Aportes al debate sobre la tributación en América Latina Oscar Cetrángolo, Dalmiro Morán, 2024-08-01 A lo largo de la historia pocos temas de política económica han despertado tan intensos debates y conflictos como la tributación En América Latina la muy desigual distribución de la riqueza y el elevado grado de informalidad en sus economías obligan a revisar de manera permanente la capacidad de los Estados para recaudar más y mejores impuestos que sirvan como base de un adecuado financiamiento de las diversas políticas públicas Habiéndose alcanzado importantes avances en materia de ingresos públicos durante las últimas décadas persiste la fuerte necesidad de mejorar la solvencia fiscal y la equidad en las sociedades a través de la tributación Precisamente esta publicación tiene por objeto actualizar la información y los principales argumentos para lograr una mejor tributación en América Latina A su vez esta obra también fue pensada como un homenaje a Juan Carlos Gómez Sabaini destacado tributarista argentino quien fuera uno de los animadores más activos de estos debates en la región durante el último medio siglo Esta obra ha logrado reunir los aportes de un amplio conjunto de reconocidos especialistas en la materia tributaria todos ellos vinculados con distintos momentos de la trayectoria de Gómez Sabaini los cuales ofrecen una revisión de las variadas temáticas que requieren ser tenidas en cuenta al momento de plantear mejoras en el impacto de los impuestos en la región De manera especial algunas contribuciones están destinadas al análisis de la situación particular de la Argentina probablemente uno de los ejemplos más ilustrativos acerca de la complejidad la relevancia y la actualidad de estos debates

capitalista y sus defensores de separar la esfera económica de la sociedad **El equinoccio argentino** Paul Battistón,2019-04-01 Desde la posición de un simple espectador ordinario el autor relata los acontecimientos de nuestro transcurso democrático apoyándose en las sucesivas sensaciones de resignación y esperanzas a las que fuimos sometidos Estas sensaciones se extrapolan a hechos más allá de un punto al que el autor llama específicamente el equinoccio argentino Se trata de un punto donde la política incide perpendicularmente sobre nuestra marcha y que claramente podría haber sido el inicio de una divergencia con nuestra realidad actual Quié llevó a Daniel Scioli a reconocer apresuradamente una derrota que el oficialismo mediante uno de sus medios insignia anunciaba como amplio triunfo A partir de este punto el autor desarrolla una historia alternativa No sin antes hacer un ejercicio de redacción de sensaciones acumuladas en nuestra vida diaria por obra y gracia de la actuación política sobre nuestras existencias Dicho ejercicio le permite un eficaz uso de esas sensaciones para desarrollar posibles acontecimientos que hubieran ocurrido si la realidad hubiese sucumbido ante ese planeado zcalo de C5N Amplio triunfo de Scioli *Movilización ciudadana en Colombia: elementos para el análisis* Julián Arévalo,Andrea García,Andrés Avellaneda,Nathalia Ávila,Pablo Bermúdez,Nohora Bohórquez,Juliana Bustos,Andrés Camacho,Angie Culma,Jaime Duarte,Laura Escobar,Ángela Gaitán,Leonardo Garavito-González,Andrés García Trujillo,Jorge Iván González,Victoria E. Civil Y Comercial Procesal Civil Y Comercial Constitucional. Tributario ... , **Aspectos esenciales de la propiedad horizontal tomo I** Claudio Fabian Torres, 2021-05-19. Si bien la aparición de la Propiedad Horizontal constituye algo realmente novedoso y necesario para la época en que se produjo el correr del tiempo, puso en evidencia la necesidad de hacer cada vez más práctica y más gil la aplicación de los diversos preceptos de las leyes que al respecto regulan el funcionamiento de tan importante régimen legal que en nuestro país es una auténtica institución. La Propiedad Horizontal es una variable del Derecho de condominio que se forma a sí misma como una situación muy particular respecto del citado Derecho Real. Por sus características intrínsecas y por la necesaria revisión de algunos de sus aspectos legales es una de las principales causas de litigios que han llegado hasta los letrados de la justicia. Es por ello que este libro pretende ser una ayuda tanto para el profesional como para el ciudadano común para poder establecer parámetros y dar soluciones u orientaciones sobre un tema que afecta a más del 50% de la población total del país. **Revenue Statistics in Latin America 2012** OECD, Economic Commission for Latin America and the Caribbean, Inter-American Center of Tax Administrations, 2012-11-13. OECD Development Pathways Multi-dimensional Review of El Salvador Strategic Priorities for Robust, Inclusive and Sustainable Development OECD, 2023-04-18. El Salvador has made significant development progress in the past 30 years. The end of the civil war in 1992 marked the establishment of a liberal democracy and an open export-led development model which led to a reduction in poverty and inequality. However, with economic growth averaging a modest 2.4% in the years before the COVID-19 pandemic and productivity growth of 0.1% over the past decade, the post-war model has not generated the economic momentum or the jobs that the country needs.
