Monks Of War The Military Religious Orders:

The Monks of War Desmond Seward, 1972 The military religious orders emerged during the Crusades as Christendom's stormtroopers in the savage conflict with Islam. Some of them still exist today devoted to charitable works. *The Monks of War* is the first general history of these orders to have appeared since the eighteenth century. The Templars, the Hospitallers, later Knights of Malta, the Teutonic Knights, and the Knights of the Spanish and Portuguese orders were noblemen vowed to poverty, chastity, and obedience, living a monastic life in convents which were at the same time barracks waging war on the enemies of the Cross. The first properly disciplined Western troops since Roman times, they played a major role in defending the crusader kingdom of Jerusalem in the Baltic Crusades which created Prussia, in the long reconquest of Spain from the Moors, and in fighting the Infidel right up to Napoleonic times. This celebrated book tells the whole enthralling story, recreating such epics as the sieges of Rhodes and Malta and the destruction of the Templars by the Inquisition. **The**

Monks of War Desmond Seward, 2000 The military religious orders emerged during the Crusades as Christendom's stormtroopers in the savage conflict with Islam. Some of them still exist today devoted to charitable works. *The Monks of War* is the first general history of these orders to have appeared since the eighteenth century. The Templars, the Hospitallers, later Knights of Malta, the Teutonic Knights, and the Knights of the Spanish and Portuguese orders were noblemen vowed to poverty, chastity, and obedience, living a monastic life in convents which were at the same time barracks waging war on the enemies of the Cross. The first properly disciplined Western troops since Roman times, they played a major role in defending the crusader kingdom of Jerusalem in the Baltic Crusades which created Prussia, in the long reconquest of Spain from the Moors, and in fighting the Infidel right up to Napoleonic times. This celebrated book tells the whole enthralling story, recreating such epics as the sieges of Rhodes and Malta and the destruction of the Templars by the Inquisition. publisher's description **Military Honour and the Conduct of War** Paul Robinson, 2006-07-28 This book analyses the influences of ideas of honour on the causes, conduct, and endings of wars from Ancient Greece through to the present day war in Iraq.

War and Religion Jolyon Mitchell, Joshua Rey, 2021-03-25 Very Short Introductions Brilliant Sharp Inspiring Is religion a force for war or a force for peace? Some of the most terrible wars in history have been caused and motivated by religion. Much of the violence that fills our screens today springs from the same source. Yet some of the bravest pacifists have also been deeply religious people, and many of the laws and institutions that work to soften or prevent war have deep religious roots. This Very Short Introduction provides an overview of the history of religion and war and a framework for analysing it. Ranging from the warrior gods of Ancient Greece and Rome and the ethical drama of the Mahabharata through the Islamic wars of conquest and the Crusades to present-day conflicts in Sri Lanka and the Balkans, it considers the entanglement of war and religion. Yet from Just War theory and the restraints on war making imposed by Islamic jurisprudence through the Pax Christi of the middle ages to the non-violence of Gandhi and Bacha Khan, there is also a story to be told of peace and religion.

as well Jolyon Mitchell and Joshua Rey consider both sides of the age long drama of war and religion challenging assumptions at the most fundamental level Throughout they encourage a more sophisticated and well grounded view on these issues that have had such weight in the past and continue to shape our present and future

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Monastic Archaeology Graham Keevill, Mick Aston, Teresa Hall, 2017-01-31 The study of monasteries has come a long way since late the late 19th century The emphasis has shifted away from reconstructing the layouts of monastic buildings to a better understanding of the wider monastic environment The papers in this volume partly based on a conference held in Oxford in 1994 are written by some of today s foremost scholars and reflect the diversity of research now being carried out

Reader's Guide to Military History Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations

The Oxford Encyclopedia of Medieval Warfare and Military Technology Clifford J. Rogers, 2010 From the Viking invasions to the Crusades to the Hundred Years War wars were crucial agents of change in medieval Europe They fostered many economic and political changes They also affected the science technology religion and culture of the parties involved Examines all aspects of warfare and military technology in medieval times and provides an exhaustive and accurate view of how and why wars were waged throughout Europe the Byzantine Empire and the Crusader States from circa 500 CE to circa 1500

Problematics of Military Power Michael S. Drake, 2013-10-18 This book traces the relations between the organization of violence and social and political order from ancient Rome to early modern Europe Following the work of Michel Foucault the author studies the ways authority obedience and forms of self conduct were produced by the micro techniques used to govern the bodies of violence deployed in different forms of warfare

Leper Knights David Marcombe, 2003 This book explores the important contribution of the English branch of the Order of St Lazarus which by 1300 managed a considerable estate from its chief preceptory at Burton Lazars in Leicestershire

The Long Process of Development Jerry F. Hough, Robin Grier, 2015-04-30 This groundbreaking book examines the history of Spain England the United States and Mexico to explain why development takes centuries

Masculinity and the Other Heather Ellis, Jessica Meyer, 2009-01-14 Histories of masculinity have generally examined both social ideologies of masculinity and subjective male identities within frameworks that define them against the feminine Yet historians and sociologists have increasingly argued

that men have been and continue to be defined both socially and subjectively as much by their relations to other men as in relation to women This collection brings together the work of scholars of masculinities working in a variety of fields including literature history and art history to examine some of the forms of otherness against which ideas of masculinity have been defined throughout history The collection reflects the current breadth of scholarship relating to the study of masculine alterity While the subjects addressed are largely historical the time span covered is broad and the disciplinary approaches to the subject matter are equally wide ranging A huge variety of men masculine behaviours and definitions of masculinity are considered in an exciting and invigorating collection that showcases both established academics and emerging scholars in the field

The Allure of Battle Cathal Nolan, 2017-01-02 History has tended to measure war's winners and losers in terms of its major engagements battles in which the result was so clear cut that they could be considered decisive Cannae Konigsberg Austerlitz Midway Agincourt all resonate in the literature of war and in our imaginations as tide turning But these legendary battles may or may not have determined the final outcome of the wars in which they were fought Nor has the genius of the so called Great Captains from Alexander the Great to Frederick the Great and Napoleon play a major role Wars are decided in other ways Cathal J Nolan's *The Allure of Battle* systematically and engrossingly examines the great battles tracing what he calls short war thinking the hope that victory might be swift and wars brief As he proves persuasively however such has almost never been the case Even the major engagements have mainly contributed to victory or defeat by accelerating the erosion of the other side's defences Massive conflicts the so called people's wars beginning with Napoleon and continuing until 1945 have consisted of and been determined by prolonged stalemate and attrition industrial wars in which the determining factor has been not military but material Nolan's masterful book places battles squarely and mercilessly within the context of the wider conflict in which they took place In the process it help corrects a distorted view of battle's role in war replacing popular images of the battles of annihilation with somber appreciation of the commitments and human sacrifices made throughout centuries of war particularly among the Great Powers Accessible provocative exhaustive and illuminating *The Allure of Battle* will spark fresh debate about the history and conduct of warfare

War and Religion Arnaud Blin, 2019-03-19 The resurgence of violent terrorist organizations claiming to act in the name of God has rekindled dramatic public debate about the connection between violence and religion and its history Offering a panoramic view of the tangled history of war and religion throughout Europe and the Mediterranean *War and Religion* takes a hard look at the tumultuous history of war in its relationship to religion Arnaud Blin examines how this relationship began through the concurrent emergence of the Mediterranean empires and the great monotheistic faiths Moving through the Middle Ages and the Renaissance and into the modern era Blin concludes with why the link between violence and religion endures For each time period Blin shows how religion not only fueled a great number of conflicts but also defined the manner in which wars were conducted and fought

War, Armed Force, and the People Walter C. Opello Jr., 2016-10-18 Throughout history

innovations in military technology have transformed warfare which in turn affected state formation This interplay between warfare military technology and state formation is the focus of this text Theoretically grounded in the bellicist approach to the study of war and state which posits that war is a normal part of human experience the book argues that the threat of war by powerful predatory neighbors has been until relatively recently the prime mover of state formation Using a historical approach it explains how advances in military technology have transformed war and how new modes of war in turn have transformed forms of politico military rule especially with regard to the relationship between the state armed force and the people

Friendship in Medieval Iberia Antonella Liuzzo Scorpo,2016-04-15 Private and public relationships frequently labelled as friendships have always played a crucial role in human societies Yet over the centuries ideas and meanings of friendship transformed adapting to the political and social climates of different periods Changing concepts and practices of friendship characterized the intellectual social political and cultural panorama of medieval Europe including that of thiteenth century Iberia Subject of conquests and Reconquest land of convivencia but also of political instability as well as of secular and religious international power struggles the articulation of friendship within its borders is a particularly fraught subject to study Drawing on some of the encyclopaedic vernacular masterpieces produced in the scriptorium of The Wise King Alfonso X of Castile 1252 84 this study explores the political religious and social networks inter faith and gender relationships legal definitions as well as bonds of tutorship and companionship which were frequently defined through the vocabulary and rhetoric of friendship This study demonstares how the values and meanings of amicitia often associated with classical Roman Visigothic and Eastern traditions were transformed to adapt to Alfonso X s cultural projects and political propaganda This book contributes to the study of the history of emotions and cultural histories of the Middle Ages while also emphasizing how Iberia was a peripheral but still vital ring in a chain which linked it to the rest of Europe while also occupying a central role in the historical and cultural developments of the Western Mediterranean

International Encyclopedia of Military History James C. Bradford,2004-12 With its impressive breadth of coverage both geographically and chronologically the International Encyclopedia of Military History is the most up to date and inclusive A Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history

The Maple Leaf and the White Cross Christopher McCreery,2008-07-21 This history recounts the remarkable story of the St John Ambulance its contribution to our country and those who made it possible

The Military Religious Orders of the Middle Ages Frederick Charles Woodhouse,1879

Faith in War Nikolas M. Funke,2024-08-01 While the social and cultural history of the early modern military has greatly advanced in the last few decades the religious dimension of the military life in the Holy Roman Empire between 1500 and 1650 has hardly been explored The Reformation brought profound political social and

cultural upheavals but the religiosity of the men and women who followed the Christian life in the chaos of war still represents a large gap in the historiography Faith in War shows that confessional antagonisms lost much of their meaning during war and coexistence became a fact of army life Connecting military and civilian social and cultural history in these ways Nikolas Funke's case study on this period brings new life to important current historiographical discussions in a military context including stereotyping confessionalization social discipline deviance toleration religious violence and the culture of death

Nobility, Faith and Masculinity Emanuel Buttigieg, 2011-04-21 This is an important study of elite European noblemen who joined the Order of Malta The Order functioning in parallel with the convents that absorbed the surplus daughters of the nobility provided a highly respectable outlet for sons not earmarked for marriage The process of becoming a Hospitaller was a semi structured one involving clear cut if flexible social and financial requirements on the part of the candidate and a mixture of formal and informal socialization into the ways of the Order Once enrolled a Hospitaller became part of a very hierarchical and ethnically mixed organisation within which he could seek offices and status This process was delineated by a complex interaction of internal factors hierarchy patriarchy and age set within external mechanisms such as papal patronage and interference This book is innovative in its methodology drawing on a wide range of sources and applying historiographical approaches not previously brought to bear on the Order

Monks Of War The Military Religious Orders Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the power of words has become more evident than ever. They have the ability to inspire, provoke, and ignite change. Such could be the essence of the book **Monks Of War The Military Religious Orders**, a literary masterpiece that delves deep to the significance of words and their effect on our lives. Written by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
