STRANGE AND MYSTERIOUS —  
THE BERMUDA TRIANGLE, SNOWMEN  
AND SEA CREATURES,  
UFO SPACEMEN AND MISSING LINES!

JOHN LEE  
BARBARA MOORE

# Monsters Among Us Journey To The Unexplained

**Dennis Bingham**

## **Monsters Among Us Journey To The Unexplained:**

*Monsters Among Us* John Lee, Barbara Moore, 1975      *Tomes of Terror* Mark Leslie, 2014-09-10 It's been said that books have a life of their own but there's more than literature lurking in the cobwebbed recesses of dusty bookstores and libraries across Canada. Read about some of the most celebrated and eerie bookish haunts and try to brush off that feeling of someone watching from just over your shoulder.

**Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1979      [Encyclopedia of Cryptozoology](#) Michael Newton, 2016-10-05 On every continent and in every nation animals unrecognized by modern science are reported on a daily basis. People passionately pursue these creatures the name given to their field of study is cryptozoology. Coined in the 1950s the term literally means the science of hidden animals. When the International Society of Cryptozoology ISC was formed in 1982 the founders declared that the branch of science is also concerned with the possible existence of known animals in areas where they are not supposed to occur either now or in the past as well as the unknown persistence of presumed extinct animals to the present time or to the recent past. What makes an animal of interest to cryptology is that it is unexpected. This reference work presents a flesh and blood view of cryptozoology. Here 2,744 entries are listed the majority of which each describe one specific creature or type of creature. Other entries cover 742 places where unnamed cryptids are said to appear profiles of 77 groups and 112 individuals who have contributed to the field descriptions of objects and events important to the subject and essays on cryptotourism and hoaxes for example. Appendices offer a timeline of zoological discoveries annotated lists of movies and television series with cryptozoological themes a list of crypto fiction titles and a list of Internet websites devoted to cryptozoology.

[Real Hauntings 4-Book Bundle](#) Mark Leslie, Jenny Jelen, 2016-05-28 Experience a ghostly thrill with Mark Leslie's four books on strange supernatural happenings. Creepy Capital True stories of ghostly encounters and creepy locales lurk throughout the Ottawa region. Come along with Canada's paranormal raconteur extraordinaire Mark Leslie and discover the first person accounts of ghostly happenings at landmarks throughout the historic city and surrounding towns. Haunted Hamilton From the Hermitage ruins to Dundurn Castle from the Customs House to Stoney Creek Battlefield Park the city of Hamilton Ontario is steeped in a rich history and culture. But beneath the surface of the Steel City there dwells a darker heart from the shadows of yesteryear arise the unexplained the bizarre and the chilling. Spooky Sudbury From haunted mine shafts to inexplicable lights in the northern sky there are strange things afoot in the peaceful northern municipality of Sudbury. Eerie phenomenon that will amaze give you pause make you wonder and have you looking twice at what might first appear to be innocent shadows.

*Tomes of Terror* It's been said that books have a life of their own but there's more than literature lurking in the cobwebbed recesses of dusty bookstores and libraries across Canada. Read about some of the most celebrated and eerie bookish haunts and try to brush off that feeling of someone watching from just over your shoulder.

[Raising the Devil](#) Bill Ellis, 2021-05-11 Puts the phenomena of Satanism in the context of folklore and folk traditions. Highly recommended as a lucid and well documented account.

Library Journal Raising the Devil reveals how the Christian Pentecostal movement right wing conspiracy theories and an opportunistic media turned grassroots folk traditions into the Satanism scare of the 1980s During the mid twentieth century devil worship was seen as merely an isolated practice of medieval times But by the early 1980s many influential experts in clinical medicine and in law enforcement were proclaiming that satanic cults were widespread and dangerous By examining the broader context for alleged cult activity Bill Ellis demonstrates how the image of contemporary Satanism emerged In some of the cases Ellis considers common folk beliefs and rituals were misunderstood as evidence of devil worship In others narratives and rituals themselves were used to combat satanic forces As the media found such stories attractive any activity with even remotely occult overtones was demonized in order to fit a model of absolute good confronting evil Ellis s wide ranging investigation covers ouija boards cattle mutilation graveyard desecration and diabolical medicine the psychiatric community s version of exorcism He offers a balanced view of contentious issues such as demonic possession satanic ritual abuse and the testimonies of confessing ex Satanists A trained folklorist Ellis navigates a middle road and his insights into informal religious traditions clarify how the image of Satanism both explained and created deviant behavior An interesting analysis of satanic folklore and organized anti satanism in the US and UK Choice Shows how ancient bogeyman beliefs became aligned with politics and the criminal justice system to produce witch hunts like the infamous McMartin Preschool case Mother Jones

**Monsters, a Guide to Information on Unaccounted for Creatures, Including Bigfoot, Many Water Monsters, and Other Irregular Animals** George M. Eberhart,1983      UFOs and the Extraterrestrial Contact Movement: Unidentified flying objects George M. Eberhart,1986      **Adventures in Cryptozoology Volume 1** Richard Freeman,2019-06-18 Discover the history and science behind these not so imaginary creatures and how to search for them yourself Cryptozoology the study of hidden monstrous and legendary animals is truly the art of discovering the unknown Richard Freeman Zoological Director of Centre for Fortean Zoology has explored the corners of the five continents in search of creatures that many people believe are non existent In this book he shares the exciting stories of his investigations of the Yeti Mongolian Deathworm Loch Ness Monster Orang Pendak Ninki Naka and more Cryptozoologists throughout the years have studied unknown species of reptiles lake and sea creatures apes and hominins The science and history of this field of study includes examples of creatures that were once thought to be mythological but that have since been proven to exist If you re ready to begin your search for Sasquatch and learn to hunt monsters Adventures in Cryptozoology is your guide In these pages you ll find Tales of mythical extinct and out of place creatures Hints about Bigfoot and other ape men And tips for equipping your own cryptozoology adventure including all the gear field craft and resources you ll need to record your findings

*Real Hauntings — 3-Book Bundle* Mark Leslie,Jenny Jelen,2014-10-01 This special three book bundle collects three haunting books on the supernatural by Mark Leslie In Spooky Sudbury and Haunted Hamilton he relays creepy tales from two of Canada s cities Lock the doors and turn on all the lights before you settle down with these stories because once

you begin to read about the supernatural elements that lurk within these seemingly normal towns in Southern Ontario strange bumps in the night will take on new more sinister meanings In *Tomes of Terror* Leslie has compiled true stories of the supernatural in literary locales complete with hair raising first person accounts You may even recognize a spectre of your local library lurking in these true stories and photographs If you have ever felt an indescribable presence hanging about a quiet bookshop then you ll enjoy these fascinating and haunting tales *Haunted Hamilton Spooky Sudbury Tomes of Terror*

*The Enigma of Loch Ness* Henry H. Bauer, 2012-05-11 Like UFO s Big Foot and the Bermuda Triangle the Loch Ness monster continues to fascinate us by the persistence of its mystery While many authors have focused upon the search for Nessie Bauer is the first to present a detailed and balanced look at the history of the controversy surrounding this search Bauer is much more concerned with examining the sociological psychological and philosophical aspects of the Loch Ness controversy than with proving or disproving Nessie s existence He shows that the Nessie phenomenon has much to tell us about how we acquire our beliefs about the nature of the scientific enterprise and about the adversarial relationship between mainstream science and fringe subjects such as Nessie The result of more than a decade of research Bauer s study includes both famous and little known photos and illustrations the most complete bibliography yet compiled on the subject and a list of close to 800 reported sightings Whether you believe in Nessie or laugh at the mere thought of believing you ll find *The Enigma of Loch Ness* both entertaining and enlightening *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1977

**The Science of Monsters** Meg Hafdahl,Kelly Florence,2019-10-15 A must have for any fan of horror and fantasy movies Night of the Living Dead A Nightmare on Elm Street The Shining Stephen King and so many more If you love film that scares and want to believe that zombies vampires and other deadly and terrifying creatures could be real let Meg Hafdahl and Kelly Florence the women behind the Horror Rewind podcast called the best horror film podcast out there by Film Daddy take you to the world where horror and science meet How would a zombie really decompose in Night of the Living Dead Are there instances of shape shifting in nature like in The Wolf Man What is the science behind the night terrors that inspired the creation of Freddy Krueger Is there scientific data supporting ghost detection like the tools used in Poltergeist What is the psychological drive that compels cannibals like Hannibal Lecter How does modern medicine and therapy differ from what would have been offered to Norman Bates in 1960 How are subliminal messages related to propaganda or brainwashing like in The Ring What would the scientific explanation be for witches possessing people like in Carrie Was The Blair Witch Project

based on any real or imagined creature that came before And so much more Gothic media moguls Meg Hafdahl and Kelly Florence revisit the films from their childhood to discover the science behind the fear Join Kelly and Meg as they unravel the medical mysteries and scientific marvels that inspired the creation of famous monsters like Nosferatu Norman Bates Dracula Frankenstein and many more An approachable and frightfully fun examination of what goes bump in the night The Science of Monsters will thrill every horror fan

**Boys' Life** ,1979-11 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting

**American Cinema of the 2010s** Dennis Bingham,2021-12-10 The 2010s might be remembered as a time of increased polarization in American life The decade contained both the Obama era and the Trump era and as the nation s political fissures widened so did the gap between the haves and have nots Hollywood reflected these divisions choosing to concentrate on big franchise blockbusters at the expense of mid budget films while new players like Netflix and Amazon offered fresh opportunities for low budget and independent filmmakers As the movie business changed films ranging from American Sniper to Get Out found ways to speak to the concerns of a divided nation The newest installment in the Screen Decades series American Cinema in the 2010s takes a close look at the memorable movies visionary filmmakers and behind the scenes drama that made this decade such an exciting time to be a moviegoer Each chapter offers an in depth examination of a specific year covering a wide variety of films from blockbuster superhero movies like Black Panther and animated films like Frozen to smaller budget biopics like I Tonya and horror films like Hereditary This volume introduces readers to a decade in which established auteurs like Quentin Tarantino were joined by an exceptionally diverse set of new talents taking American cinema in new directions
