Monster Cinema Barry Keith Grant, 2018-04-16 *Monster Cinema* introduces readers to a vast menagerie of movie monsters Some are gigantic like King Kong or the kaiju in *Pacific Rim* while others are microscopic Some monsters appear uncannily human from serial killers like Norman Bates to the pod people in *Invasion of the Body*

Snatchers And of course other movie monsters like demons ghosts vampires and witches emerge from long folklore traditions Film expert Barry Keith Grant considers what each type of movie monster reveals about what it means to be human and how we regard the world Armed with an encyclopedic knowledge of film history Grant presents us with an eclectic array of monster movies from Nosferatu to Get Out As he discovers although monster movies might claim to be about Them they are really about the capacity for horror that lurks within each of us Liquid Metal Sean Redmond,2005-01-19 Liquid Metal brings together seminal essays that have opened up the study of science fiction to serious critical interrogation Eight distinct sections cover such topics as the cyborg in science fiction the science fiction city time travel and the primal scene science fiction fandom and the 1950s invasion narratives Important writings by Susan Sontag Vivian Sobchack Steve Neale J P Telotte Peter Biskind and Constance Penley are included **The Screen Is Red** Bernard F. Dick,2016-03-14 The Screen Is Red portrays Hollywood's ambivalence toward the former Soviet Union before during and after the Cold War In the 1930s communism combated its alter ego fascism yet both threatened to undermine the capitalist system the movie industry's foundational core value Hollywood portrayed fascism as the greater threat and communism as an aberration embraced by young idealists unaware of its dark side In Ninotchka all a female commissar needs is a trip to Paris to convert her to capitalism and the luxuries it can offer The scenario changed when Nazi Germany invaded the Soviet Union in 1941 making Russia a short lived ally The Soviets were quickly glorified in such films as Song of Russia The North Star Mission to Moscow Days of Glory and Counter Attack But once the Iron Curtain fell on Eastern Europe the scenario changed again America was now swarming with Soviet agents attempting to steal some crucial piece of microfilm On screen the atomic detonations in the Southwest produced mutations in ants locusts and spiders and revived long dead monsters from their watery tombs The movies did not blame the atom bomb specifically but showed what horrors might result in addition to the iconic mushroom cloud Through the lens of Hollywood a nuclear war might leave a handful of survivors Five none On the Beach Dr Strangelove or cities in ruins Fail Safe Today the threat is no longer the Soviet Union but international terrorism Author Bernard F Dick argues however that the Soviet Union has not lost its appeal as evident from the popular and critically acclaimed television series The Americans More than eighty years later the screen is still red **Christianity's Dangerous Idea** Jonas E. Alexis,2010 Today many in Hollywood and the media have declared open warfare on the family education and Christianity in general Intellectuals have labeled religion particularly Christianity as mere wish fulfillment or a virus of the mind something to be eradicated at all costs In Christianity's Dangerous Idea Jonas Alexis picks up where he left off in his previous books and continues to examine the ideological fallacies that have been fabricated in order to attack Christianity and the people who promote those fallacies This latest book is a tour de force of rigorous logic and testable evidence for the Christian worldview from history science experience common sense and final destiny More importantly Alexis subjects the rivals of Christianity to the same rigorous testing Christianity's Dangerous Idea clearly demonstrates the destructive nature

of popular atheistic and anti Christian philosophies spread throughout Western culture by such famous people as Friedrich Nietzsche Sigmund Freud Carl Jung David Cronenberg Steven Spielberg Alan Moore William S Burroughs Philip K Dick Bruce Lee Ayn Rand Bart D Ehrman Richard Dawkins and many more In a scholarly yet readable fashion Alexis shows that what the ancient Greeks often referred to as the cult of Dionysus has become mainstream in our modern age Monsters in the Movies John Landis,2011-12-13 From B movie bogeymen and outer space oddities to big budget terrors Monsters in the Movies by legendary filmmaker John Landis showcases the greatest monsters ever to creep fly slither stalk or rampage across the Silver Screen Landis provides his own fascinating and entertaining insights into the world of moviemaking while conducting in depth conversations with leading monster makers including David Cronenberg Christopher Lee John Carpenter and Sam Raimi to discuss some of the most petrifying monsters ever seen He also surveys the historical origins of the archetypal monsters such as vampires zombies and werewolves and takes you behind the scenes to discover the secrets of those special effects wizards who created such legendary frighteners as King Kong Dracula and Halloween s Michael Myers With more than 1000 stunning movie stills and posters this book is sure to keep even the most intense fright seekers at the edge of their seats for hours We Are the Perfect Girl Ariel Kaplan,2019-05-21 This witty warm hearted retelling of Cyrano de Bergerac is a love letter to female friendship Perfect for Stephanie Perkins fans and anyone who s ever thought of trying on a new identity to impress a guy Aphra Brown is bold and outgoing Her best friend Bethany is achingly beautiful Individually they could both do a little better in the self esteem department but together Together they have what it takes to win over Greg D Agostino a proverbial ten who happens to be fluent in six languages seven if you count the language of smoldering gazes What begins as an honest mistake turns into an elaborate deception wherein Bethany goes on dates with Greg while Aphra coaches her on what to say and texts him in the guise of Bethany trying and failing all the while to tamp down her own hopeless crush It s only a matter of time before things come crashing down The question is What will happen when Greg finds out And can Aphra and Bethany s friendship survive the fallout From the author of We Regret to Inform You comes a witty warm hearted exploration of love in all its forms and a *cris de coeur* for self acceptance when the pressure to be perfect is overwhelming There is much to appreciate about this book its cleverness its humor that it embraces and normalizes therapy that it places familial love and friendship on a level with romantic love But perhaps best of all it offers teens especially those struggling to accept and love themselves a picture of a girl who makes mistakes and fights to begin again Booklist starred review At once painful and heartfelt a smart and honest look at female beauty with plenty of panache to boot Kirkus starred review *James Cameron's Story of Science Fiction* Randall Frakes,Brooks Peck,Sidney Perkowitz,Matt Singer,Gary K.
