MANGA COMPANION **Gatekeepers** William Marling, 2016 Rich in archival materials interviews with publishers and translators and close readings of translations this study shows how the process and production of literature depends on the larger social forces of a given historical moment From the publisher The Oxford Book of Japanese Short Stories Theodore William Goossen, 2002 Beginning with the first writings to assimilate and rework Western literary traditions through the flourishing of the short story genre in the cosmopolitan atmosphere of the Taisho era to the new breed of writers produced under the constraints of literary censorship and the current writings reflecting the pitfalls and paradoxes of modern life this anthology offers a stimulating survey of the entire development of the Japanese short story In the Mountains Elizabeth Von Arnim, 2019-12-04 Elizabeth Von Arnim's *In the Mountains* is a poignant exploration of love nature and the complexities of human relationships set against the stunning backdrop of the Swiss Alps The narrative unfolds through the eyes of a reflective protagonist who grapples with her emotions and the expectations of society Von Arnim's prose is rich with vivid imagery and a lyrical quality that immerses the reader in the rugged beauty of the mountains while also deftly balancing humor and intellect This work can be viewed within the context of early 20th century literature that embraces both Romanticism and modernism reflecting the author's unique perspective on women's roles and the quest for autonomy in a constricting society Elizabeth Von Arnim a noted figure of the early feminist literary movement often drew inspiration from her own experiences as a woman navigating the challenges of love and independence Her time spent in various European landscapes coupled with her keen insights into human nature influenced her writing significantly Von Arnim's distinctive voice captures the essence of her characters inner lives contrasting their inherent desires with societal norms and expectations I highly recommend *In the Mountains* to readers seeking a thoughtful commentary on the interplay between personal longing and the expansive beauty of nature This novel resonates with anyone who has found solace or clarity in the great outdoors or pondered the weight of societal expectations Von Arnim's work is a timeless testament to the resilience of the human spirit *Gender and Sexuality in Modern Japan* Sabine Frühstück, 2022-03-31 A lively accessible survey of genders and sexualities in modern Japanese history from the 1860s to the present **Family-Run Universities in Japan** Jeremy Breaden, Roger Goodman, 2020 In Japan almost 80% of university students attend private institutions up to 40% of which are family businesses This book offers a detailed historical sociological and ethnographic analysis of this important category of private university and examines how institutions have negotiated a period of major demographic decline since the 1990s **Animation** Paul Wells, 2019-07-25 *Animation Genre and Authorship* explores the distinctive language of animation its production processes and the particular questions about who makes it under what conditions and with what purpose In this first study to look specifically at the ways in which animation displays unique models of auteurism and how it revises generic categories Paul Wells challenges the prominence of live action moviemaking as the first form of contemporary cinema and visual culture The book also includes interviews with Ray Harryhausen and Caroline Leaf and a full timeline of

the history of animation Literature and Ethnic Discrimination Michael J. Meyer, 2023-11-27 Even though universities and colleges make a concerted effort to foster unity and worldwide acceptance of different ethnicities by including politically correct literature in their curriculums their attempts to protect students from being exposed to texts that portray discrimination and exhibit racial insensitivity are futile and ill advised Texts that contain biases based on otherness continue to be written and those produced in the past remain relevant and still demand the attention of an audience of reader In order to see the full picture of the world in which they live students must face even that which is uncomfortable and disturbing To think otherwise is to create an academic environment that is totally idealistic and distorts the fact that ethnic discrimination has been a potent reality in every society in history and remains so today These studies in this volume allow readers to meet writers from the traditional American and European canon while also being exposed to third world writers whose work may be unfamiliar They include memoirs of Holocaust survivors and even record the silencing of Italian women Apartheid in South Africa and tribal conflict in Nigeria as well as transplanted Asian culture in Canada and the idolization of the black body in Japan The collection permits a viewing of the ethnic other not merely in a politically correct way in which one samples the differences and nods approvingly Rather its intent is to offer opportunities for contemplative assessment of authorial motives and goals thereby engendering a wealth of understanding based on active engagement rather than passive acceptance of the status quo **Between the Eagle and the Sun** Ihab Hassan, 2015-05-15 Records a journey echoing the wanderers of eternity The result is not a book about them some alien people living on a distant island but rather a book about the author himself **Handbook of Japanese Applied Linguistics** Masahiko Minami, 2016-01-15 Applied linguistics is the best single label to represent a wide range of contemporary research at the intersection of linguistics anthropology psychology and sociology to name a few The Handbook of Japanese Applied Linguistics reflects crosscurrents in applied linguistics an ever developing branch discipline of linguistics The book is divided into seven sections where each chapter discusses in depth the importance of particular topics presenting not only new findings in Japanese but also practical implications for other languages Section 1 examines first language acquisition development whereas Section 2 covers issues related to second language acquisition development and bilingualism multilingualism Section 3 presents problems associated with the teaching and learning of foreign languages Section 4 undertakes questions in corpus computational linguistics Section 5 deals with clinical linguistics and Section 6 takes up concerns in the area of translation interpretation Finally Section 7 discusses Japanese sign language Covering a wide range of current issues in an in an in depth comprehensive manner the book will be useful for researchers as well as graduate students who are interested in Japanese linguistics in general and applied linguistics in particular Chapter titles Chapter 1 Cognitive Bases and Caregivers Speech in Early Language Development Tamiko Ogura Tezukayama University Chapter 2 Literacy Acquisition in Japanese Children Etsuko Haryu University of Tokyo Chapter 3 Age Factors in Language Acquisition Yuko Goto Butler University of Pennsylvania
