Bank of Japan Monetary and Economic Studies ,1993 *International Competitiveness in Financial Services* Marvin H. Kusters,A.H. Meltzer,2012-12-06 financial markets suggests that factors such as differences in capital requirements limi tations on size or on the range of financial activities in which firms can engage govern ment guarantee arrangements for deposits or payments and reporting or disclosure requirements can have important effects on the efficiency of industrial and commercial firms and thus on the international competitive positions of major sectors of the U S economy Regulatory and tax policies must therefore take into account effects on inter national competitive positions in addition to domestic concerns The articles in this issue analyze differences in market organization and regulation across countries and examine how efficiency in producing financial services is influenced by these differences These articles were presented and discussed at a conference sponsored by the Amer ican Enterprise Institute in Washington D C on May 31 and June 1 1990 This confer ence on International Competitiveness in Financial Services brought to the attention of Washington policy officials these analyses by leading scholars in finance Publication of these studies and critiques in the Journal of Financial Services Research is intended to stimulate further interest in research on these important issues

The Golden Age of Capitalism Stephen A. Marglin,Juliet B. Schor,1991 For some twenty years after the Second World War Keynesian economic policies in countries of the capitalist West were successful in generating rapid growth with high employment This golden age of capitalism did not survive the economic traumas of the 1970s nor has the more recent emphasis on monetarist policies and supply side performance succeeded in regenerating comparable growth rates Blending historical analysis with economic theory this book seeks to understand the making and unmaking of this golden age questions the basis of much present policy making and suggests alternative directions for policy
