Mons The Retreat To Victory

Richard P. Hallion

Mons The Retreat To Victory:

Mons John Terraine, 1900 **Mons** John Terraine, 2000-01-17 Twice in the 20th century a British Expeditionary Force has taken the field in Northern France to fight beside the French Army Twice the Expeditionary Force has survived threat of complete destruction But the differences between the Retreat to Dunkirk in 1940 and the first encounter with the enemy at Mons in 1914 are significant **The Soul of Armies** Austin Long, 2016-03-01 For both the United States and United Kingdom counterinsurgency was a serious component of security policy during the Cold War and along with counterterrorism has been the greatest security challenge after September 11 2001 In *The Soul of Armies* Austin Long compares and contrasts counterinsurgency operations during the Cold War and in recent years by three organizations the US Army the US Marine Corps and the British Army Long argues that the formative experiences of these three organizations as they professionalized in the nineteenth century has produced distinctive organizational cultures that shape operations Combining archival research on counterinsurgency campaigns in Vietnam and Kenya with the author's personal experience as a civilian advisor to the military in Iraq and Afghanistan *The Soul of Armies* demonstrates that the US Army has persistently conducted counterinsurgency operations in a very different way from either the US Marine Corps or the British Army These differences in conduct have serious consequences affecting the likelihood of success the potential for civilian casualties and collateral damage and the ability to effectively support host nation governments Long concludes counterinsurgency operations are at best only a partial explanation for success or failure **The Englishman's Daughter** Ben Macintyre, 2003-02-04 A remarkable *The New York Times* Book Review account of four British soldiers forced into hiding in a French village during World War I and the mystery left behind in their wake from the bestselling author of *The Spy* and *The Traitor* and *The Siege* Gripping illuminating Everything comes alive the feuds the village characters and the hunger of the winter of 1914 *Los Angeles Times* Book Review In the first terrifying days of World War I four British soldiers found themselves trapped behind enemy lines on the western front They were forced to hide in the tiny French village of Villeret whose inhabitants made the courageous decision to shelter the fugitives until they could pass as Picard peasants This is the never before told story of these extraordinary men their protectors and of the haunting love affair between Private Robert Digby and Claire Dessenne the most beautiful woman in Villeret Their passion would result in the birth of a child known as *The Englishman's Daughter* and in an act of unspeakable betrayal a tragic legacy that would haunt the village for generations to come Through the testimonies of the villagers and the last letters of the soldiers *New York Times* bestselling author Ben Macintyre has pieced together a harrowing account of how life was lived behind enemy lines during the Great War and offers a compelling solution to a gripping mystery that reverberates to this day *The Battles of the British Expeditionary Forces, 1914-1915* Fred R. van Hartesveldt, 2005-04-30 In this valuable resource over 1 000 annotated sources from Great Britain France and Germany offer a historiographical reference for study of the British army at the beginning and in the first battles of World War I

Unique to this bibliography is the comprehensive coverage of sources resulting in a more complete picture of the circumstances of activities of the British Expeditionary Force BEF Sources include coverage of the BEF s military role as well as background information about domestic military considerations and Allied and enemy efforts This volume will support researchers and students in their efforts to find out what the Expeditionary Force s contributions were in World War I and for expanding their knowledge of the Great War and British military history In this valuable resource over 1 000 annotated sources from Great Britain France and Germany offer a historiographical reference for study of the British army at the beginning and in the first battles of World War I Unique to this bibliography is the comprehensive coverage of sources and it results in a more complete picture of the circumstances of activities of the British Expeditionary Force BEF Sources include coverage of the BEF s military role as well as background information about domestic military considerations and Allied and enemy efforts This volume will support researchers and students in their efforts to find out what the Expeditionary Force s contributions were in World War I and for expanding their knowledge of the Great War and British military history The volume includes four chapters of historiographical essays discussings the interpretations and controversies that surround the performance and leadership of the BEF in 1914 1915 The essays direct readers to the major sources that support various ideas and indicate gaps in the historiography of the subject Following the historiographical essays is an annotated bibliography of more than 1 000 sources that are relevant to the study of the BEF

1915: The Battle of Dogger Bank to Gallipoli Saul David, Saul David Ltd, 2014-11-06 This special ebook has been created by historian Saul David from his acclaimed work 100 Days to Victory How the Great War was Fought and Won which was described by the Mail on Sunday as Inspired and by Charles Spencer as A work of great originality and insight Through key dates from the Battle of Dogger Bank on 24th January 1914 to the Gallipoli landings Saul David s gripping narrative is an enthralling tribute to a generation of men and women whose sacrifice should never be forgotten

Trial by Fire Nikolas Gardner, 2003-08-30 While existing accounts of this period have elevated the exploits of the British soldiers on the battlefield to almost legendary status the operations of the British Expeditionary Force in the dramatic opening campaign of the First World War remain poorly understood Based on official unit war diaries as well as personal papers and memoirs of numerous officers this study sheds significant new light on the retreat from Mons in August 1914 the advance to the River Aisne in September and the climactic First Battle of Ypres in October and November In addition Gardner provides important insights into the ideas and values of British officers in the initial stages of the war Beyond explaining the conduct of the 1914 campaign Gardner analyzes the initial stages of the learning curve experienced by British officers as they grappled with an unaccustomed type of warfare including the unprecedented scale and intensity of the conflict as well as the advent of trench warfare He also demonstrates the impact of rivalries among senior officers on the operations of the army As a whole the study adds depth to our understanding of command in European armies during the First World War

Arthur Machen Antonio Sanna, 2021-04-21 Arthur Machen

Critical Essays offers a study of the works by Arthur Machen 1863-1947 the Welsh writer who has attracted a cult following for decades especially among fans and scholars of weird fiction and Gothic studies These essays take readers into different areas and address several topics in Machen's literary production the literary the artistic the scientific the religious the socio-cultural and the personal The twelve chapters constituting the volume examine the representation of human beings in the writer's works and their relationship with the surrounding environment whether it is the omnipresent London or the mysterious menacing nature The contributors also interpret Machen's writings through a series of disciplines and academic theories that were contemporary to the writer such as paleontology and medicine and demonstrate how he was influenced by the scientific discourses of his time and reproduced them in his works The last section of the volume considers Machen's interest in the occult and mysticism and the religious themes present in many of his works

Challenge of Battle Adrian Gilbert, 2014-02-20 Winston Churchill described the opening campaign of World War I as a drama never surpassed The titanic clash of Europe's armies in 1914 is one the great stories of 20th century history and one in which the British Expeditionary Force BEF played a notable part Previous assessments of the BEF have held to an unshakeable belief in its exceptional performance during the battles of 1914 But closer examination of the historical record reveals a force possessing some key strengths yet undermined by other significant failings Within an authoritative and well-paced campaign narrative Challenge of Battle re-evaluates the Army's leadership organization and tactics It describes the problems faced by commanders grappling with the brutal realities of 20th century warfare and explains how the British infantry's famed marksmanship has to be set against the inexperience and tactical shortcomings of the BEF as a whole However it also demonstrates the progress made by the British during 1914 concluding with the successful defence of Ypres against superior enemy forces The author examines the fateful decisions made by senior officers and how they affected the men under their command Making full use of diaries letters and other contemporary accounts he builds a compelling picture of what it was like to fight in the battles of Mons Le Cateau the Aisne and Ypres In this timely new book Adrian Gilbert clears away the layers of sentiment that have obscured a true historical understanding of the 1914 campaign to provide a full unvarnished picture of the BEF at war

The Great War, 1914-1918 Spencer Tucker, 2002-01-04 An up to date and concise account of WWI for teachers and students looking for a balanced introduction It details both the military operations as well as the development of war aims alliance diplomacy and the war on the home front

Taking Flight Richard P. Hallion, 2003-05-08 The invention of flight represents the culmination of centuries of thought and desire Kites and rockets sparked our collective imagination Then the balloon gave humanity its first experience aloft though at the mercy of the winds The steerable airship that followed had more practicality yet a number of insurmountable limitations But the airplane truly launched the Aerial Age and its subsequent impact from the vantage of a century after the Wright Brother's historic flight on December 17 1903 has been extraordinary Richard Hallion a distinguished international authority on aviation offers a bold new examination of

aircraft history stressing its global roots The result is an interpretive history of uncommon sweep complexity and warmth Taking care to place each technological advance in the context of its own period as well as that of the evolving era of air travel this ground breaking work follows the pre history of flight the work of balloon and airship advocates fruitless early attempts to invent the airplane the Wright brothers and other pioneers the impact of air power on the outcome of World War I and finally the transfer of prophecy into practice as flight came to play an ever more important role in world affairs both military and civil Making extensive use of extracts from the journals diaries and memoirs of the pioneers themselves and interspersing them with a wide range or rare photographs and drawings Taking Flight leads readers to the laboratories and airfields where aircraft were conceived and tested Forcefully yet gracefully written in rich detail and with thorough documentation this book is certain to be the standard reference for years to come on how humanity came to take to the sky and what the Aerial Age has meant to the world since da Vinci s first fantastical designs

Building The Old Contemptibles: British Military Transformation And Tactical Development From The Boer War To The Great War, 1899-1914 Major Andrew J. Risio,2014-08-15 Impressed with the tactical lessons of the Boer War the British Army reformed its doctrine and training from 1899 to 1914 deploying a combat ready force the Old Contemptibles of the British Expeditionary Force BEF in 1914 Because of these changes the BEF played a crucial role in Belgium and France in 1914 The lessons of the Boer War guided the British Army and its interwar reforms The doctrine and training developed from 1902 1914 was a significant improvement over the pre Boer War British colonial warfare tactics With Haldane s organizational reforms and Robert s new doctrine the British Army built the Old Contemptibles of the BEF The battles of 1914 showed the BEF was the equal of any European contemporary in quality of its tactics and doctrine The comparison of the BEF to the other combatants in 1914 does not stand in stark contrast The BEF performed well but no better or worse than comparable German or French units did What does stand in stark contrast is the BEF in 1914 when compared with the expedition to South Africa in 1899 The years of reform between these two expeditions were truly a crucible that built the Old Contemptibles

Awarded for Valour M. Smith,2008-06-23 Based on primary source research this is the most comprehensive history of the Victoria Cross available tracing the evolution of the award from its inception in 1856 to the most recent bestowals The study also examines the evolution of the concept of heroism and how the definition of heroism changed along with the nature of warfare

Focus On: 100 Most Popular Knights of the Garter Wikipedia contributors, **Horsemen in No Man's Land** David Kenyon,2020-01-24 An in depth look at the contributions of the British cavalry during World War I Of what use was the British cavalry during the years of trench warfare on the Western Front On a static battlefield dominated by the weapons of the industrial age by the machine gun and massed artillery the cavalry was seen as an anachronism It was vulnerable to modern armaments of little value in combat and a waste of scarce resources At least that is the common viewpoint Indeed the cavalry have been consistently underestimated since the first histories of the Great

War were written But in light of modern research is this the right verdict David Kenyon seeks to answer this question in his thought provoking new study His conclusions challenge conventional wisdom on the subject they should prompt a radical reevaluation of the role of the horseman on the battlefields of France and Flanders a century ago Using evidence gained from research into wartime records and the eyewitness accounts of the men who were there who saw the cavalry in action Kenyon reassesses the cavalry's contribution and performance He offers insight into cavalry tactics and the spirit of the cavalymen of the time He also examines how the cavalry combined with the other arms of the British army in particular the tanks His well balanced and original study is essential reading for students of the Western Front and for anyone who is interested in the long history of cavalry combat

Lloyd George and the Generals David R. Woodward, 2004-11-23 The frustrating stalemate on the western front with its unprecedented casualties provoked a furious debate in London between the civil and military authorities over the best way to defeat Germany The passions aroused continued to the present day The mercurial and dynamic David Lloyd George stood at the centre of this controversy throughout the war His intervention in military questions and determination to redirect strategy put him at odds with the leading soldiers and admirals of his day Professor Woodward a student of the Great War for some four decades explores the at times Byzantine atmosphere at Whitehall by exhaustive archival research in official and private papers The focus is on Lloyd George and his adversaries such as Lord Kitchener General Sir William Robertson and Field Marshall Sir Douglas Haig The result is a fresh compelling and detailed account of the interaction between civil and military authorities in total war

1914: The Outbreak of War to the Christmas Truce Saul David, Saul David Ltd, 2014-07-31 This special ebook has been created by historian Saul David from his acclaimed work 100 Days to Victory How the Great War was Fought and Won which was described by the Mail on Sunday as Inspired and by Charles Spencer as A work of great originality and insight Through key dates from 4 August 1914 when Britain declared war to the Christmas Truce of 24 December 1914 Saul David's gripping narrative is an enthralling tribute to a generation of men and women whose sacrifice should never be forgotten

Hopes for English Religion John Neville Figgis, 1919

A Guide to the Study and Use of Military History John E. Jessup, Robert W. Coakley, 1979 This Guide to the Study and Use of Military History is designed to foster an appreciation of the value of military history and explain its uses and the resources available for its study It is not a work to be read and lightly tossed aside but one the career soldier should read again or use as a reference at those times during his career when necessity or leisure turns him to the contemplation of the military past

The Great War in History Jay Winter, Antoine Prost, 2020-12-03 The first comprehensive survey of interpretations of the Great War from 1914 to 2020
