Monster Gay Adventures In American Machismo:

Monster Brian Bouldrey,2004 **Monster** Brian Bouldrey,2001 Straight gay macho man or great big sissy it s tough to be a guy Brian Bouldrey is a bona fide sissy but he was also an Eagle Scout and a member of the Order of the Arrow with a secret Indian name that translates as Active One In Monster Bouldrey goes undercover and over the top to stalk machismo in action At the same time Bouldrey bares his own soul and imperfections with disarming and often hilarious honesty

Monster Brian Bouldrey,2004 Self proclaimed sissy Brian Bouldrey goes undercover to investigate American machismo infiltrating everything from a bachelor party to the World Wrestling Federation s RAW Whether he s hosting a red meat BBQ where the menu reads like the supporting cast of *Crocodile Dundee* or deer hunting with his ex marine brother who works as a prison guard Bouldrey s sharp wit and wry autobiographical reflections prove that manly stereotypes yield surprising subtleties and contradictions when viewed close up **Beautiful Bodies** Uroš Matić,2022-02-24 This book explores the role of material culture in the formation of corporeal aesthetics and beauty ideals in different past societies and thus contributes to the cultural relativization of bodily aesthetics and related gender norms The volume does not explore beauty for the sake of beauty but extensively explores how it serves to form and keep gender norms in place The concept of beauty has been a topic of interest for some time yet it is only in recent times that archaeologists have begun to approach beauty as a culturally contingent and socially constructed phenomenon Although archaeologists and ancient historians extensively dealt with gender they dealt less with it in relation to beauty The contributions in this volume deal with different intersections of gender and corporeal aesthetics by turning to rich archaeological textual and iconographic data from ancient Sumer Aegean Bronze Age ancient Egypt ancient Athens Roman provinces the Viking world and the Qajar Iran Beauty thus moves away from a curiosity and surface of the body to an analytic concept for a better understanding of past and present societies
