

The background of the book cover is a painting of a cloister walk. It shows a perspective view down a brick-paved path between stone walls. On the left, there are wooden railings. A large, dark tree trunk is on the left side. In the distance, a figure in a brown robe is walking away. The lighting is warm, suggesting a sunset or sunrise.

A Monastic Introduction to Sacred Scripture Thomas Merton, 2022-10-27 Thomas Merton gave numerous conferences during his decade 1955-1965 as novice master at the Cistercian Abbey of Gethsemani In *A Monastic Introduction to Sacred Scripture* Patrick F O Connell presents one of these a wide ranging introduction to biblical studies Drawing on church tradition teaching of recent papal documents and scholarly resources of the time Merton reveals the central importance of the Scriptures for the spiritual growth of his listeners For Merton at the heart of any meaningful reading of the Scriptures not only for monks but for all Christians is the invitation to respond not just intellectually but with the whole self to recognize the gospel as good news as a saving liberating consoling challenging word reflecting his fundamental belief that the Holy Spirit enlightens us in our reading to see how our own lives are part of these great mysteries how we are one with Jesus in them O Connell's extensive introduction situates this reflection in the context of Merton's evolving engagement with the Bible from his own days as a student monk through the mature reflections from his final years on the biblical renewal in the wake of the Second Vatican Council

Monastic Observances Thomas Merton, 2010 In this set of novitiate conferences from the late 1950s Thomas Merton provides a vivid and detailed introduction to the traditional pattern and practices of the monastic day during the period immediately preceding the momentous changes that would be introduced in the wake of the Second Vatican Council Combining practical instruction with spiritual and theological reflection this fifth volume of Merton's teaching notes brings the reader into the choir and chapter room scriptorium and cloisters of the Abbey of Gethsemani and provides insight into the ecclesial contemplative paschal and Trinitarian dimensions of Cistercian life Patrick F O Connell is professor in the departments of English and theology at Gannon University Erie Pennsylvania A founding member and former president of the International Thomas Merton Society he edits *The Merton Seasonal* and is coauthor with William H Shannon and Christine M Bochen of *The Thomas Merton Encyclopedia* He has edited four previous volumes of Thomas Merton's monastic conferences for the

Monastic Life: A Sign of Contradiction to the Fashionable Idols Bonnie B. Thurston,2016-02-09 Fairacres Publications 174 From its beginnings the monastic life has presented a counter cultural way of living a contemplative search for God dependent on simplicity of life at odds with society's latest fashions Monastic community life where the members are formed in love of God and of each other is a distinct challenge to idolatry and injustice reminiscent of the prophets of old Bonnie Thurston reflects on how the contemplative and prophetic voices of monasticism are expressed in the current context of twenty first century living *Western Monastic Spirituality* Roger Haight,Alfred Pach,Amanda Avila Kaminski,2022-06-07

Western Monastic Spirituality presents three authors as individuals certainly but also as textual informants who like road markers represent a line of the development of a Western monastic spiritual tradition John Cassian ca 360 435 helped bring the wisdom of northern Egyptian ascetical life of the late fourth century to southern France in the early fifth century Caesarius of Arles 468 470 542 drawing on his own monastic experience and Augustine's monastic rule composed a rule for a women's monastery in the city of Arles Not many years later Benedict wrote the most influential rule in Western monasticism one that still regulates the lives of monks today all over the world These three texts when looked at serially and together offer a theology of monastic spirituality an example of a relatively short but comprehensive early monastic rule and a present day Benedictine interpretation of how Benedict's monastic spirituality can be summed up in a short present day digest of his rule Reflection on early Western monasticism retrieves some basic Christian spiritual values that should inform life today outside the monastery in a busy secular culture

The Cistercian Fathers and Their Monastic Theology Thomas Merton, 2016 These conferences presented by Thomas Merton to the novices at the Abbey of Gethsemani in 1963 1964 focus mainly on the life and writings of his great Cistercian predecessor St Bernard of Clairvaux 1090 1153 Guiding his students through Bernard's Marian sermons his treatise On the Love of God his controversy with Peter Abelard and above all his great series of sermons on the Song of Songs Merton reveals why Bernard was the major religious and cultural figure in Europe during the first half of the twelfth century and why he has remained one of the most influential spiritual theologians of Western Christianity from his own day until the present As James Finley writes in his preface to this volume Merton is teaching us in these notes how to be grateful and amazed that the ancient wisdom that shimmers and shines in the eloquent and beautiful things that mystics say is now flowing in our sincere desire to learn from God how to find our way to God

The T&T Clark History of Monasticism John Binns, 2019-11-14 Despite its rich history in the Latin tradition Christian monasticism began in the east the wellsprings of monastic culture and spirituality can be directly sourced from the third century Egyptian wilderness In this volume John Binns creates a vivid authoritative account that traces the four main branches of eastern Christianity up to and beyond the Great Schism of 1054 and the break between the Catholic and Orthodox churches Binns begins by exploring asceticism in the early church and the establishment of monastic life in Egypt led by St Anthony and Pachomius He chronicles the expansion influence and later separation of the various Orthodox branches examining monastic traditions and histories ranging from Syria to Russia and Ethiopia to Asia Minor Culminating with both the persecution and the revival of monastic life Binns concludes with an argument for both the diversity and the

shared set of practices and ideals between the Orthodox churches creating a resource for both cross disciplinary specialist and students of religion history and spirituality

Liturgical Feasts and Seasons Thomas Merton, 2023-11-30 Liturgical Feasts and Seasons in this third volume of paper from Thomas Merton's conferences during his decade 1955-1965 as novice master at the Cistercian Abbey of Gethsemani his insight into the liturgical pattern of the Christian year and beyond is presented in fresh detail Merton's own commitment to this central dimension of Christian life is clear and nowhere more so than in his work introducing students to the patterns that would mark their lives as monks Though dating from the period just before the liturgical reforms of Vatican II Merton's commentaries remain pertinent The thoroughly annotated text is preceded by an extensive introduction situating this material in the context of Merton's lifelong writing on liturgy Moreover as his former student Br Paul Quenon notes in his foreword this context is one deeply rooted in Merton's understanding of Scripture These notes take us into one man's lifetime of reflection and seasoned experience of the Church Year In the Liturgical Feasts and Seasons Novitiate Conferences on Scripture and Liturgy 3 Patrick F O Connell deeply rooted in Merton's understanding of Scripture

The Life of the Vows Thomas Merton, 2012-09-01 As novice master of the Cistercian Abbey of Our Lady of Gethsemani in Kentucky Thomas Merton presented weekly conferences to familiarize his charges with the meaning and purpose of the vows they aspired to undertake In this setting he offered a thorough exposition of the theological canonical and above all spiritual dimensions of the vows Merton set the vows firmly in the context of the anthropological moral soteriological and ecclesial dimensions of human Christian and monastic life He addressed such classical themes of Christian morality as the nature of the human person and his acts the importance of justice in relation to the Passion of Christ to friendship and to love and self surrender as the key to grace prayer and the vowed life Merton's words on these topics clearly spring from a committed heart and often flow with the soaring intensity of style that we have come to expect in his more enthusiastic prose The texts of these conferences represent the longest and most systematically organized of any of numerous series of conferences that Merton presented during the decade of his mastership They may be the most directly pastoral work Merton ever wrote

Come and See Brendan Freeman, 2010-04-01 *Come and See* is a look inside the mind of a monk The Vision of monastic life proposed here is not new it is a Vision going back to the Desert Fathers of the fourth century And yet it is new because it is rooted in a place in the soul that never grows old Come and see where I live Jesus said to the disciples who were following him He could just as well have said come and see where you live where your real life is being lived Monastic spirituality is not some esoteric or Gnostic way of perceiving reality or understanding life It is a treasure hidden in the field of your own heart it is a universal spirituality that is the common inheritance of every human being it is a search for God From the atheist to the saint there is in the heart of all creatures a desire for ultimate meaning a desire for God In this sense everyone has the heart of a monk As you read this book you will meet some of the great themes of monastic life silence solitude community life prayer You will also be helped to find your most authentic self the self Thomas Merton spoke of when he said at the center of our being is a point of nothingness a point of pure truth Nothingness emptiness absence are important aspects of our spiritual journey There is a subtheme running through ancient monasticism that conceives of the monastery as a hospital a place for healing the soul the spirit the heart The place of the heart is highlighted in these conferences and homilies as an ancient theme so relevant to the modern person
