Rodney Ballance, Jr., 2015-08-28 Many Christians are familiar with the story Jesus told about the rich young ruler He said a camel would sooner pass through the eye of a needle than the rich man would enter the kingdom of Heaven What some people don't realize when it comes to finances is that in the same book of the Bible Jesus also told the parable of the three servants given gifts by their master according to their abilities When the master returned from his travels he demanded an accounting of those gifts The master praised the two who had multiplied their gifts but cast the third out into the darkness and gnashing of teeth because he had not grown his gift This book *The Love of Money* not only explains that it's OK to be a Christian and build wealth but it also teaches you how to do it effectively while focusing your efforts on serving God Time Is Money Adidas Wilson , When you ask most people they will tell you they never expected the FIRE movement to get so popular Foregoing the pleasures of life and saving 50% of income in order to retire at 30 or 40 is not an easy thing to do In 2020 the FIRE movement is at its peak Unfortunately that means there's no more rising the only way to go is down Every day you see a story of someone who retired early and how they achieved that This is how you know that FIRE is at its peak Any investor knows that when you see the news in print you cannot invest because it is too late But it is usually a great time to sell Investors try to forecast the future Building true wealth is not just about making money At some point you have seen happy poor people and miserable rich people According to research the relationship between happiness and money is small The following ten principles will help you attain true wealth personally and financially Become Deeply Motivated Money cannot be considered a deep motivator Financial wealth has external benefits With money you can have big bank accounts fancy houses etc but you cannot buy happiness Since external goals have inherent limits they will limit your motivation
