**James Bond - The Secret History** Sean Egan, 2016-02-25 James Bond entered the world in 1953 with the novel *Casino Royale* by Ian Fleming Since then the British secret agent codenamed 007 has become the biggest media phenomenon of the modern age surpassing and outlasting previous cultural icons such as Sherlock Holmes Tarzan and The Saint Bond has conquered all forms of media from books films and radio to comic strips and video games while inspiring a tidal wave of merchandise and a legion of imitators Although the world has changed almost beyond recognition since his debut his continuing relevance is affirmed by the multiple generations who have thrilled to his exploits This book for the first time provides the full enthralling story of how the espionage fantasies of a rather melancholy journalist came to captivate the world It exposes the setbacks behind the triumphs from Fleming's increasing boredom with his own creation to regular crises over re-casting of the cinematic Bond and legal battles in the 1990s that almost destroyed the film franchise With the help of Bond scholars Fleming intimates Bond film crew and others James Bond The Secret History shows how the man with the Licence to Kill overcame every hurdle to become the greatest fantasy hero of all time With a foreword by Jeremy Duns

**MY COLLECTION MAYBE YOURS! WHY WE MUST HAVE IT ALL** Terry Wayne Brownlee, 2019-05-15 What Do You Collect That depends on what demographic you belong to If you grew up in the 1960s and 1970s you are either a Trekkie or a Star Wars fan Or maybe you're more into Marvel or DC Universe Either way you know you were hooked into reliving the adventure For me I was there in the beginning as a baby boomer with all that was on TV music and movies It was all a good place to bring you back to all the thrill of your heroes and how one day you too can ride off into the sunset For me I did one better I got to act out a role just like my hero and do the very things they did With what you collect you buy movies music toys and anything connected with these treasured moments I am very sure what I collect is what people stored in their closets So sad I thought they should be sure what they collect to their friends and to the world For what you collect and are attracted to is part of a million no trillion dollar industry that grabs your attraction Here it begins my search on how we as baby boomers and generations beyond get caught up once in a never ending spend cycle that must be met as each decade unfolds as each generation get sucked into being duped and persuaded This would be the beginning of your spending habits You are very much targeted Many do not care I too get caught up in this friendship Difference is I care and dare to ask why Why do we need to collect so much So says I your friendly neighborhood self appointed baby boomer consumer advocate

**Bond vs. Bond: Revised and Updated** Paul Simpson, 2020-03-03 Connery Lazenby Moore Dalton Brosnan Craig Who is your favorite Bond Whether you prefer Sean Connery to Roger Moore or Daniel

Craig to Pierce Brosnan you'll find every incarnation of the debonair spy in this unofficial comprehensive guide. Revised and updated, this edition of *Bond vs Bond* includes the 2020 movie *Bond 25* along with speculation about the future of Bond. James Bond In *Bond vs Bond*, author Paul Simpson delves into all the various ways Ian Fleming's iconic British Secret Service agent, code name 007, has been interpreted through the years, from the books and movies to the guns and gadgets. Discover the femme fatales who only appear in the movies but not the books, why Ian Fleming himself once described the Bond character as ruthless and self-indulgent, and much more. Loaded with interesting facts about the extraordinary history and continuing popularity of Bond, this is definitely a book that no fan should be without. ***Resisting James Bond*** Christoph Lindner, Lisa Funnell, 2023-06-15 Beginning with *Casino Royale* (2006) and ending with *No Time to Die* (2021), the Daniel Craig era of James Bond films coincides with the rise of various justice movements challenging deeply entrenched systems of inequality and oppression ranging from sexism, racism, and immigration to 2SLGBTQIA rights, reproductive justice, and climate change. While focus is often placed on individual actions and institutional policies and practices, it is important to recognize the role that culture plays within these systems. Mainstream film is not simply mindless entertainment but a key part of a global cultural industry that naturalizes and normalizes power structures. Engaging with these issues, *Resisting James Bond* is a multidisciplinary collection that explores inequality and oppression in the world of 007 through a range of critical and theoretical approaches. The chapters explore the embodiment and disembodiment of power and privilege across the formal narrative, cultural, and geopolitical elements that define the revisionist, reversionist world of Daniel Craig's Bond. ***James Bond*** Jennifer Warner, 2013-11-03 You've seen him in the movies and read him in the books, but who is James Bond? This book is a reference to all things Bond. It includes summaries of all the books and movies, an appendix of every major character and gadget, and a short biography of the man who created it all: Ian Fleming. If you are a fan of the series or just want to know more about it, then this reference is for you. LifeCaps is an imprint of BookCaps Study Guides. With each book, a lesser-known or sometimes forgotten life is recapped. ***For Your Eyes Only*** Ben Macintyre, 2009-04-06 A riveting look into the world of James Bond and his creator. ***Ink-stained Amazons and Cinematic Warriors*** Jennifer K. Stuller, 2010-01-30 From Wonder Woman to Buffy Summers, Emma Peel to Sydney Bristow, Charlie's Angels to The Powerpuff Girls, Superwomen are more than just love interests or sidekicks who stand by their Supermen. In her new book, Stuller shows how the female hero in modern mythology has broken through the boy's club barrier of tradition and reveals the pivotal role of high-heeled crime fighters in popular culture. Featuring spies and sexuality, daddy's girls, and super mothers, this is a comprehensive, engaging, and thought-provoking guide to female detectives, meta-humans, and action heroines, as well as their creators, directors, performers, and consumers. The book also includes a glossary of modern mythic women from Aeon to Zoe, as well as a foreword by acclaimed cultural commentator Roz Kaveney, author of *Superheroes, Capes, and Crusaders in Comics and Films*, published by I B Tauris, April 2008. ***Retroland*** Peter Kemp, 2023-08-29 The essential companion for lovers of the contemporary novel. Over the past

fifty years fiction in English has never looked more various Books bulkier than Victorian three deckers appear alongside works of minimalist brevity and experiments with form have produced everything from verse novels to Twitter thread narratives This is truly a golden age But what unites this kaleidoscopic array of genres and styles Celebrated writer and critic Peter Kemp shows how modern writers are obsessed with the past In a series of engaging and illuminating chapters Retroland traces this novelistic preoccupation with history from the imperial and the political to the personal and the literary Featuring famous names from across the United Kingdom United States and the wider Anglophone world ranging from Salman Rushdie to Sarah Waters Toni Morrison to Hilary Mantel this is a work of remarkable synthesis and clarity a wonderfully readable and enjoyably opinionated guide to our current literary landscape

**Cold War Counterfeit Spies**

Nigel West, 2016-10-14 The Cold War with its air of mutual fear and distrust and the shadowy world of spies and secret agents gave publishers the chance to produce countless stories of espionage treachery and deception What Nigel West has discovered is that the most egregious deceptions were in fact the stories themselves In this remarkable investigation into the claims of many who portrayed themselves as key players in clandestine operations the author has exposed a catalogue of misrepresentations and falsehoods Did Greville Wynne really exfiltrate a GRU defector from Odessa Was the frogman Buster Crabb abducted during a mission in Portsmouth Harbour Did the KGB run a close guarded training facility as described by J Bernard Hutton in School for Spies which was modelled on a typical town in the American mid west so agents could be acclimatised to a non Soviet environment With the help of witnesses with first hand experience and recently declassified documents Nigel West answers these and other fascinating questions from a time when secrecy and suspicion allowed the truth to be concealed
