Clancy, 2003 Defining an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush Such is the case with impressionism which culls together the art of a multitude of painters in the mid 19th century including Monet C zanne Renoir Degas and van Gogh Basically impressionism involved the shedding of traditional painting methods The subjects of art were taken from everyday life as opposed to the pages of mythology and history In addition each artist painted to express feelings of the moment instead of hewing to time honoured standards This description of impressionism obviously is quite broad and can apply to a wide array of styles Nonetheless it remains a very important school in the annals of art Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world This book presents a sweeping study of this artistic period from its origins to its manifestations in the works of some of art history s most revered painters Following this overview is a substantial and selective bibliography featuring access through author title and subject indexes Monet's Passion .1989 In this best selling book Elizabeth Murray discusses the development and maintenance of Claude Monet's Giverny estate as well as Monet's color theories design elements and use of light and shade Richly illustrated with Murray's lush photographs of the present day Giverny gardens Monet s Passion also offers full color illustrations of the gardens drawn to scale and four Giverny based garden plans that can be executed anywhere **An Outline Of 19th Century European Painting Lorenz** Eitner, 2021-11-28 This one volume edition contains both text and plates and includes corrections in the text and bibliography made since the books publication in 1987 There are concise monographic chapters on the important artists and movements of the period with material on each artists life and work characteristics of style and the relationship of the artistic movements to historical and intellectual currents of the time The author covers a wide range of material and his presentation is lucid and perceptive Neoclassicism Romanticism Realism Academics and Salon Painters and Impressionism are covered and the following artists are included David Gros Girodet Grard Gurin Prudhon Goya Fuseli Blake Runge Friedrich Turner Constable
