Monstrous Depravity A Jeremiad A Lamen:

The Cumulative Book Index ,1963 A world list of books in the English language Sex and the Eighteenth-Century Man Thomas Foster,2007-09-01 With few exceptions sex is noticeably absent from popular histories chronicling colonial and Revolutionary America Moreover it is rarely associated specifically with early American men This is in part because sex and family have traditionally been associated with women while politics and business are the historic province of men But Thomas Foster turns this conventional view on its head Through the use of court records newspapers sermons and private papers from Massachusetts he vividly shows that sex the behaviors desires and identities associated with eroticism was a critical component of colonial understanding of the qualities considered befitting for a man Sex and the Eighteenth Century Man begins by examining how men as heads of households held ultimate responsibility for sex not only within their own marriages but also for the sexual behaviors of dependents and members of their households Foster then examines the ways sex solidified bonds in the community including commercial ties among men and how sex operated in courtship and social relations with women Starkly challenging current views about the development of sexuality in America the book details early understandings of sexual identity and locates a surprising number of stereotypes until now believed to have originated a century later among them the black rapist and the unmanly sodomite figures that serve to reinforce cultural norms of white male heterosexuality As this engrossing and surprising study shows we cannot understand manliness today or in our early American past without coming to terms with the oft hidden relationship between sex and masculinity Dark Clouds, Deep Mercy Mark Vroegop,2019-03-14 Lament is how you live between the poles of a hard life and trusting God's goodness Lament is how we bring our sorrow to God but it is a neglected dimension of the Christian life for many Christians today We need to recover the practice of honest spiritual struggle that gives us permission to vocalize our pain and wrestle with our sorrow Lament avoids trite answers and quick solutions progressively moving us toward deeper worship and trust Exploring how the Bible through the psalms of lament and the book of Lamentations gives voice to our pain this book invites us to grieve struggle and tap into the rich reservoir of grace and mercy God offers in the darkest moments of our lives
