that shaped the formation of Eurasian identities in these diverse contexts and the claims set forth by individual Eurasians concerning their own identities Teng argues that Eurasians were not universally marginalized during this era as is often asserted Rather Eurasians often found themselves facing contradictions between exclusionary and inclusive ideologies of race and nationality and between overt racism and more subtle forms of prejudice that were counterbalanced by partial acceptance and privilege By tracing the stories of mixed and transnational families during an earlier era of globalization Eurasian also demonstrates to students faculty scholars and researchers how changes in interracial ideology have allowed the descendants of some of these families to reclaim their dual heritage with pride A Ranger Born Robert W.

Black,2007-12-18 Even as a boy growing up amid the green hills of rural Pennsylvania Robert W Black knew he was destined to become a Ranger With their three hundred year history of peerless courage and independence of spirit Rangers are a uniquely American brand of soldier one foot in the military one in the wilderness and that is what fired Black s imagination In this searing inspiring memoir Black recounts how he devoted himself body and soul to his proud service as an elite U S Army Ranger in Korea and Vietnam and what those years have taught him about himself his country and our future Born at the start of the Great Depression Black grew up on a farm at a time of great hardship but also tremendous national determination He was a kid who toughened up fast who learned the hard way to rely on his strength and his wits who saw the country go to war with Germany and Japan and wept because he was too young to serve As soon as the army would take him Black enlisted And as soon as he could muscle his way in he became a Ranger As a private first class in the 82d Airborne Division headquarters Black withstood the humiliations of enlisted service in the peacetime brown shoe army When the Korean War began he volunteered and trained to be an Airborne Ranger In Korea this young warrior his mind and body bursting with the lusts of adolescence grew up fast literally in the line of fire In clean vivid prose Black describes the hell of giving his all for a country that lacked the political resolve to give its all to a war against the North Koreans and the Chinese If Korea was frustrating Vietnam was maddening The heart of this book is devoted to the years of action that Black saw in Long An Province starting in 1967 Black writes of the perplexity of collaborating with South Vietnamese officers whose culture and motives he never fully understood he conjures up the sudden shock of the Tet Offensive and the daily horror of seeing fellow soldiers and innocent civilians slaughtered sometimes by stray bullets often by carelessness or treachery Vietnam challenged everything Black had come to believe in and left him totally unprepared for the hostility he would face when he returned to a war weary America Written with extraordinary candor and passion A Ranger Born is the memoir of a man who dedicated the best of his life to everything that is great and enduring about America At once intimate in its revelations and universal in its themes it is a book with profound relevance to our own troubled time in history *Finally..*

*Born For War* Tony Hoare,2022-03-31 Tony is the real deal Andy McNab The full explosive boots on the ground story of the Falklands War from a soldier at the heart of the action published for the 40th anniversary of the conflict Tony Hoare always knew he wanted to be in the SAS Both his grandfather and father had been soldiers and so Tony signed up for the Cadets at 13 then the Infantry at 17 and enlisted into the Royal Green Jackets before passing arduous SAS selection in 1978 Less than four years later Tony and his team were sent to a collection of islands just off the coast of Argentina called the Falklands where tensions were rising and war was on the horizon No amount of training could prepare Tony for what happened over the course of the next twelve weeks as the Falkland Islands became a battleground between British and Argentinian forces As helicopters crashed and ships sank Tony at the centre of the action battled across treacherous terrain and against a fearsome enemy doing whatever it took to retake the islands From one of the only soldiers who was on the frontline throughout the entire conflict this is a thrilling account of what really happened in the Falklands an explosive story of land sea and air battles from a trooper who saw it all

*Born From War* Patrick W. Naughton,2025-04-15 As a father and a multi tour Vietnam veteran I struggled to explain my war and my voluntary service in it to my children Reading about author Patrick Naughton s similar experiences in his family helped me understand that broad generational gap that confounded so many of us between our war and what was faced by younger veterans of America s global war on terror What we had between seminal events was more than a simple failure to communicate The insights provided by Naughton s *Born from War* are enlightening and invaluable Capt Dale Dye USMC Ret author actor and filmmaker Patrick Naughton s father barely spoke of his time in Vietnam to his family yet his service was the sole reason Patrick joined the U S Army as a teenager Patrick Naughton Sr served in Vietnam with the 82nd Airborne and advising the South Vietnamese Army while Patrick himself would serve in Iraq Three decades of history and politics divided their service yet the similarities between their experiences are undeniably striking Patrick s attempts to understand his father led to a search for those who served with him in Vietnam an examination of the personal relationship of a father and son whose few connections have been war and a quest to understand war and its undeniable generational influence The result is an engaging and eye opening weaving together of the combat experiences of two generations of a military family From the failure of grand stratagem through personal combat stories and the memories of those lost America s wars against communism and terror are laid raw through the experiences of one family

**Sylvester Stallone: Born to Fight** Fabricio Sales Silva, When I was born in Hell's Kitchen New York doctors had to use forceps for childbirth causing permanent damage to my face My mouth was crooked my speech compromised and that's how they started telling me that I could never act that no one would give someone like me a chance Since I was a child I have lived with mockery nicknames and the constant feeling of not belonging But it was precisely from this pain that I drew my greatest strength I learned early on that no one but me could decide who I would be Over the years I've had to make tough decisions facing fears that many prefer to avoid There were nights when I slept in the cold of the bus terminal hungry and with only a few coins in my pocket wondering if it was worth continuing I could have given up there I could have chosen the easy way out but I understood that no matter how much you fall what matters is the determination to get up again It's not about how much you hit but how much you can take a beating and move on What about you What fight are you waging now What challenges are trying to convince you that you're not strong enough Don't listen to those voices Don't let anyone convince you that you don't deserve

what you want If something is important enough to you fight to the end Accept the pain embrace the defeats and use each failure as fuel to keep fighting Never forget that the only difference between falling and winning is your decision to get up again
