Holcroft,2010 A group of teenage Venturer Scouts must make a life and death decision when some Girl Guides are threatened by warring motorcycle biker gang members     **The Road to Nab End** William Woodruff,2000 The Road to Nab End is a marvelously evocative account of growing up poor in a British mill town From William Woodruff s birth in 1916 until he ran away to London at the age of sixteen he lived in the heart of Blackburn s weaving community in the north of England where the crash of 1920 left his family in extreme poverty     **Banksy** Will Ellsworth-Jones,2024-05-01 While hiding from the limelight Banksy has made himself into one of the world s best known living artists His pieces have fetched millions of dollars at prestigious auction houses He was nominated for an Academy Award for his film Exit Through the Gift Shop Once viewed as vandalism his work is now venerated fans have gone so far as to dismantle the walls that he has painted on for collection and sale But as famous as Banksy is he is also utterly unknown he conceals his real name hides his face distorts his voice and reveals his identity to only a select few Who is this man that has captivated millions How did a graffiti artist from Bristol England find himself at the center of an artistic movement How has someone who goes to such great lengths to keep himself hidden achieved such great notoriety And is his anonymity a necessity to continue his vandalism or a marketing tool to make him ever more famous Now in the first ever full scale investigation of the artist reporter Will Ellsworth Jones pieces together the story of Banksy building up a picture of the man and the world in which he operates He talks to his friends and enemies those who knew him in his early unnoticed days and those who have watched him try to come to terms with his newfound fame and success And he explores the contradictions of a champion of renegade art going to greater and greater lengths to control his image and his work Banksy offers a revealing glimpse at an enigmatic figure and a riveting account of how a self professed vandal became an international icon and turned the art world upside down in the process     A Woman with a Future Mrs. Alfred Sidgwick,1924     **No More Heroines?** Susan Bridger,Kathryn Pinnick,Rebecca Kay,1996 Based on case studies and personal interviews carried out in the Moscow region No More Heroines provides access to the thinking of women and their organisations in Russia today     *The IRA, 1968-2000* J. **The Art of Understanding Art** Hugh Moss, 2015-12-03 Have we completely missed the point of the modern western revolution in the arts Hugh Moss thinks so and here he presents a refreshingly original and thought provoking new approach to understanding art It not only makes sense of western art over the past century or more but applies equally to the art of any culture at any time all within one enlightening framework that well works This new perspective is impossible to ignore a theory that places art right at the centre of the evolution of human consciousness as a key driver of the process Argued with intelligence panache and wit **The Art of Understanding Art** provides a delightfully entertaining read that will change the way you think about and look at art whether you are a collector or would like to be a connoisseur an academic a student or of course an artist or would like to be It is illustrated with intriguing skill depth and humour by Peter Suart

**The Big Smallness** Michelle Ann Abate, 2016-02-12 This book is the first full length critical study to explore the rapidly growing cadre of amateur authored independently published and niche market picture books that have been released during the opening decades of the twenty first century Emerging from a powerful combination of the ease and affordability of desktop publishing software the promotional marketing and distribution possibilities allowed by the Internet and the tremendous national divisiveness over contentious socio political issues these texts embody a shift in how narratives for young people are being creatively conceived materially constructed and socially consumed in the United States Abate

explores how titles such as *My Parents Open Carry* about gun laws *It's Just a Plant* about marijuana policy and *My Beautiful Mommy* about the plastic surgery industry occupy important battle stations in ongoing partisan conflicts while they are simultaneously changing the landscape of American children's literature. The book demonstrates how texts like *Little Zizi* and *Me Tarzan You Jane* mark the advent of not simply a new commercial strategy in texts for young readers; they embody a paradigm shift in the way that narratives are being conceived, constructed, and consumed. Niche market picture books can be seen as a telling barometer about public perceptions concerning children and the social construction of childhood, as well as the function of narratives for young readers in the twenty-first century. At the same time, these texts reveal compelling new insights about the complex interaction among American print culture, children's reading practices, and consumer capitalism. Amateur-authored, self-published, and specialty subject titles reveal the way in which children, childhood, and children's literature are both highly political and heavily politicized in the United States. The book will be of interest to scholars and students in the fields of American Studies, children's literature, childhood studies, popular culture, political science, microeconomics, psychology, advertising, book history, education, and gender studies.
