

Mono Lake

David T. Mason

Mono Lake:

Mono Lake Abraham Hoffman, 2014-04 Environmental controversy brought so much attention to Mono Lake in the late twentieth century that it became best known for its appearance on Save Mono Lake bumper stickers This thoughtful study is the first book to explore the lake's environmental and cultural history Mono Lake Scott William Stine, 1987 *Mono Lake* Mark A. Schlenz, 1996 Mono Lake lies at the base of the Sierra Nevada's eastern escarpment The lake supports dense populations of brine shrimp and alkali flies which feed hundreds of thousands of nesting and breeding migratory water birds Tufa formations calcium carbonate sculptures formed underwater by freshwater springs and exposed by dropping lake levels fascinate lake shore visitors *Mono Lake* Abraham Hoffman, 2014-04-01 Mono Lake is one of the largest lakes in California and Californians have been using it enjoying it and abusing it since nomadic northern Paiutes began hunting the lake's vast bird populations Controversy between environmentalists and the City of Los Angeles brought so much attention to Mono Lake in the late twentieth century that it became best known for its appearance on Save Mono Lake bumper stickers This thoughtful study is the first book to explore the lake's environmental and cultural history Hoffman writes about gold mining in the Mono Basin the taking of birds and their eggs to supply food for miners and townspeople a failed oil boom efforts to develop recreational activities such as a state operated marina which also failed catastrophes including plane crashes and the testing of bombs underwater and litigation over the diversion of creeks flowing into the lake and the resulting decline in the lake level A variety of photographs some never before published ranging from mining to motor boat races in the 1930s are also included *Mono Lake Basin* David Carle, Don Banta, 2008 Mono David Carle, 2010-11-11 Between 1934 and 1941 the City of Los Angeles sent 2 000 men to work on aqueducts and an 11 mile tunnel beneath volcanic craters in the Mono Lake Basin of the Eastern Sierra MONO tells the story of fish biologist Justin Heath as he surveys the waters of the Mono Lake watershed falls in love with that landscape and also with Alisa Stohler Her family had been forced from a farm in the Owens Valley in 1930 and is now caught up in changes brought by the distant city's unending thirst for growth This story explores the minds and hearts of a generation shaped by the Great Depression and facing the threat of world war MONO confronts the question What were they thinking back then as choices were made that endangered Mono Lake and its tributary streams **Storm Over Mono** John Hart, 1996 A dramatic environmental saga unfolds in Hart's compelling story of the fight to save Mono Lake and ancient inland sea in located in the eastern Sierra Yosemite National Park Hart integrates natural social and political history into a story that is a source of hope for anyone concerned about the environment Complementing Hart's narrative are stunning photos taken by many leading nature photographers including David Sanger Galen Rowell and Betty Randall 61 illustrations 31 color plates **Chattahoochee National Recreation Area, GA and Mono Lake Area, CA** United States. Congress. Senate. Committee on Energy and Natural Resources. Subcommittee on Public Lands and Reserved Water, 1984 The Mono Basin Ecosystem National Research Council, Division on Engineering

and Physical Sciences, Commission on Physical Sciences, Mathematics, and Applications, Board on Environmental Studies and Toxicology, Mono Basin Ecosystem Study Committee, 1987-02-01 Mono Basin is a closed hydrologic basin spanning the border between California and Nevada. Los Angeles has been diverting streams since 1941 that normally would flow into Mono Lake. It has been predicted that continued diversion will have major ecological consequences for the natural resources of the Mono Basin National Forest Scenic Area. This book studies the ecological risk assessment that considers the effects of water diversions on an inland saline lake. It examines the hydrology of the Mono Basin, investigates the lake's physical and chemical systems, studies the biological relationships, and predicts the effects of changes in lake levels on the ecosystem. **Report of**

Interagency Task Force on Mono Lake California. Interagency Task Force on Mono Lake, 1979 **Mono Lake Basin** David Carle, Don Banta, 2008-11-01 Mono Lake dominates the volcanic landscape east of the Sierra Nevada between Yosemite National Park and Nevada. The lake's unusual water chemistry produces algae and brine shrimp feeding millions of birds and creating strange mineral formations called tufa for which the lake is famed. From the early days of the Kuzedika Paiutes to the arrival of miners and settlers in the late 19th century, the lake has stood sentinel for the surrounding camps, mines, and towns. Around the lake, the town of Lee Vining has served travelers and residents since 1926, and Carson Camp has been a recreational destination for generations. Some of the world's earliest hydroelectric plants were established here, and Los Angeles began diverting streams and channeling their waters beneath the Mono Craters to the city's aqueduct in the 1940s. Impacts of those water diversions gradually became apparent, generating controversy around this otherwise placid landscape.

Limnology of Mono Lake, California David T. Mason, 1967 Regarding Mono Lake Elizabeth Kenneday, 2014-09-01

50-year DYRESM Simulations of Mono Lake with Different Water Management Scenarios Jose Romero, 1992

Report of the Interagency Task Force on Mono Lake Interagency Task Force on Mono Lake, 1979 **Ecology of Meromictic Lakes** Ramesh D. Gulati, Egor S. Zadereev, Andrei G. Degermendzhi, 2017-02-22 This volume presents recent advances in the research on meromictic lakes and a state-of-the-art overview of this area. After an introduction to the terminology and geographic distribution of meromictic lakes, three concise chapters describe their physical, chemical, and biological features. The following eight chapters present case studies of more than a dozen meromictic lakes, showing the variety of physical and biochemical processes that promote meromixis. The result is a broad picture of the ecology and biochemistry of meromictic lakes in tropical and cold regions, in man-made pit lakes and euxinic marine lakes, and in freshwater as well as hypersaline lakes. In the final chapter, the editors provide a synthesis of the topic and conclude that the study of meromictic lakes also offers new insights into the limnology of inland lakes. The book appeals to researchers in the fields of ecology, limnology, environmental physics, and biophysics. Mono Lake Mono Lake Committee, 1989 Saline Lakes John M. Melack, Robert Jellison, David B. Herbst, 2013-04-18 Inland saline waters are threatened worldwide by diversion and pollution of their inflows, introductions of exotic species, and economic development of these ecologically

valuable habitats Since 1979 a series of international symposia on inland saline waters has served to strengthen and expand the scope of limnological research on inland saline waters The seventh conference continued this tradition and the papers derived from the conference focused on the ecology of microbial communities the influence of habitat geochemistry on biogeography of flora and fauna physical and geochemical processes and the conservation of inland saline waters Of particular note are papers on Walker Lake Nevada USA and the Salton Sea and Mono Lake California USA Continued local national and international efforts are required to inform the public and decision makers about the environmental problems faced by saline waters The papers in this volume will serve this end and should be of interest to aquatic ecologists limnologists aquaculturalists and water resource managers **Habitats Alive!** Cal Alive, 2008 LC copies imperfect accompanying CD ROM wanting **Public Land Management Policy** United States. Congress. House. Committee on Interior and Insular Affairs. Subcommittee on Public Lands and National Parks, 1982
