The Real Story Michael Bowman, 2008-04 The Second Coming is unfolding in Tennessee where intelligent design is a fact of life and evolutionary science a lie This is local reporter Laurie Hendricks account of events told through the lives of a small circle of disciples We

learn that a Second Coming does not signal the end of the world in a literal sense it is a metaphor for our responsibility to create a better world But first we must recognize that as consciousness we are infinitely more than these material bodies they are simply our access to the material world In allowing ourselves to be controlled by them in struggling to satisfy their urges and demands we create the divisive self interest behind ALL of our problems Laurie s story echoes the words of enlightened thinkers through the ages The world only changes for the better when we do First we must see through material illusions and recognize our Real nature as consciousness SAYONARA CHOPSTICKS John Randall Dye,2024-12-31  
Sayonara Chopsticks An Outsider s View of An Insider s Japan provides insights into a country seen as exotic Indeed it is to Western eyes but the true allure of being in Japan has more to do with the Japanese people They understand how to transform a landscape to a place of peace and serenity amid the chaos of urban existence They understand the importance of slowing down to appreciate the finer things in life amid the hectic pace imposed upon them They understand the value of being polite The Zen gardens the tea ceremonies and the ritual bowing all exemplify the best of their culture and the lessons they can teach all of us Sayonara Chopsticks is a humorous but informative take on the best Japan has to offer including cherry blossoms geishas sumo wrestlers ninjas Godzilla and baseball Enjoy **The Black Son** D. **The Gilded Edge** Danny Miller, 2012-05-17 It's the Swinging Sixties, but not all barriers have come down. The aristocrats and financial power players still gather around the exclusive gaming tables of the Montcler Club in Berkeley Square, while the rest slum it in the underground ska clubs and illicit drinking dens in Notting Hill. And it's against this background of London society and villainy that detective Vince Treadwell enters when investigating the seemingly unrelated murder of a young black woman in Notting Hill, and blue-blooded Johnny Beresford in Belgravia. As Vince digs deeper, he finds himself embroiled in a secret world of debauchery and corruption where the underworld happily mixes with the aristocracy, and where no one remains an innocent victim. Praise for **Kiss Me Quick**: A thrilling read. *Buzz Magazine*. Dark and involved. *Daily Express*. Unmissable Best. This unusual and atmospheric crime novel suggests that Danny Miller is a writer to watch. *Good Book Guide*: one of those books that literally grabs you from page one. *The Week*.

**Squatch Files** John Kuykendall, 2018-07-29 There is no greater mystery in the annals of the unexplained in

America than Sasquatch the creature most commonly known as Bigfoot Reports of giant man and ape like monsters have been documented all over the country although primarily in the forested regions of the Pacific Northwest There are many tales of giant hairy figures in every state in America although the traditional Bigfoot is believed to roam the vast regions of California Oregon Washington Idaho and the western edge of Canada The narrative that follows will include history and lore from a variety of locations Although most mainstream scientists maintain that no such creatures exist and short of an actual specimen their minds will not be changed it is not inconceivable that undiscovered creatures could be roaming this wide region of mountains and forests There are areas here that have been almost completely untouched by man and where few signs of the modern world can be found even today
