Monastic Quest And Interreligious Dialogue:

Monastic Quest and Interreligious Dialogue Gilbert G. Hardy, 1990 This work is a fascinating analysis of a timeless and timely topic It treats of the monastic fact both phenomenologically and philosophically reflecting on the contemporary role of monasticism in the acute issue of dialogue among major religions especially between Buddhism and Christianity Hardy s approach is refreshingly open to the challenge of religious pluralism at the same time it is conscientiously honest in stating the limits of dialogical discourse when it comes to religious truth claims **Monastic Quest and Interreligious Dialogue** is at once thought provoking sobering and inspiring

Catholics in Interreligious Dialogue Anthony O'Mahony, Peter Bowe, 2006 This volume brings together a wide ranging and engaging series of studies that witness to the depth of theological reflection that the contemporary Christian monastic and scholarly community are engaged in as the religious traditions seek to understand and relate to each other in a global context Catholic

The Dialogical Spirit Amos Yong, 2015-04-30 Contemporary proposals for Christian theology from post liberalism to Radical Orthodoxy and beyond have espoused their own methodological paradigms Those who have ventured into this domain of theological method however have usually had to stake their claims vis a vis trends in what may be called the contemporary post al age whether of the post modern post Christendom post Enlightenment post Western or post colonial varieties This volume is unique

among offerings in this arena in suggesting a way forward that engages on each of these fronts and does so from a particularistic Christian perspective without giving up on Christian theology's traditional claims to universality. This is accomplished through the articulation of a distinctive dialogical methodology informed by both Pentecostalism and Evangelicalism, one rooted in the Christian salvation history narrative of Incarnation and Pentecost that is yet open to the world in its many and various cultural, ethnic, religious, and disciplinary discourses. Amos Yong here engages with twelve different interlocutors representing different ecumenical, religious, and disciplinary perspectives. The Dialogical Spirit thus not only proffers a model for Christian theological method suitable for the twenty-first century global context but also exemplifies this methodological approach through its interactions across the contemporary scholarly inter-religious and theological landscape.

Pneumatology and the Christian-Buddhist Dialogue Amos Yong, 2012-07-26 Recent thinking in Christian theology of religions has taken a pneumatological turn which asks how the doctrine of the Holy Spirit can contribute to the interreligious dialogue and to the emerging discourse of comparative theology. *Pneumatology and the Christian Buddhist Dialogue: Does the Spirit Blow through the Middle Way?* tests the viability of this approach as applied to the Christian-Buddhist dialogue. Various Christian and Buddhist traditions are compared and contrasted within a pneumatological framework. Is the Holy Spirit to be found along the Buddha's middle way? Some Christians say yes while others demur. The thesis of this volume is that such a pneumatological perspective opens up possibilities for the deepening and transformation of Christian theology in the religiously plural world of the twenty-first century.

The Nun in the Synagogue Emma O'Donnell Polyakov, 2021-05-27 *The Nun in the Synagogue* documents the religious and cultural phenomenon of Judeo-centric Catholicism that arose in the wake of the Holocaust, fueled by survivors who converted to Catholicism and immigrated to Israel, as well as by Catholics determined to address the anti-Judaism inherent in the Church. Through an ethnographic study of selected nuns and monks, Emma O'Donnell Polyakov explores how this Judeo-centric Catholic phenomenon began and continues to take shape in Israel. This book is a case study in Catholic perceptions of Jews, Judaism, and the state of Israel during a time of rapidly changing theological and cultural contexts. In it, Polyakov listens to and analyzes the stories of individuals living on the border between Christian and Jewish identity, including Jewish converts to Catholicism who continue to harbor a strong sense of Jewish identity and philo-semitic Catholics who attend synagogue services every Shabbat. Polyakov traces the societal, theological, and personal influences that have given rise to this phenomenon and presents a balanced analysis that addresses the hermeneutical problems of interpreting Jews through Christian frameworks. Ultimately, she argues that despite its problems, this movement signals a pluralistic evolution of Catholic understandings of Judaism and may prove to be a harbinger of future directions in Jewish-Christian relations. Highly original and methodologically sophisticated, *The Nun in the Synagogue* is a captivating exploration of biographical narratives and reflections on faith, conversion, Holocaust trauma, Zionism, and religious identity that lays the groundwork for future research in the field.

The Routledge

Handbook of Buddhist-Christian Studies Carol Anderson, Thomas Cattoi, 2022-09-30 Buddhist Christian dialogue has a long and complex history that stretches back to the first centuries of the common era. Comprising 42 international and disciplinarily diverse chapters, this volume begins by setting up a framework for examining the nature of Buddhist Christian interreligious dialogue, discussing how research in this area has been conducted in the past and considering future theoretical directions. Subsequent chapters delve into important episodes in the history of Buddhist Christian dialogue, contemporary conversations such as monastic interreligious dialogue, multiple religious identity and dual religious practice, and Buddhist Christian cooperation in social justice, social engagement, pastoral care, and interreligious education settings. The volume closes with a section devoted to comparative and constructive explorations of different speculative themes that range from the theological to the philosophical or experiential. This handbook explores how the study of Buddhist Christian relations has been and ought to be done. The Routledge Handbook of Buddhist Christian Studies is essential reading for researchers and students interested in Buddhist Christian studies, Asian religions, and interreligious relationships. It will be of interest to those in fields such as anthropology, political science, theology, and history. Encyclopedia of Monasticism: A-L

William M. Johnston, 2000. First published in 2000. Routledge is an imprint of Taylor & Francis, an informa company. **Annual Review of the Sociology of Religion. Volume 5 (2014)**, 2014-11-13 In contrast with the growing belief in society that traditional religious institutions are losing credibility, there has been renewed interest in monasteries going beyond what is strictly defined as religious. There are, for example, increasingly numerous requests for cooking and gardening courses, as well as guided tours in monasteries, the appeal of monastic products, and media interest in the subject. In parallel with a strong crisis in its recruitment, monasticism in the Western world is experiencing a period of innovation and experiments accompanied by unexpected popularity, as is evidenced by numerous films and publications. We hope that this book will deepen the understanding of the specificity of monastic life in the contemporary world in a religious area and from a sociological point of view. **Cistercian Studies Quarterly**, 1997 Ecclesial Movements and Communities Brendan Leahy, Breandán Leahy, 2011 Leahy presents the movements as examples of the Church's charismatic dimension, a principle which Pope John Paul II described as co-essential with the hierarchical institutional dimension. Rev. Brendan Leahy is Professor of Systematic Theology at the Pontifical University of St. Patrick's College Maynooth in Ireland. He is a von Balthasar scholar and an ecumenist and has also written articles and books on interreligious dialogue issues facing the Church in the 21st century, renewal in the Church, and the priesthood. *Embracing Solitude* Bernadette Flanagan, Beverly Lanzetta, 2013-11-12 *Embracing Solitude* focuses on the interior turn of monasticism and scans the Christian tradition for women who have made this turn in various epochs and circumstances. New Monasticism is a movement assuming diverse forms in response to the turn to classical spiritual sources for guidance about living spiritual commitment with integrity and authenticity today. Genuine spiritual seeking requires the cultivation of an inner disposition to return to the room of the heart.

The lessons explored in this book from women spiritual entrepreneurs across the centuries will benefit contemporary New Monastics both women and men. The accounts will inspire challenge and guide those who follow in the footsteps of the renowned spiritual innovators profiled here. *Music and Identity in Twenty-First-Century Monasticism* Amanda J. Haste, 2023-10-20. Twenty first century monastic communities represent unique social environments in which music plays an integral part. This book examines the role of music in Catholic Anglican Episcopalian and neo monastic communities in Britain and North America engaging closely with communities of practice to provide a penetrating insight into the role of music in self care and as a vector for identity construction on both individual and community levels. The author explores the essential role of music in community dynamics the rationale for using instruments the implications of both chant based and freestyle composition gender related differences in musical activity the role of dance music made visible in community life the commodification of monastic music the Singing Nun phenomenon and the role of music in established and emerging neo monastic communities. The result is a comprehensive and compelling study of the agency of music in the construction and expression of personal and community identity. **The Oxford Handbook of Christian Monasticism** Bernice M. Kaczynski, 2020-09-29. The Handbook takes as its subject the complex phenomenon of Christian monasticism. It addresses for the first time in one volume the multiple strands of Christian monastic practice. Forty four essays consider historical and thematic aspects of the Catholic Eastern Orthodox Oriental Orthodox Protestant and Anglican traditions as well as contemporary new monasticism. The essays in the book span a period of nearly two thousand years from late ancient times through the medieval and early modern eras on to the present day. Taken together they offer not a narrative survey but rather a map of the vast terrain. The intention of the Handbook is to provide a balance of some essential historical coverage with a representative sample of current thinking on monasticism. It presents the work of both academic and monastic authors and the essays are best understood as a series of loosely linked episodes forming a long chain of enquiry and allowing for various points of view. The authors are a diverse and international group who bring a wide range of critical perspectives to bear on pertinent themes and issues. They indicate developing trends in their areas of specialisation. The individual contributions and the volume as a whole set out an agenda for the future direction of monastic studies. In today's world where there is increasing interest in all world monasticisms where scholars are adopting more capacious global approaches to their investigations and where monks and nuns are casting a fresh eye on their ancient traditions this publication is especially timely. **Context, Culture and Worship** Paul M. Collins, 2006. **Religious Life in a New Millennium Volume One** Sandra M. Schneiders, I.H.M., By Faith and Hospitality Pierre-Francois De Bethune, 2002. Today more than ever it is important that our faith be linked to hospitality to welcome the stranger in our midst. This book testifies to the fruitfulness of the process when applied to interfaith dialogue and shares the spiritual insights of experience gained in the Zen Buddhist monasteries in Japan. The author is Secretary General of the Commission for Monastic Interfaith Dialogue. *Spirituality*

The Concept of Inclusive Pluralism Cirilo Boloron Jr., 2022-05-16 When people of different cultures and religious traditions are being constantly drawn closer together interreligious dialogue becomes not only a strategy to understand the Others but also an attitude to deepen one's faith Christian faith acknowledges other religious traditions as genuine ways and channels of salvation for their adherents and that religions have a place in God's universal plan of salvation for humankind The plausibility of this assertion can be exemplified by the concept of inclusive pluralism a theological model developed by the Belgian born Jesuit theologian Jacques Dupuis This book expounds that concept and reflects on its implication for the Catholic Church's unwavering commitment to interreligious dialogue
