culmination of Tim Fleming's 50 years of research into the Kennedy assassination. The book makes the case that Lee Harvey Oswald did not kill the president. Rather, an elaborate plot concocted and executed by a sinister covert cabal took Kennedy's life. The plotters who stood to gain the most from JFK's death, Lyndon Johnson and Allen Dulles, were abetted by powerful interests in government business and the military. Kennedy was moving America toward a permanent peace state, threatening the national security military establishment whose existence is dependent on a permanent war state. Since 1963, we have been at war or under a threat of war, spending nearly six of every ten tax dollars on defense. It is vital to expose the truth of who killed Kennedy and why if we are to understand the real history of America since 1963. Fleming draws a straight line from Dallas to the political and cultural divide that afflicts us today. *Blackwood's Magazine, 1817-25, Volume 5* Nicholas Mason, John Strachan, Anthony Jarrells, Tom Mole, Mark Parker, 2023-01-06.
