and beyond This book provides an in depth account of Mipam s view drawing on a wide range of his works and offering several new translations Douglas S Duckworth shows how a dialectic of presence and absence permeates Mipam s writings on the Middle Way and Buddha nature Arguably the most important doctrine in Buddhism Buddha nature is for Mipam equivalent to the true meaning of emptiness it is the ground of all and the common ground shared by sentient beings and Buddhas This ground is the foundation of the path and inseparable from the goal of Buddhahood Duckworth probes deeply into Mipam s writings on Buddha nature to illuminate its central place in a dynamic Buddhist philosophy **Gregory Palamas and the Making of Palamism in the Modern Age** Norman Russell,2019 This study presents a new perspective on an important fourteenth century Greek theologian Gregory Palamas *In Search of the Dharma* Chen-hua,1992-08-25 This is the first and only book in English on modern Chinese Buddhism written by a practicing Chinese monk Chen hua provides a rare eyewitness account of Chinese monastic life and Buddhist practices before they were changed forever by the Communist revolution It begins with his departure from home in northern China to study Buddhism in

Suchandana Chatterjee,2019-12-19 The ambit of Buddhist studies reflects not only the spiritual and philosophical domain of Buddhism but also a symbiotic relationship between the monastic establishment and protectors of cultural tradition a trend that one sees in the context of Buddhist revivalist projects in Mongolia and Buryatia The presence of a Buddhist order in the political realm has revived intellectual debates about the relationship between spiritual and temporal authority The interface between South Asian and South East Buddhism on the one hand and Central Asian Buddhism on the other is also delicately balanced in Buddhist cultural discourse The relevance of Buddhism in a globalized world has also given a new direction to the realm of Buddhist studies This book takes into account the competing discourses of preservation and revival of Buddhism in the trans Himalayan sector It not only deals with the cultural ethos that Buddhism represents in this region but also the diverse Buddhist traditions that are strongly entrenched despite colonial intervention Juxtaposed to the aesthetic variant is the extremely sensitive response of the Buddhist communities in India and Asiatic Russia centred round the issue of displacement It is this issue of duality of common traditions and fractured identities that has been dealt with in the present volume Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka *Understanding Deaf Culture* Paddy Ladd,2003-02-18 This book presents a Traveller s Guide to Deaf Culture

starting from the premise that Deaf cultures have an important contribution to make to other academic disciplines and human lives in general Within and outside Deaf communities there is a need for an account of the new concept of Deaf culture which enables readers to assess its place alongside work on other minority cultures and multilingual discourses The book aims to assess the concepts of culture on their own terms and in their many guises and to apply these to Deaf communities The author illustrates the pitfalls which have been created for those communities by the medical concept of deafness and contrasts this with his new concept of Deafhood a process by which every Deaf child family and adult implicitly explains their existence in the world to themselves and each other **To Train His Soul in Books** Robin Darling

Young,Monica J. Blanchard,2011-08-31 Flourishing from the inland cities of Syria down through the Tigris and Euphrates valley Syriac speakers in late antiquity created a new and often brilliant expression of Christian culture Although the origins of their traditions are notoriously difficult to trace authors of fourth century Syrian communities achieved sophisticated forms of expression whose content little resembles the Christian culture of their neighbors to the west From the fourth

through the seventh centuries they achieved religious works of great beauty and complexity Increasing interest in Syriac Christianity has prompted recent translations and studies To Train His Soul in Books explores numerous aspects of this rich religious culture extending previous lines of scholarly investigation and demonstrating the activity of Syriac speaking scribes and translators busy assembling books for the training of biblical interpreters ascetics and learned clergy Befitting an intensely literary culture it begins with the development of Syriac poetry the genre beloved by Ephrem and other anonymous authors It considers the long tradition of Aramaic and Syriac words for the chronic condition of sin and explores the dimensions of the immense work of Syriac translators with a study of the Syriac life of Athanasius Essays consider the activity of learned ascetics with a proposal of the likely monastic origin of the Apocalypse of Daniel the goal and concept of renunciation and the changes rung by Syriac speaking ascetics on the daily reality of housekeeping Also included in the volume are two essays on the influence of Syriac literary culture on Greek traditions and in turn ascetic life Finally an original poem in Syriac demonstrates the continuing vitality of this culture both in its homeland and in the Diaspora These essays seek to extend and honor the work of renowned scholar and pillar of the Department of Semitic and Egyptian Languages at the Catholic University of America Sidney H Griffith Robin Darling Young is associate professor of theology at the University of Notre Dame Monica J Blanchard is curator of the Semitics Institute of Christian Oriental Research Library at the Catholic University of America Contributors Joseph P Amar Gary A Anderson Monica J Blanchard Sebastian Brock Alexander Golitzin Susan Ashbrook Harvey Michael J Hollerich Francisco Javier Martinez Kathleen McVey Shawqi Talia and Robin Darling Young

Metaphrasis: A Byzantine Concept of Rewriting and Its Hagiographical Products, 2020-09-25 Metaphrasis A Byzantine Concept of Rewriting and Its Hagiographical Products represents a first and authoritative discussion of rewriting in Byzantium It brings together a rich variety of articles that treat the topic of hagiographical rewriting from various angles The contributors discuss and comment on different kinds of texts in Greek and other languages including Apophthegmata Patrum Passions Saints Lives Enkomia Miracle Collections Synaxaria and Menologia which date from late antiquity to late

Byzantium The volume offers a series of case studies examining how the same legends evolved through time by the process of rewriting It is shown that the main driving force behind such rewriting was adaptation to different audiences and contexts This work argues that rewriting is central to Christian cultures in the Middle Ages Contributors are Andria Andreou Anne Alwis Stavroula Constantinou Koen de Temmerman Kristoffel Demoen Marina Detoraki Bernard Flusin Laura Franco Martin Hinterberger Christian H gel Daria D Resh Klazina Staat Julie van Pelt Robert Wi niewski and John Wortley

The Resounding Soul Samuel Kimbriel, Eric Austin Lee, 2016-09-29 It is surely not coincidental that the term soul should mean not only the centre of a creature s life and consciousness but also a thing or action characterised by intense vivacity that bike s got soul It also seems far from coincidental that the same contemporary academic discussions that have largely cast aside the language of soul in their quest to define the character of human mental life should themselves be so bloodless or so lacking in soul The Resounding Soul arises from the opposite premise that the task of understanding human nature is bound up with the more critical task of learning to be fully human The papers collected here are derived from a conference in Oxford sponsored by the Centre of Theology and Philosophy and explore the often surprising landscape that emerges when human consciousness is approached from this angle Drawing upon literary philosophical theological historical and musical modes of analysis these essays remind the reader of the power of the ancient language of soul over against contemporary impulses to reduce fragment and overly determine human selfhood

Transactions of the Royal Historical Society: Volume 22 Ian W. Archer, 2013-01-03 A collection of major articles representing some of the best historical research by some of the world s most distinguished historians

Ottonian Queenship Simon MacLean, 2017-03-31 This is the first major study in English of the queens of the Ottonian dynasty 919 1024 The Ottonians were a family from Saxony who are often regarded as the founders of the medieval German kingdom They were the most successful of all the dynasties to emerge from the wreckage of the pan European Carolingian Empire after it disintegrated in 888 ruling as kings and emperors in Germany and Italy and exerting indirect hegemony in France and in Eastern Europe It has long been noted by historians that Ottonian queens were peculiarly powerful indeed among the most powerful of the entire Middle Ages Their reputations particularly those of the empresses Theophanu d 991 and Adelheid d 999 have been commemorated for a thousand years in art literature and opera But while the exceptional status of the Ottonian queens is well appreciated it has not been fully explained Ottonian Queenship offers an original interpretation of Ottonian queenship through a study of the sources for the dynasty s six queens and seeks to explain it as a phenomenon with a beginning middle and end The argument is that Ottonian queenship has to be understood as a feature in a broader historical landscape and that its history is intimately connected with the unfolding story of the royal dynasty as a whole Simon MacLean therefore interprets the spectacular status of Ottonian royal women not as a matter of extraordinary individual personalities but as a distinctive product of the post Carolingian era in which the certainties of the ninth century were breaking down amidst overlapping

struggles for elite family power royal legitimacy and territory Queenship provides a thread which takes us through the complicated story of a crucial century in Europe s creation and helps explain how new ideas of order were constructed from the debris of the past
