Monster Kid Memories:

Bob Burns' Monster Kid Memories Bob Burns, 2013-02 *Monster Kid Memories* chronicles Bob Burns' role in science fiction and horror film history over the course of more than 65 years. Inside read all about Bob and his friendships with legendary SF producer/director George Pal, *The War of the Worlds*, *The Time Machine*, Glenn Strange, the last of Universal's classic Frankenstein Monsters, William Castle, king of the gimmick horror movies, makeup legend Jack Pierce, the men who made the great Republic serials, Hollywood's greatest gorilla guy Charlie Gemora, and many more. *Monster Kid Memories* Bob Burns, 2004-10 Tells how Bob Burns was part of science fiction history for more than 50 years, befriending movie serial stars and stuntmen while still a child. Burns was on the set during the production of many classic chapter plays and collected some of the now historic props. *A Monster Kid Primer* Edward Lerp Jr., Did you grow up with monsters? Did you try to stay up late on Saturday nights to watch Creature Feature, Count Gore de Vol, or maybe Ghost Host? Beginning in the late 50s, an entire generation became memorized by the Monster Craze. Remember Famous Monsters of Filmland, making your own 8MM monster movies, and hanging out with like-minded kids in the neighborhood discussing and nauseating vintage Karloff flicks and upcoming Hammer Studio releases who's the better Dracula, Lugosi or Lee? Sound familiar? *A Monster Kid Primer* invites you to relive those cherished memories and test your horror film knowledge. The reader will also find serials starring Bela Lugosi, Boris Karloff, and Lon Chaney Jr. Also covered are the skyscrapers that appeared alongside Captain Marvel in *The Adventures of Captain Marvel*, the location of the Green Hornet's apartment, and filming locations for five silent serials. How does a culture respond when the limits of childhood become uncertain The emergence of pre adolescence in the 1980s which is signified by the new PG 13 rating for film disrupted the established boundaries between childhood and adulthood The concept of pre adolescence affected not only America s pillar ideals of family and childhood innocence but also the very foundation of the horror genre s identity its association with maturity and exclusivity Cultural disputes over the limits of childhood and horror were explicitly articulated in the children s horror trend 1980 1997 a cluster of child oriented horror titles in film and other media which included Gremlins The Gate the Goosebumps series and others As the first serious analysis of the children s horror trend with a focus on the significance of ratings this book provides a complete chart of its development while presenting it as a document of American culture s adaptation to pre adolescence Each important children s horror title corresponds to a key moment of ideological negotiation cultural power struggles and industrial compromise

Horrifying Children Lauren Stephenson,Robert Edgar,John Marland,2024-03-07 Horrifying Children examines weird and eerie children s television and literature via critical analysis memoir and autoethnography There has been an explosion of interest in the impact of children s television and literature of the late twentieth century In particular the 1970s 80s and 90s are seen as decades that shaped a great deal of the contemporary cultural landscape Television of this period dominated the world of childhood entertainment drawing freely upon literature and popular culture like the Garbage Pail Kids and Stranger Things and much of it continues to resonate powerfully with the generation of cultural producers fiction writers screenwriters directors musicians and artists that grew up watching the weird the eerie and the horrific the essence of 21st century Hauntology In these terms this book is not about children s television as it exists now but rather as it features as a facet of memory in the 21st century As such it is the legacy of these television programmes that is at the core of Horrifying Children The haunting of adults by what we have seen on the screen is crucial to the study This collection directly addresses that which scared us in the past inasmuch as there is a correlation between individual and collective cultural memory with some chapters providing an opportunity for situating existing explorations and understandings of Gothic and Horror TV within a hauntological and experiential framework *Library Journal* Melvil Dewey,Richard Rogers Bowker,L.
