International Encyclopedia of Hospitality Management 2nd edition Abraham

Pizam,2012-06-25 The International Encyclopedia of Hospitality Management is the definitive reference work for any individual studying or working in the hospitality industry There are 185 Hospitality Management degrees in the UK alone This new edition updates and significantly revises twenty five per cent of the entries and has an additional twenty new entries New online material makes it the most up to date and accessible hospitality management encyclopedia on the market It covers all of the relevant issues in the field of hospitality management from a sectoral level lodging restaurants food service time share clubs and events as well as a functional one accounting and finance marketing strategic management human resources information technology and facilities management Its unique user friendly structure enables readers to find exactly the information they require at a glance whether they require broad detail that takes a more cross sectional view across each subject field or more focused information that looks closely at specific topics and issues within the hospitality industry today *International Encyclopedia of Hospitality Management* Abraham Pizam,2010 This encyclopedia covers all of the relevant issues in the field of hospitality management from both a sectoral level as well as a functional one It s unique user friendly structure enables readers to find exactly the information they require at a glance **Essential Financial Techniques for Hospitality Managers** Cathy Burgess,2014-09 The second edition of Essential Financial Techniques for Hospitality Managers a practical approach remains a user friendly and hands on introduction to finance and accounting in the hospitality industry This fully revised and updated edition continues to be a must have text for all students of Hospitality and a companion for all managers and employees and allows them to put their learning into practice to achieve immediate results Updated throughout with extensive new material especially in the fields of managing revenue and the use of spreadsheets it covers a vast range of sectors including hotels restaurants contract catering leisure tourism events cruise ships and theme parks In a non threatening manner and using a step by step approach it enables students employees and managers in all areas of the hospitality to Understand why the bottom line is important and how small actions can have big effects Contextualise the theory with case studies and examples using real life scenarios Use key management techniques to control their area of the business Calculate the effect of their actions on a range of areas of the business Each chapter has a full set of learning features such as bulleted objectives and summaries case studies and examples review questions and activities Accompanying the text is a suite of online resources including self test multi choice questions to evaluate understanding links to further resources and solutions to exercises in the text *Essential Financial Techniques for Hospitality Managers* Cathy Burgess,2010 A user friendly and hands on introduction to finance and accounting in the hospitality industry A fully revised and updated second edition of the bestselling Guide to MoneyMatters for Hospitality Managers it is a must have companion for all managers and employees **Planning Research in Hospitality and Tourism** Levent Altinay,Alexandros Paraskevas,2015-10-23 Planning Research in Hospitality and Tourism provides an accessible concise and practical guide to planning conducting and analysing research in tourism and hospitality The authors

skilfully introduce the basic principles and techniques of research in the international hospitality and tourism sectors and provide detailed guidance on both quantitative and qualitative methods of research. It includes a variety of features throughout to aid students' understanding and offers practical tips to help students overcome any potential research issues. Building on the success of the first edition, the volume has been fully revised and updated and contains new chapters on mixed methods and how to make best use of recent technology in research practices. The second edition also benefits from increased coverage of research design strategies including sampling, ethnography and experimental design, inclusion of computer-mediated data collection techniques such as online interviews, online focus groups and online observation, netnographic research, new and updated international case studies and extracts with a more even spread of tourism and hospitality examples, research online, student and lecturer resources including PowerPoint slides and a test bank of multiple choice and true/false questions for each chapter. Written by three leading scholars with experience of both the industry and university courses globally, this insightful text is an essential resource for all tourism and hospitality research students and early career research professionals around the world.

Planning Research in Hospitality & Tourism Levent Altınay, Alexandros Paraskevas, 2009-11-04. *Planning Research in Hospitality and Tourism* provides a concise and clear approach to planning research projects which are a necessity in most hospitality and tourism courses taught at degree level. The text considers the particular characteristics of the hospitality and tourism industry whilst providing a balanced approach toward both quantitative and qualitative methods of research. The text also carefully considers the international aspect of the industry and the people it employs, which supports the book's aims of providing an excellent understanding of the basic principles of conducting research in a straight-forward, no-nonsense guide. Carefully considering the particular characteristics of the hospitality and tourism sectors in relation to embarking on a research project in the area. Including in each chapter an International Dimension section as well as case studies, questions and reflections on the research process.

Handbook of Hospitality Strategic Management Michael Olsen, Jinlin Zhao, 2008-09-10. *Handbook of Hospitality Strategic Management* provides a critical review of mainstream hospitality strategic management research topics. Internationally recognized leading researchers provide thorough reviews and discussions reviewing strategic management research by topic as well as illustrating how theories and concepts can be applied in the hospitality industry. This book covers all aspects of strategic management in hospitality. The depth and coverage of each topic is unprecedented. A must-read for hospitality researchers and educators, students and industry practitioners.
