Hesse bibliography For completeness then no biography in English compares Kirkus Reviews Mileck provides his own translations of the German quotations from Hesse's works and the eight interpretive chapters are thoroughly indexed making the work readily accessible to researchers and students concerned with specific Hesse questions and themes This very readable book also contains a number of exceptional photographs which together with Mileck's fervor and understanding of the author help create a living image of Hesse the man and the artist Choice Professor Mileck brings to his task an acquaintanceship with Hesse's published and unpublished writings which borders on omniscience This is a literary biography which concentrates on the works and looks at the life of its subject briefly and always in relation to its involvement with the works This is true scholarship which does not make the book less readable and accessible to the general public a solid and valuable book which should make it easier to bring Hesse back into the orbit of serious appreciation in the English speaking world Books and Bookmen A critical biography far surpassing the previous ones Times Higher Education Supplement There are to be sure many writers whose biographies are more interesting than their fiction but Hesse is not one of these He led a long and sometimes eventful Marx Economic Theory Volume 1 Ernest Mandel, 1962 CONTENTS Introduction Labour Necessary product Surplus Product Exchange Commodity Value Money Capital Surplus value The Development of Capital The Contradictions of Capitalism Trade Credit Money Agriculture Reproduction and the Growth of National Income Periodical Crises Monopoly Capitalism Imperialism The Epoch of Capitalist Decline The Soviet Economy The Economy of the Transition Period Socialist Economy Origin Rise and Withering Away of Political Economy Bibliography Index Co.'s Oriental List ,1918 Handbook of Christianity in China Nicolas Standaert, R. in official Chinese publications to different applications of the rule of law as it is understood in Western civilization In particular the author takes a closer look at the implementations of recognized core elements of the rule of law in representative Western countries which include the separation of power the supremacy of law the protection of fundamental rights and the independence of the justice system In Search of a Universal Ethics Weishi Yuan, 2023-09-01 This book investigates Albert Schweitzer's research on China which first emerged in the 1910s and ended in 1939 40 Schweitzer's China research evolved alongside the development of his Kulturphilosophie research for over a quarter of a century In Part I In Preparation this book will mainly focus on the historical background against which Schweitzer formulated his Reverence for Life and established his networks with the China experts In Part II In Progress Schweitzer's periodic research outcomes which were presented in several of his publications and manuscripts will be studied Subsequently in Part III In Completion Richard Wilhelm's translation of the Yi Jing which lay down the fundamental principles for Chinese thought Schweitzer's final manuscript from 1939 40 under the title Geschichte des indischen und chinesischen Denkens and his final depiction of Chinese thought will be given special attention The starting point for Schweitzer's China research was his ideal ethical philosophy of Reverence for Life which he formulated in the context of the decline of the Western civilization and was heavily shaped by his religious and philosophical convictions Reverence for Life underscored humanistic concerns and its ideals eventually became Schweitzer's interpretative principles in his investigation of Chinese thought Schweitzer was never a specialist in Chinese thought and Chinese civilization Dependent on the research of European sinologists his China research served to justify the necessity for Reverence for Life as well as of the methods for applying this new ethical philosophy During his entire China research Schweitzer made great efforts to critically interpret and transform the knowledge that had been conveyed by European sinologists such as Richard Wilhelm Although in his final research Schweitzer had already seen great resemblance between classical Confucianism in China and his Reverence for Life he did not ultimately manage to verify his assumptions His final manuscript on Chinese thought from 1939 40 remained unpublished when he passed away in 1965
